1 **PROPOSED RAC REZONING**

2

3 **ARTICLE 2: Definitions**

4

5 **§ 2.2. Terms Defined.**

6

7 **ARTISAN AND MAKER MANUFACTURING.** The small scale manufacturing of products, by persons
8 trained in creative arts, industrial art, and design related fields; through the use of hand-tools,
9 mechanical tools, and electronics. Typical materials and products may include, but are not limited to
10 metal, wood, glass, ceramics and pottery, jewelry, textiles and apparel, printmaking, photography,
11 painting, sculptures, and electronic goods. The use includes the processing, fabrication, assembly,
12 treatment, and packaging of such products. The use may also include gallery and exhibition space; and a
13 retail component.

14

15 **ARTISAN AND MAKER SPACE.** A workspace or shop where communal or individual space is provided for
16 artisans and makers; such spaces may include, wood and metal working tools, digital media, laser
17 cutters, 3-D printers, electronics, robotics, etc. The use may also include gallery and exhibition space;
18 and a retail component.

19

20 **AUTOMOBILE ORIENTED USE.** A use which provides fuel or services directly to a motor vehicle; provides
21 goods or services to occupants of a motor vehicle while seated therein; or provides goods or services for
22 or related to motor vehicles. This definition shall also include automobile repair, paint, sales and rental.

23

24 **CAFÉ.** A small establishment, with limited cooking facilities, selling light meals and beverages. This
25 definition may also include eatery, bistro, snack and juice bar, and coffee shop.

26

27 **FOOD PROCESSING.** A use that includes the processing, storage (dry, refrigerated, and frozen),
28 distribution, and retail sale or wholesale of food. These uses include, but are not limited to, general,
29 specialty, and artisan food and non-alcoholic manufactures (including frozen, canned, picked, dried,
30 preserved, and dehydrated products). This use shall not include the on-site slaughtering of animals.

31

32 **MICROBREWERY, MICRODISTILLERY AND MICROWINERY.** An establishment primarily engaged in the
33 small-scale production, distribution, and wholesale of beer, ale, or other malt beverages, wine, or spirits
34 and which may include accessory uses such as tours of the premises, retail sales, and/or on-site
35 consumption within a designated area, e.g. tap or tasting room.

36

37 **ARTICLE 4: SCHEDULE OF DISTRICT, USE AND SETBACK REGULATIONS**

38

39 **§ 4.6.G Regional Activity Center Districts**

40

41 A. Intent. The Regional Activity Center (RAC) Land Use designation is intended to encourage attractive
42 and functional mixed living, working, shopping, education, and recreational activities in areas of

1 regional importance. To this objective, the corresponding RAC Zoning District regulations are
2 intended to:

- 3
- 4 1. To facilitate mixed-use development;
- 5 2. Encourage mass transit;
- 6 3. Reduce the need for automobile travel;
- 7 4. Provide incentives for quality development; and
- 8 5. Give definition to the urban form.
- 9

10 The purpose of the RAC Zoning Districts is to concentrate density in specific areas, protecting
11 adjacent residential neighborhoods from excessive growth and commercial intrusion; while
12 accommodating a diverse range of housing types, heights, and intensities, which is ideal for
13 sustainable growth. Recognizing the diversity of the various neighborhoods encompassed in the
14 RAC, the regulations are organized by District to protect, reinforce, and enhance the character of
15 each area. The Districts and encompassing Subdistricts facilitate the transition from one District to
16 another and to the adjacent neighborhoods; providing adequate and compatible transitions in scale,
17 character, and uses to adjacent residential neighborhoods. The Regional Activity Center area
18 consists of the following zoning districts:

- 19
- 20 1. Core Districts
- 21 MC-1 – Multi-Family Residential Core
- 22 TC-1 – Transitional Core
- 23 RC-1 – Retail Core
- 24 RC-2 – Historic Retail Core
- 25
- 26 2. Dixie Highway Districts
- 27 DH-1 - Dixie Highway Low Intensity Multi-Family District
- 28 DH-2 - Dixie Highway Medium Intensity Multi-Family District
- 29 DH-3 - Dixie Highway High Intensity Mixed-Use District
- 30
- 31 3. Federal Highway Districts
- 32 FH-1 – Federal Highway Low-Medium Intensity Multi-Family District
- 33 FH-2 – Federal Highway Medium-High Intensity Mixed-Use District.
- 34
- 35 4. Lakes Transition District
- 36 LT – Lakes Transition District
- 37
- 38 5. North Downtown Districts
- 39 ND-1 – North Downtown Low Intensity Multi-Family District
- 40 ND-2 – North Downtown Medium Intensity Multi-Family District
- 41 ND-3 – North Downtown High Intensity Mixed-Use District
- 42
- 43 6. Parkside Districts
- 44 PS-1 – Parkside Low Intensity Multi-Family District
- 45 PS-2 – Parkside Medium Intensity Multi-Family District

