Yes please indicate N/A for any thing they don't require or else I am obligated to ask for it and legal will ask for it as well when it is routed. Are they required to have builders' risk? If not please N/A that too.

Hi Stacy,

Definitely don't need Cyber for a neighborhood wall. The Exhibit reflects the recent insurance updates. Can we make this optional in our template and I'll indicate N/A next to it?

Hi Dana,

I don't see the Cyber liability. I don't know why they need cyber but since the agreement asks for it I need to review it.

6. Cyber Liability:

The minimum limits of liability shall be:

\$1,000,000 each claim / \$2,000,000 aggregate

If there are no terms for insurance I will use the City's minimum requirements for this type of work. The Auto is not acceptable because the city must be listed as an additionally insured and the Certificate holder should be the City of Hollywood:

City of Hollywood

2600 Hollywood Blvd., rm 303

Hollywood, FL 33022

They COI they presented has Broward County as the Certificate holder.

The General liability COI is not acceptable because the Certificate hold box is blank, and the city of Hollywood should be the certificate holder.

Thanks,

Stacy Myers
