Re: Rina Ben-David
DOB: 3/5/1982
MRN: 3084460

To whom it may concern,

Ms. Ben-David (DOB: 3/5/1982) has been diagnosed with hypermobile Ehlers-Danlos syndrome and POTS/dysautonomia. Patient has been undergoing care in the Cardiovascular Genetics Program at The Mount Sinai Heart Hospital. These diagnoses require lifelong rehabilitation through physical exercise. Access to home exercise equipment is an essential component to successfully managing the chronic symptoms of these diseases.

If you have any questions, please don't hesitate to contact me.

Thank you

Sincerely,

Amy Kontorovich
