How many elections have you voted in and when was the last time you voted?*

22+ November 2016

How many City Commission or board meetings have you attended in the last 2 years? Please list:*

None

Why do you wish to serve as a member of the Charter Review Committee?*

I grew up in Hollywood and want to have the opportunity to help shape my city to be the vibrant all encompassing city that Joseph Young visioned it would be. I want my legacy to be a person who simply "made a difference" in other persons lives.

If appointed, what specific contribution(s) will you bring to the Charter Review Committee?*

As a former elected official, I fully understand the importance this board plays Hollywood's future. My experience, business acumen, honesty, integrity and professionalism will go along way in working with the members of this very important committee.

Have you had any previous experience with a Charter review process?*

As Mayor and City Commissioner of Margate, though we did not have a "Charter Review Committee" per se, my overall experience leading a city during its biggest growth period will go a long way in helping Hollywood move forward in a positive direction.

Please describe your qualifications as an applicant including your professional and/or volunteer experience or background.*

As shown in my resume, I was an elected official as Mayor and City Commissioner in Margate for 15 years and I can't think of any better 'on the job training' than that, for a position on the Charter Review Committee.

Do you currently serve on any City or County boards or committees? Please list.*

No

Have you ever served on any City or County advisory boards? Please list.*

While a Margate City Commissioner, I was the City Liaison between the commission and the Margate Public Schools Advisory committee.

List community / civic service involvement.*

None at the present time. However, for the past 11 years, since developer turnover, I have been the President of the Regent Park at Young Circle Condominium Association in Downtown Hollywood.

Attach Resume (only .doc and .pdf files)*

I have been a board member of the North Central Hollywood Civic Association (NCHCA) since 2013. I serve as ambassador-at-large to the greater Hollywood community. Since January, 2016, I have been the NCHCA representative to the Hollywood Council of Civic Associations.

As an active member of the Board of Directors of the NCHCA my activities reflect my belief that what affects one neighborhood affects us all; that we need to work together for a better, more livable Hollywood; and that the road to a revitalized City will only be accomplished through strengthening community relationships among residents across the city. I also believe that having fun together should be an important aspect of community building.

As a volunteer member of the first and second annual Hollywood Council of Civic Associations "Be Mine" Dog Show committee, I worked to make it a success. I put in many hours handing out flyers, reaching out to businesses and other sponsors, utilizing social media, and making significant contributions to planning the event, not to mention my outreach to Pete Brewer's family and my work the day of the show. Important as well, it was fun.

I have supported the goals of the Hollywood Green Team Advisory Committee and the City's Green building ordinance. I regularly attend the committee's meetings and share what I learn with a growing network of community members. My concern about sea level rise and the challenges we face on our coast as well as from salt water intrusion led me to enroll and complete the first of three core courses in the Florida Master Naturalist Program offered through the University of Florida's adult education program.

It was a 40-hour program that through classroom, field trip, and practical experience provided instruction on the general ecology, habitats, vegetation types, wildlife, and conservation issues of Coastal

6

Systems in Florida including Coastal Uplands, Estuarine, and Nearshore Marine Environments. The program also addressed society's role in coastal areas, developed naturalist interpretation skills, and discussed environmental ethics. I brought that knowledge back to Hollywood for our use. This was the first university level course I ever took and in spite of my challenges with asthma, I attended every class and completed the course. I now have a knowledge base that is valuable and available to our community.

I was an active participant Hollywood's team in the 39th Broward County Waterway Cleanup that was held last spring on Saturday March 5th. My environmental activities also have included participating in the City's first Tree Workshop in April 2016, coordinated by the City's new part-time Environmental Sustainability Coordinator, Lindsay Nieratka. It was a hands-on workshop that taught participants about the challenges to our City's trees, resources to enhance tree canopy, new online tools and hands-on practical skills to enhance yards and streetscapes. I participated in Hollywood Gardens West's Arbor Day tree planting last year to support the efforts of all those involved.

As a member of NCHCA, I volunteered to be on the ad hoc committee to Save Sunset Golf Course. I distributed flyers in the Community to raise awareness of a potential development for residences on the site. I played a major role in distributing the "Save Sunset Golf Course" yard signs to thousands of residences in every district in the city.

As a committee member, I helped plan and participate in the Community Town Hall Meeting for Sunset Golf Course held at the Rotary Club, March 13, 2014. I worked with other committee members in promoting the "Sunset at Sunset" block party event where Hollywood residents and officials were invited to stroll down Arthur

Street, meet the homeowners, and get the true feel of a 45-acre open green space and its wildlife at sunset.

