To Whom It May Concern:

On behalf of OB HOUSE LLC, please review this summary of the community outreach for the proposed project in 5701 Pembroke Road, that took place on Wednesday, March 27, 2024, at 11:00 AM EST.

Fifteen days before the meeting, a sign was posted on the property to bring awareness to all residents and homeowners of our virtual meeting. As part of the requirement, we also mailed the invitations to all the required individuals, committees, and associations, satisfying the city's requirements.

Alex Mendez Jr. presented the material on Google Slides and gave detailed information on all aspects of the project. Alex also made sure to answer all the participants' questions throughout the presentation and constantly asked if there were any questions or concerns as he spoke. Multiple people assured that there were no further questions as he presented. One of the participants and homeowners asked if there would be a wall in between the houses and the development, to the north side of the proposed project, thus creating a possible alley where people could walk through. Her question was answered. It was clarified that by city code a wall is required in that area, but there would be no space in between the house and the proposed project to allow such an alley to be created. Denise also asked if there were going to be security cameras in an attempt to keep the area safe. Once more, Alex clarified that there would be security cameras, and, in addition to that, he also commented that they would not look over any private property to allow homeowners a better sense of privacy. Alex also commented that plenty of lightning would be installed on the property to prevent future crime in the area. At the end of the presentation, it was announced that if participants had any questions, they were welcome to email amgdevelopment@yahoo.com to help clarify them. Shortly after the virtual meeting, all the responses to the questions from the virtual meeting were confirmed with the developer to guarantee the accuracy of such responses.

The information above summarizes the virtual Community Outreach minutes. Please contact me if you have any further questions regarding the virtual meeting.

Sincerely,
