Re: Community Outreach Summary –South Broward Hospital District – Site Plan Review (“Application”)

Dear Mr. Palmer:

This correspondence shall serve as a summary of the additional community meeting held on March 19, 2025, regarding the Application. The meeting was held in person at the David Park Community Center at 7:00pm. The meeting invitation was sent to all property owners within the City’s required notice radius. We do not have a participant list as our participation in this meeting was voluntary.

During the meeting, the applicant’s land use counsel, Hope Calhoun, along with two members of the applicant’s team presented the proposed Application (again). A copy of the presentation materials are attached.

The main focus of the discussion was the updated traffic study submitted to the city in connection with the addition of 150 beds to the proposed project. The applicant’s engineer addressed the traffic study questions. As a part of the discussion, he described the intersections evaluated as a part of the traffic study, and the impact on the examined roadways caused by the proposed project. A few questions were asked about how the traffic study parameters were established, and the impact of construction on the area. All questions were answered, and the residents present seemed satisfied with the information provided.

Please contact me directly with any questions or comments.

Sincerely,

MISKEL BACKMAN, LLP

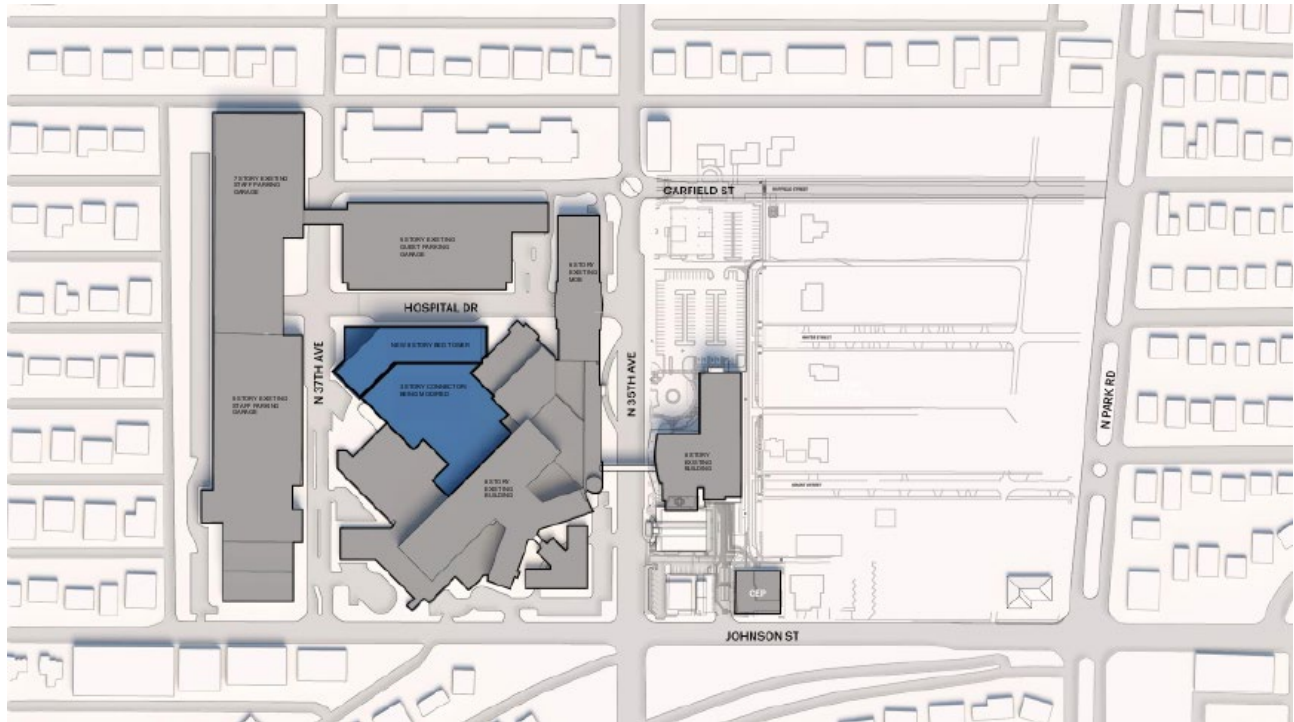

Hope W. Calhoun, Esq.