1 PS-3 – Parkside High Intensity Mixed-Use District

2
3 7. Pembroke Road District
4 PR – Pembroke Road Mixed-Use District

5
6 8. Sheridan Street District
7 SS – Sheridan Street Mixed-Use District

8
9 9. Young Circle District
10 YC – Young Circle Mixed-Use District

11
12 B. Administrative Regulations Applicable to All Districts.

13 1. District boundaries. The district and subdistrict boundaries shall be indicated by the district and
14 subdistrict maps. In cases where uncertainty exists as to the boundaries of a district or subdistrict, the
15 following conditions shall apply:

16 a. Boundaries are intended to parallel street lines, rights-of-way, or to follow existing lot lines.
17 b. Where a boundary follows a public right-of-way, street, or alley, the centerline shall be the
18 boundary.

19 c. In the event of further uncertainty, the City Manager or designee shall determine the
20 boundary location.

21 d. The Floor Area Ratio (FAR) capacity for lots that have more than one district or subdistrict
22 designation shall be calculated separately for each portion of the lot according to its respective FAR.
23 Development for each portion of the lot shall be in conformance with the applicable district or
24 subdistrict Building Requirements Table.

25 2. Phased Development.

26 a. All land included for the purpose of development within a Phased Development shall be
27 under the control of the applicant (an individual, partnership or corporation, or group of individuals,
28 partnerships, or corporations). The applicant shall present satisfactory legal documents to constitute
29 evidence of the unified control of the entire area within the proposed Phased Development which shall
30 be certified by the City Manager or designee.

31 b. The Phased Development Master Plan shall illustrate the boundaries of each phase and
32 intended phasing sequence.

33 c. Each phase of Phased Developments shall autonomously comply with these regulations and
34 district requirements. Site plans, elevations, and massing diagrams shall be provided for each phase and
35 shall indicate the function and improvement of undeveloped portions of land for independent review
36 and approval. Undeveloped land shall be improved pursuant to the General Landscape Regulations set
37 forth herein.

38 d. Vacant non-historic and non-contributing structures; and structures which are not eligible
39 for historic designation and are not intended for incorporation in the final development Master Plan
40 shall be demolished prior to commencement of construction of Phase I.

41 e. No phase, or portion of phase, of a Phased Development shall be dependent upon the
42 completion of a subsequent phase. Each phase shall be autonomously functional and provide adequate
43 parking, landscape, articulation and associated amenities at the time of completion of that phase and
44 shall not be contingent on future phases.

45 f. Any building amenity, or portion thereof, that will service the current phase under
46 development shall be completed in its entirety and shall receive a Certificate of Occupancy prior to the
47 issuance of a Certificate of Occupancy for the remaining phase components or uses.

1 g. Each phase shall provide temporary or permanent transitional features, buffers, or
2 protective areas in order to prevent any adverse impact on completed phases, future phases, and
3 adjacent properties.

4 h. The applicant shall have up to six (6) months from the issuance of the final Certificate of
5 Occupancy for any given phase to obtain all necessary building permits required to proceed with
6 construction on subsequent phases. If the applicant fails to obtain said building permit(s) within the time
7 period, all staff and Board approvals shall be null and void and the applicant shall be required to re-
8 initiate the development review process.

9 i. Changes and deviations from an approved Phased Development Master Plan which
10 constitute a substantial alteration to the character of the development or an individual phase require
11 that the requested changes be reviewed and approved by the appropriate Board. Substantial changes
12 would include:

- 13 (1) Any change in the phasing boundary or sequence;
- 14 (2) An increase or decrease, greater than 5 percent, in Floor Area Ratio;
- 15 (3) A change in the use or character of the Phased Development;
- 16 (4) An increase in overall coverage of structures;
- 17 (5) An increase in the intensity of use;
- 18 (6) An increase in the problems of traffic circulation and public utilities;
- 19 (7) A reduction in required open spaces; and
- 20 (8) An increase or decrease in the amount of off-street parking and loading spaces.