In May and June of 2014, I participated for five weekends in the Yellow Green Market educational booth to promote awareness of the threat to this large green space, and to educate residents on the importance of who is elected to the city commission.

To that end, I assisted residents in locating the district in which they reside using a large-scale model of the City Districts Map, and collecting “Keep Sunset Green” postcards. The Save Sunset Golf Course postcard campaign kept me very busy. I hand delivered hundreds of postcards to the Mayor and Commissioners’ offices at City Hall. The cards came from residents stating they wanted the Mayor and their respective commissioners to keep Sunset Golf Course green.

I am one of the founding Directors of Friends of Hollywood Florida Inc., a 501 (c) 3 incorporated in 2014, dedicated to educating the public on environmental related issues. (Mission Statement attached). I participated in creating the detailed proposal “Sunset Golf Course a Public Utility”. This was delivered to the Mayor, Commissioners, and the City Manager in March 2015. The proposal sets forth the grounds for the City to purchase the property, and the funding source for the purchase. To date, the efforts to keep Sunset Golf Course undeveloped have succeeded.

Charles F. Vollman Park Design: I was an active member of the resident-organized NCHCA committee to work with Ram Development on the design for the new City Park at the old Okomo Trailer Park on Taft Street. That committee’s efforts in working with the developer and city staff kept the park from becoming nothing more than a grand

entrance to the new rental community. That project is completed and one only needs to drive past it on Taft Street to see the great results: a grand cathedral of Live Oak trees with places for residents to enjoy the majesty of those trees and the history of the Coral House located within the park.

I volunteered in the NCHCA's booth in Party on the "J" in 2014 educating residents on the threat to Sunset Golf Course, and volunteered again in 2015, 2016 and 2017 to support the NCHCA and its projects.

I am involved in Regional Issues that affect Hollywood:

Sea Level Rise - I attended the workshops: The Planning for Sea Level Rise and Storm Surge: Modelling Cost for Sea Level Rise and Benefits for Coastal Broward County, in 2015 and am the NCHCA's liaison on this issue.

In 2014 I volunteered outside the polls during early voting in the general election for 21 days distributing literature in support of Amendment #1, the Florida Water and Land Conservation Initiative.

I volunteered at the polls during the August primary in 2016 to promote Amendment #4, on the State ballot, to allow proliferation of privately owned solar.

I volunteered for 21 days at the polls during the general election in 2016 to defeat the FP&L backed solar amendment #1.

CITY MEETINGS I have attended almost every Planning and Development Board meeting, Green Team Advisory Committee meetings, City of Hollywood Commission meetings and workshops, all Commission in the Community meetings, Technical Advisory Committee meetings, and have, during citizen comments, challenged the city

commission to remember and embrace the vision Joseph Young had for the City of Hollywood.

I have attended MPO -Complete Streets committee meetings.

I have attended County Commission meetings and meetings for Broward NEXT, and Climate Change task force meeting.

I am a member of the Hollywood Hills and the United Neighbors Civic Associations. I attend other Civic Association Meetings and participate in community-building events with the goal of building stronger ties and alliances between neighborhoods.

I have participated in Broward Waterway Clean-Up 2015 and 2016. I participated in the Hollywood Historical Society's Downtown walking tour as an ambassador, Ground Breaking for Complete Streets, Ground Breaking for 441 and Hollywood Blvd; and update meetings

In 2012 and 2014 I was our neighborhood Chair for the Great Neighborhood Challenge.

HELPING CITIZENS IN THE COMMUNITY IS MY PASSION

I support the efforts of other active community members in issues they are spearheading. I am a team player and an asset not only to the North Central Hollywood, but also to other neighborhood residents throughout Hollywood. I am always looking for the common ground and I keep my eye on the positive of what can be.

I am a Miami Native. I have a passion for people and have served my clients well before retiring as a hair dresser. I have lived in Hollywood with my husband since January of 1989. We bought our home on Fillmore Street in August of 1998 and are still living there today.

