City of Hollywood  
McKinley Street Interceptor  
Ventilation and Tyler Street  
Conflict Box Revision  
Recommendation for Award  
IFB No. REQ-057-23-JJ

Dear Mr. Figueroa:

We have reviewed the bid proposal documents opened on March 2, 2023 for the subject project and summarized them in the attached Bid Tabulation. The only bidder, Southeastern Engineering Contractors Inc., was evaluated for their overall technical ability to perform the work proposed by our design documents. Our review did not include a determination of bidder responsiveness; however, the requested proposal items were submitted.

We have reviewed references identified by the bidder. Based on our review, we consider this contractor responsible and qualified to perform the work described in the contract documents. As such, we recommend that the McKinley Street Interceptor Ventilation and Tyler Street Conflict Box Revision contract be awarded to Southeastern Engineering Contractors Inc.

We appreciate the opportunity to assist the City with this important project. Should you have any questions or require further information, please do not hesitate to contact our office.

Very truly yours,

**HAZEN AND SAWYER,**

J. Phillip Cooke, P.E.  
Senior Associate