21 j. Any changes or deviations from an approved Phased Development Master Plan which are
22 not listed as substantial and do not depart from the principal concept of the approved Phased
23 Development Master Plan shall constitute a minor change and may be approved by the City Manager or
24 designee.

25
26 C. General Development Regulations Applicable to All Districts.

27 1. General building requirements.

28 a. Development intensities shall be established by Floor Area Ratio (FAR) and pursuant to the
29 Building Requirements Table for each district or subdistrict and the following:

- 30 (1) No variances to Floor Area Ratio shall be granted.
- 31 (2) Established Floor Area Ratios are intended to provide flexibility in building massing. As
32 such, when combined with other regulations and potential site constraints, maximum capacities may
33 not always be achieved. In such cases, the other building requirements shall prevail.

34 b. All uses, including automobile oriented uses, shall be designed in a manner which reinforces
35 the urban form.

36 c. Buildings shall have a recognizable entrance facing rights-of-way. Entrances shall be visible
37 to pedestrians and vehicular traffic. For corner lots, corner entrance features are encouraged.

38 d. The finished floor of ground floor commercial and retail uses shall be generally flush with
39 the sidewalk elevation. (See Appendix 1: Diagram 7)

40 e. Ground floor residential uses shall be raised a minimum of eighteen (18) inches above the
41 sidewalk elevation and front the right-of-way.

42 f. The minimum floor to floor height for all habitable uses shall be nine (9) feet.

43 g. The minimum dwelling unit and room size shall be regulated by the building's principal use
44 as indicated in the Minimum Dwelling Unit Size Table.

45

(1) Minimum Dwelling Unit Size Table.

MINIMUM DWELLING UNIT AND HOTEL ROOM SIZE		
Use	Minimum Per Unit	Minimum Cumulative Average
Multi-family Dwelling Units	400 SF	650 SF
Multi-family Dwelling Units, within the CRA	300 SF	500 SF
Hotel Rooms	250 SF	250 SF

h. Where applicable, towers shall be pursuant to the following:

(1) Tower separation shall be at least 50 feet.

(2) The maximum tower length shall be 300 feet.

(3) The maximum average tower floorplate shall be regulated by the tower's principal use

as follows:

(a) Commercial or mixed-use: Average up to 35,000 square feet; maximum of 45,000 square feet for any single tower floorplate.

(b) Residential and Hotel uses: Average up to 24,000 square feet; maximum of 30,000 square feet for any single tower floorplate.

i. Encroachments.

(1) Horizontal projections shall be pursuant to the Projection Section in Article 4, except:

(a) Balconies may encroach the setback for a maximum of 75 percent of the required setback.

(2) Vertical projections shall be pursuant to the Height Exemptions Section in Article 4, except:

(a) Mechanical equipment and appurtenances necessary to the operation or maintenance of the building or structure itself such as, but not limited to, cooling towers, elevator, stair and mechanical penthouses, vent stacks and antennas shall be enclosed and screened in such a manner that the enclosure is designed as an integral part of the overall building design

(b) Building base parapets shall have a maximum height of 20 percent of the maximum building base height, not to exceed 10 feet. Tower parapets shall have a maximum height of 15 feet.

(c) Enclosed or covered rooftop amenities are permitted to exceed the maximum height for not more than 30 percent of the gross rooftop area. For the purposes of calculating the maximum area, enclosed or covered structures shall not include enclosures for screening mechanical systems. The following restrictions apply:

i. Rooftop amenities are permitted to exceed the maximum of 15 feet.

ii. Rooftop amenities shall not include commercial uses in the following districts: MC-1, TC-1, RC-1, DH-1, DH-2, FH-1, LT, ND-1, ND-2, PS-1, PS-2.

iii. Covered structures shall be architecturally compatible with and in proportion to the architecture of the overall building.

iv. Climate controlled structures are limited to the minimum area necessary to accommodate uses which are secondary and incidental to the principal rooftop amenity. These structures may include saunas and steam rooms and code-required restrooms.

v. Supporting restroom facilities shall not exceed 150 percent of the size required by applicable federal, state, and local health regulations.

j. Active use liners

(1) Active use liners shall be pursuant to the Development Regulations table in each district or subdistrict and the following:

(a) Minimum Active Use Liner Depth Table.