I was a nominee for the 2016 Vollman award

Friends of Hollywood Florida, Inc. was incorporated on February 12, 2014, granted an IRS exemption under Section 501(c)(3) on August 21, 2014, and was qualified for fundraising activities by the Florida Department of Agriculture on November 17, 2015. Here is the Purposes clause in our By-Laws of May 2, 2014:

4.02 - Purposes

The corporation is organized to help the people of Hollywood, Florida, promote, retain, protect, and to educate and pass on to succeeding generations, a quality living environment. The corporation will promote public awareness of the significance of our natural lands and advocate for the perpetuation of agricultural, recreational, scenic and historical values. The corporation will encourage citizen, legislative and administrative action toward the protection and restoration of our natural and historical heritage for the creation and perpetuation of communities that reflect those values, through creative planning and wise stewardship. The corporation will advocate for smart growth initiatives by assisting the residents of the City of Hollywood in playing an active role in guiding the location and timing of new development, and advocating to ensure that proposed plans and development follow the principles of smart growth. The corporation will accomplish its goals by maintaining files and disseminating information on the activities of local, state and federal agencies as they affect a quality living environment; monitoring and strengthening communications with all relevant agencies; assisting existing conservation and environmental oriented organizations; and recording, analyzing and disseminating public records and other information for the purpose of improving communications and coordination among existing organizations, residents of the City of Hollywood, friends of the City of Hollywood, agencies and government bodies.

CIVIC / VOLUNTEER EXPERIENCE

COMMUNITY INVOLVEMENT AND LEADERSHIP - After the passing of his parents in the early 2000's, Mr. Gouthro embarked on an exciting and unfamiliar journey of homeownership by taking over the family's home in Driftwood. After seeing a spike in criminal activity and violent crimes happening in his neighborhood Matthew, along with his wife Melissa, joined the Driftwood Civic Association in 2011 to help make a difference. He quickly became a vocal member for safety and quality of life concerns in the Driftwood Community and Hollywood as a whole. Soon after, Matthew was nominated and accepted a position on the Board of Directors of the Driftwood Civic Association. In this capacity he became the community outreach liaison for the Association and their representative to the Hollywood Council of Civic Associations. In 2012, he was nominated, unanimously endorsed and accepted the positions of President of the Driftwood Civic Association and Vice President of the Hollywood Council of Civic Associations where he continues to serve in both of these roles today.

As President of the Driftwood Civic Association, Matthew has encouraged a sense of community ownership where monthly meetings are held to foster ideas to better our community. Rather than residents complaining about the same issues every month, special meetings have been held to produce positive results for the neighborhoods. Some of these results included the establishment of a private public partnership to address parking and storm water mitigation as well as traffic infrastructure improvements along the city's north western boarder along Charleston Street. Additionally, an updated study and presentation was conducted by the Florida Department of Transportation for traffic concerns brought forth by a resident on North 66th Avenue between Stirling Road and Sheridan Street.

Matthew has also organized Political Forums with impartial moderators from the League of Women Voters and Ann Hotte, the CEO / Executive Director of the Greater Hollywood Chamber of Commerce for area residents to bring individuals and issues to the attention of our community. He routinely coordinates professionals to come out to speak with our members and residents regarding topics of importance. From presentations by WastePro Services and other city vendors, to Crime Stoppers, the Mayor of Broward County, to our City Manager or even the Chief of Police; if you want to know what's happening in Hollywood, you better not miss our next monthly meeting.

Through tireless efforts to orchestrate successful annual events, Matthew has managed to build solid relationships with sponsors and vendors in our community. One example of this is the partnership he has fostered with the Hollywood Police Department and other sponsors to host one of the largest National Night Out Against Crime Block Parties here in Hollywood. This is a free event where the community can get together engage with our first responders, get to know their neighbors, share crime prevention tips and generally throw a going away party for crime in Driftwood. He implemented a holiday exterior home decorating contest in the Driftwood Community called "Light-up Driftwood". This contest allows residents to share their holiday spirit with the entire community and compete for prizes and most importantly bragging rights for the entire year of having the best Holiday Light Display in Driftwood. Matthew has organized canned food drives in our community and supported contributing funds from the Driftwood Civic Association to benefit the City's annual Spring Marshmallow Drop Event supporting Easter baskets for less fortunate children in our community.

