Joel,

Thank you for the call.

E-85 / Flex fuel is standard on the 6.2L v8 engine as well and will not be affected when adding a service body.

I confirmed with our body company, he hasn't ran into any issues.

Let me know if anything else comes up.

FSA 18-VEL26.0 POLICE RATED, ADMINISTRATIVE, UTILITY VEHICLES, TRUCKS AND VANS 2018-2019

Effective October 1, 2018 – September 30, 2019

The Florida Sheriffs Association offers statewide purchasing contracts on a variety of vehicles, equipment, and services that are available to all eligible* agencies since 1993. While most agencies purchasing from our contracts are within the state of Florida, eligible* agencies from other states have used the contracts if their governing purchases ordinance allows.

For details of the products available, review the category you are seeking to purchase. Simply select the drop-down arrow and locate the vehicle of choice. The vehicle links will take you to pages that are solely dedicated to the bid award for that commodity. 3/4 TON PICKUP TRUCK - 4X2 SPECIFICATION #59

2019 Ford F-250 Super Duty SRW XL (F2A)

(Alternate Dealer Option)

The Ford F-250 Super Duty SRW XL (F2A) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$21,965.00	\$21,945.00	\$21,998.00	\$22,180.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.