MINIMUM ACTIVE USE LINER DEPTH		
Use	Ground Floor	Above Ground Floor
Commercial	25 ft.	20 ft.
Residential	15 ft.	15 ft.

(b) When active use and active use liners are not required or exceed the minimum required frontage percentage, the active use shall be permitted to have a minimum depth of 15 feet. Further, when a parking structure is the principal use, the active use shall be permitted to have a minimum depth of 15 feet. (See Appendix 1: Diagram 1)

(c) Active use requirements may be reduced or waived at the discretion of City Manager or designee when sufficient evidence is provided to indicate that necessary vehicular access and circulation cannot be accommodated.

k. Articulation requirements.

1. Building facades shall incorporate breaks in the horizontal and vertical wall plane to provide articulation and reduce visual mass.

2. Blank walls visible from adjacent streets, public areas or adjacent buildings shall not be permitted and shall incorporate facade articulation. A portion of the façade proportionate to the building massing may be permitted.

3. For ground floor commercial active uses, 50 percent of the storefront facade area shall provide transparency. Transparency may be provided through the use of windows and door glazing as well as unobstructed openings in the building facade. (See Appendix 1: Diagram 14)

4. Architectural treatment shall be provided for all non-active use facade elevations and shall be harmonious and integrated with the design of adjacent active use facades. Architectural treatment shall be provided through a combination of two (2) or more treatments including, but not limited to: the use of similar materials and construction assemblies; the continuation of fenestration patterns, architectural features, articulation, and rhythm; the application of architectural screens, meshes, louvers, and glass; the incorporation of pervious surfaces and planters; and the provision of consistent signage, graphics, and architectural lighting. The following treatments are permitted, but shall not fulfill the requirement for architectural treatment: the application of paint and faux treatments; scoring, construction joints or material projections less than four (4) inches in height, width, or depth.

2. General public realm regulations.

a. Minimum setback areas adjacent to rights-of-way, excluding alleys, shall:

(1) Be improved consistent with the public sidewalk and therefore shall comply with sidewalk standards and shall match or be harmonious with the design of the public sidewalk as determined by the City Manager or designee; or shall be pursuant to the General Landscape Regulations.

(2) Not include any parking uses and shall be left free of any structure higher than 42 inches, excluding street signage, lighting and other public improvements and provided that it does not occupy more than 30 percent of the setback.

(3) Not include the encroachment of any ramps and/or stairs associated with any ground floor uses, other than residential. (See Appendix 1: Diagram 7)

b. Maximum setback areas shall be applicable to all building components, excluding open space, driveways, and porte cocheres. Variations in the building frontage where portions of facades do

- 1 not meet the building maximum setback are permitted, as long as the intent of the regulation is met and
2 the majority of the façade meets the requirement.
- 3 c. Conflicts between vehicles and pedestrians shall be minimized or eliminated. Clear and safe
4 pedestrian connections shall be provided.
- 5 d. If fencing is used, it shall be decorative. Chain link fences shall be prohibited.
- 6 3. General parking regulations.
- 7 a. Parking requirements.
- 8 (1) Parking shall be provided pursuant to the Parking Requirements Table as set forth
9 herein. All uses not listed in the Table shall be pursuant to Article 7 of the Zoning and Land Development
10 Regulations.
- 11 (2) The calculation of required off-street parking spaces shall be pursuant to Article 7 of the
12 Zoning and Land Development Regulations.
- 13 (3) Exceeding the maximum parking ratio is permitted, as follows:
- 14 (a) Any portion of the parking area which exceeds the maximum parking ratio shall
15 be included in the calculations of Floor Area Ratio. This shall include stalls and all associated circulation
16 areas.
- 17 (b) Through the use of tandem parking (vertical or horizontal), mechanical parking
18 lifts, or similar mechanical systems, which do not increase the overall building massing, pursuant to
19 Article 7.
- 20 (4) Guest parking shall be provided pursuant to the parking requirements table in each
21 district or subdistrict as set forth herein. Designated guest parking shall not be assigned or otherwise
22 designated for any other purpose, but may be included in the shared parking calculations.
- 23 (5) The provisions for parking reductions as indicated by these regulations may be
24 combined; however, the combination shall not result in a reduction of more than 25 percent of the
25 minimum parking requirement as pursuant to the Parking Requirements Table in each district or
26 subdistrict.

