Dear CRA Team,

I hope this letter finds you well. I am writing to formally request an extension on the deadline for our PIP Grant that we have submitted to the Hollywood CRA.

Unfortunately, due to a delay in the approval of our final permit by the relevant city agencies, we are not ready to finalize our grant. We are actively working to get the final permit approved but anticipate that it will take additional time.

Given these circumstances, we kindly ask for an extension for our application. This additional time will allow us to secure the required permit approval and ensure that our submission meets all necessary criteria for consideration.

We truly appreciate your understanding and support in this matter. Please let us know if any further documentation or information is required to process this extension request. We remain committed to complying with all regulations and moving forward as efficiently as possible once the permit is finalized.

Thank you for your time and consideration. We look forward to your response and are happy to discuss this request further if needed.

Sincerely,

Dan Serafini
