I, the signature below certify and represent that the following interests in land (Right of Way) will NOT be required for the construction of this project:

- Fee Title – land on which a permanent improvement is to be placed and maintained.
- Perpetual Easement – may be used when permanent improvement is to be constructed and maintained on a parcel for which acquisition of fee title is impractical.
- Temporary Easement – used when it is necessary to temporarily occupy a parcel. No improvement that is a permanent part of the transportation facility or that requires maintenance beyond the term of the easement will be constructed on the temporary easement.

The right of way maps/sketches have been compared to the construction plans and the right of way, as shown, will accommodate the planned construction. The construction activities will be performed in the existing right of way. The contractor will not be required to temporarily enter upon property not owned by the local government executing this statement for the purpose of restoration and harmonization. There are no encroachments within existing right of way that impact the construction project.