- a. Parking stall dimensions.
 - (1) Parallel parking minimum: Eight and one-half (8-1/2) feet in width by 22 feet in length. (See Appendix 1: Diagram 9)
 - (2) Ninety (90) degree and angled parking minimum: Eight and one-half (8-1/2) feet in width by eighteen (18) feet in length. (See Appendix 1: Diagram 9)
 - (3) In those cases where the side of any stall is adjacent to a wall, fence, building, or other physical obstruction, the stall widths shall be increased by one (1) foot. Where there is an obstruction on both sides of the stall, the stall widths shall be increased by two (2) feet.
 - (4) Driveway entrances not adjacent to parking stalls may be a minimum of 20 feet.
 - (5) All other parking stall dimension standards shall be pursuant to Article 7 of the Zoning and Land Development Regulations.
- b. Parking garages and single parking decks under buildings shall be pursuant to the district or subdistrict Building Requirements Table and to the following requirements:
 - (1) All levels of parking garages shall be lined with active uses as required by the Building Requirements Table in each district or screened with architectural treatment. At ground level, parking garages shall be screened with both architectural treatment and landscape buffer.
 - (2) A minimum of 50 percent of all roof deck parking areas shall be visually screened or architecturally treated in such a way that parked vehicles cannot be viewed from adjacent buildings. Screening elements may include roofs, trellises, canopies, screens, or other similar structures.
- c. At-grade parking lots and vehicular use areas shall be pursuant to the General Landscape Regulations and the following requirements:

(1) At-grade parking lots shall not be permitted within frontage setbacks unless otherwise permitted within these regulations and shall be located behind the main structure to the maximum degree possible.

(2) Parking in front of buildings shall not be permitted along 21st Avenue, Dixie Highway, Federal Highway, Hollywood Boulevard, and Young Circle. Pick-up and drop-off areas, such as porte cocheres are permitted.

(3) At-Grade Parking Lots and Vehicular Use Areas Setback Requirements Table.

AT-GRADE PARKING LOT AND VEHICULAR USE AREAS SETBACK REQUIREMENTS	
Minimum	
Front	10 feet
Interior	5 feet
Alley	5 feet

d. Commercial developments, excluding hotel uses, may provide secure public bicycle racks and or storage at a ratio of one (1) bike rack space per every 20 required parking spaces. The bicycle racks shall be located on-site and shall not encroach into the right-of-way. In exchange, these developments may reduce the respective parking requirement for that use by five (5) percent.

e. Shared parking is encouraged for proposed developments with two (2) or more distinguishable uses as listed in the Shared Parking Requirements Table.

(1) The minimum shared parking requirement and maximum shared parking reduction shall be determined by the following procedure:

(a) Multiply the minimum parking requirement for each individual use as pursuant to the Parking Requirement Table in each district or subdistrict by the appropriate percentage listed in the shared Parking Requirements Table for each of the five (5) designated time periods.

(b) Add the resulting sum for each of the five (5) vertical columns of the Shared Parking Requirement Table. The minimum shared parking requirement is provided by the highest number resulting from that sum.

(2) The shared parking reduction shall not result in a reduction of more than 25 percent of the minimum parking requirement.

(3) Shared Parking Requirements Table.

SHARED PARKING REQUIREMENT					
Use	Weekdays			Weekend	
	Night	Day	Evening	Day	Night and Evening
	Percent	Percent	Percent	Percent	Percent
Residential	100	60	90	80	90
Office	5	100	10	10	5

Hotel	80	60	100	80	100

Restaurant	10	50	100	50	100
Entertainment/Recreation	10	40	100	80	100
All Others	100	100	100	100	100

1
 2 f. Loading and maneuvering shall be pursuant to Article 7 of the Zoning and Land
 3 Development Regulations and to the following requirements:

4 (1) Loading for all proposed developments shall occur internal to the building footprint or
 5 from the alley and shall be visually screened from public view.

6 (2) Public rights-of-way, excluding alleys shall not be utilized for maneuvering associated
 7 with building loading access.

8 2. General landscape regulations. Landscape requirements shall be pursuant to the Landscape
 9 Requirements Table; to Article 9 of the Zoning and Land Development Regulations; to the City of
 10 Hollywood Landscape Manual; and to the following requirements:

11 a. The minimum tree size is 12 feet in height, with a four (4) inch caliper measured at diameter
 12 breast height. (The diameter of a tree trunk measured at four and one-half (4-1/2) feet above the root
 13 ball).

