Re: Piggyback Pompano Beach Sewer Lift Station Rehabilitation Contract #E-04-24

Dear Ms. Gonzalez,

Please consider this letter as Trio Development's offer to piggyback our City of Pompano Beach Contract #E-04-24 with the City of Hollywood for lift station rehabilitation services. The inception of the contract was October 1, 2024, and the contract runs for a period of 5-years from that date until September 30<sup>th</sup>, 2029.

Attached are the following:

1. Pompano Beach Contract #E-04-24
2. Certificate of Insurance

Trio Development Corporation will honor the same unit pricing as in the Pompano Beach Contract and agrees to honor the City of Hollywood Terms and Conditions subject to the right of the Contractor to decline to provide any of the specified products and services. Scheduling of the City of Hollywood projects will depend on our workload for the City of Pompano Beach as Pompano Beach is the Primary Contract Holder. However, products and services will continue to be provided by the Contractor to the City of Hollywood projects undertaken by the Contractor and underway until the timely completion of those projects.

We are looking forward to a continuing relationship with the City of Hollywood.

Thank you,

Lawrence R. Shortz  
President  
Trio Development Corporation