As a strong supporter in improving the beautification of our community, Matthew has spearheaded community clean-up projects with the City's Cash For Trash program to make our neighborhoods visually more appealing. Over the last four years he has played an instrumental role in bringing \$50,000 of much needed grant money to improve our community. In partnership with the City of Hollywood, Matthew, Vice Mayor Biederman and members of the Driftwood Civic Association went door to door to get neighbors involved in working together to make our neighborhoods better as part of the Great Neighborhoods Challenge. Because of his efforts, the participation and hard work of many neighbors Driftwood has been awarded two \$25,000 public spaces grants. Their first grant, included the creation of a certified wildlife habitat, recently recognized by the National Wildlife Federation, in two dry retention areas along Sheridan Street between North 65th Way and North 67th Avenue. In this highly visible area, Florida-native vegetation was planted to provide beautification along the corridor, educational opportunities for local students, a noise and visual buffer for nearby residents and opportunities to continue to enhance this area. The beautification project has also discouraged illegal dumping whereas prior to the improvement it was the status quo. The second project (currently in progress) will bring much needed improvements to the dog park facilities at John Williams Park on Sheridan Street that serves many communities and residents in Western Hollywood along with a community newsletter to keep neighbors informed about upcoming events and opportunities in the Driftwood area and the City of Hollywood.

CIVIC ACTIVISM - As a participating member and Vice President of the Hollywood Council of Civic Associations, Matthew has had the unique experience to work side by side with many of our longstanding civic and community leaders including Sara Case, Charlotte Greenbarg, Mel Pollack, Pete Brewer, Terry Cantrell, and our current HCCA President Cliff Germano. Matthew, in his capacity of Vice President, oversaw the updating of the HCCA's current bylaws and has served on the Charles F. Vollman Award committee. Matthew was also unanimously appointed to serve as Interim President of the Hollywood Council of Civic Association when Charlotte Greenbarg moved to Central Florida. He is very proud of the great work the HCCA does on behalf of their member organizations and always looks for opportunities to support the other communities in Hollywood at their events and works to bring their individual concerns to the forefront.

As a Hollywood Resident and Civic Activist, Matthew is concerned about our great city. He has gone door to door to meet with the people in his community to better understand their concerns and so as a civic leader he can best address them with our elected officials, city management and staff. He has made presentations to the Hollywood City Commission, spoken at Citizen Comments and other public forums and has shared a positive working relationship with State Representatives, County Commissioners, Hollywood's Mayor, City Commissioners, City Manager and Staff, as well as other Community Leaders. He's sat on the inaugural committee for the 2014 Memorial Day Vigil candlelight processional and concert at the Boulevard Heights Community Center Theater. Matthew has hosted many meetings with the City Manager to address much needed infrastructure improvements in the Driftwood Community and other communities throughout Hollywood. He personally petitioned the City Manager and members of the City Commission to name the public park created from the redevelopment of the Okomo Trailer Park to be named after and dedicated to the legacy of longtime city activist Charles F. Vollman. In 2015, Matthew was awarded the Charles F. Vollman award for being a dedicated leader, community activist, and an individual who unselfishly embodies community involvement and volunteerism in our local community. The HCCA recognized his efforts to the City Commission as one who has made a significant impact to the betterment of our community that has produced recognizable results.

Matthew enjoys a great relationship with the Police Department and has worked with the command staff on improved community police relations including the National Night Out Against Crime, planning for future Citizens Police Academies, a new Dog Walker Crime Watch program and best practices to improve the City's Neighborhood Watch Advisory Board. Matthew is an active member of Hollywood's Community Emergency Response Team or CERT where he actively attends meetings and trainings including being StormWatch certified by the National Weather Service. He has represented Hollywood CERT at county wide CERT trainings, Hollywood's Public Safety Day, HPD Crime Prevention Forum, Hollywood's St. Patrick's Day Parade and Police Department Open House. He has even helped out his own community members in West Hollywood, by helping fill free sandbags given by the City of Hollywood at the Driftwood Community Center when local flooding concerns arose during Hurricane Season.

LOCAL CHARITABLE CONTRIBUTIONS - In memory of his mother who lost her battle with Breast Cancer, Matthew has volunteered his time with the annual Relay For Life event in Hollywood. As a key member of the leadership team, Matthew has helped raise tens of thousands of dollars for the outstanding work done in our community and many others across the nation by the American Cancer Society. He has spoken in support of the Relay For Life message and mission at many neighboring Civic Association meetings, HCCA meetings, City Commission meetings, Greater Hollywood Chamber of Commerce breakfast, and public events like Party on the J – Johnson Street Festival, Expo Alfresco – A Taste of Hollywood, Wine Nights at Gino's and many more. Matthew has even got his employer Norwegian Cruise Line to donate a cruise for two to help bolster fundraising efforts. Over the years he has supported many other charitable agencies here in Hollywood, from food donations to the Hollywood Jaycees during their Thanksgiving drive, to the Salvation Army, pub crawls and other events to benefit fallen first responders or those with serious illnesses like cancer.