14 b. Ground floor open spaces, such as plazas, courtyards, and passageways which are visible
 15 from the public right-of-way and larger than 3,000 square feet shall be improved as pursuant to these
 16 regulations and the following requirements:

17 (1) A minimum of 25 percent of the open space area shall be vegetated.

18 (2) Overhead cover shall be provided for a minimum of 10 percent of the open space area.

19 (3) A minimum of one (1) linear foot of seating for every 30 square feet of open space area
 20 shall be provided.

21 c. General Landscape Requirements Table.

22

GENERAL LANDSCAPE REQUIREMENTS	
	Requirements
Perimeter Landscape	1 One (1) street tree per 30 linear feet or portion thereof, of street frontage of property wherein said improvements are proposed.
	2 Residential Uses shall provide a five (5) foot landscape buffer within required setback areas with one (1) tree for every 20 linear feet of required buffer area.
	3 When abutting or across an alley from a residential zoning district a perimeter landscape buffer shall be included within the required setback area with one (1) tree for every 20 linear feet of required buffer area.
Interior Landscape for At-Grade Parking Lots and Vehicular Use Area	4 Terminal islands shall be installed at each end of all rows of parking spaces and landscape islands shall be provided no further apart than every 10 parking spaces. Each island shall contain a minimum of one 190 square feet of pervious area or shall measure the same length and width as the adjacent parking

	<p>stall. Landscape islands within the CRA may be a minimum of 100 square feet. Each island shall contain at least one (1) tree.</p> <p>5 A five (5) foot landscape buffer including a landscape element of at least 42 inches in height shall be provided along the perimeter. The landscape buffer may be included within required setback areas.</p> <p>6 Lots with a width of 50 feet or less: 15 percent of the total square footage of the paved vehicular use area shall be landscaped.</p> <p>7 Lots with a width of more than 50 feet: 25 percent of the total square footage of the paved vehicular use area shall be landscaped.</p> <p>Note: Percentage calculation excludes required perimeter landscaped setback area.</p>
<p>Open Space</p>	<p>8 All pervious areas shall be landscaped with grass, ground cover and/or shrubbery; or covered by another sustainable surface or material as permitted and determined by the City Manager or designee. Required landscape open space shall not be used for parking.</p> <p>9 A minimum of one (1) tree per 1,000 square feet of pervious area of property; this is in addition to tree requirement for parking lots and paved vehicular use areas.</p> <p>10 MC-1, DH-1 Districts: A minimum of 40 percent of the total site area shall be landscaped open space including landscaped open space located at-grade or at higher elevations such as on pool decks, parking decks, roof decks, etc.</p> <p>11 LT District: A minimum of 30 percent of the total site area shall be landscaped open space including landscaped open space located at-grade or at higher elevations such as on pool decks, parking decks, roof decks, etc.</p> <p>12 DH-2, FH-1, ND-1, ND-2, PS-1, PS-2 District: A minimum of 20 percent of the total site area shall be landscaped open space including landscaped open space located at-grade or at higher elevations such as on pool decks, parking decks, roof decks, etc.</p>
<p>Planning and Development Board and Historic Preservation Board</p>	<p>13 Projects containing four (4) or more units on a single site shall comply with Design Guidelines for landscaping.</p> <p>14 If within a Historic Preservation District, the landscape shall comply with the Historic Preservation Guidelines.</p>

View Triangle	15 For corner lots, a sight distance triangle shall be provided. See the City of Hollywood Landscape Manual for illustration diagram.

2. Dixie Highway Districts.

a. Dixie Highway District Purpose and Character.

1. Encourage mixed-use transit oriented or transit ready development which capitalizes on the District's proximity to rail.

2. Emphasize the corridor experience by orienting the greatest intensity towards Dixie Highway and 21st Avenue and providing pedestrian oriented uses.

3. Reinforce Hollywood's identity by strengthening visual and brand identity along corridor for view of passenger trains passing through.

4. Encourage ground-floor commercial and service oriented uses which serve the Downtown as well as adjacent residential neighborhoods.

5. Establish gateway for the Historic Business District at the intersection of Dixie Highway and Hollywood Boulevard.

6. Create a stronger pedestrian connection to the rest of Downtown.

7. Encourage the creation of strong urban residential neighborhoods, providing an array of housing types.

8. Provide adequate and compatible transitions to protect the scale of adjacent residential neighborhoods.
