Division of Administrative Hearings, determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list. (attach a copy of the Final Order).

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICER FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 (ONE) ABOVE IS FOR THAT PUBLIC ENTITY ONLY AND THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. The term "public officer" includes "any person elected or appointed to hold office in any agency, including any person serving on an advisory body."

The City of Hollywood/Hollywood CRA policy prohibits all public officers, elected or appointed, all employees, and their families from accepting any gifts of any value, either directly or indirectly, from any contractor, vendor, consultant, or business with whom the City/CRA does business.

The State of Florida definition of "gifts" includes the following:

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/FormW9.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)

- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, later.

By signing the filled-out form, you:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct. See *What is FATCA reporting*, later, for further information.

Note: If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien;
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States;
- An estate (other than a foreign estate); or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

In the cases below, the following person must give Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States.

- In the case of a disregarded entity with a U.S. owner, the U.S. owner of the disregarded entity and not the entity;
- In the case of a grantor trust with a U.S. grantor or other U.S. owner, generally, the U.S. grantor or other U.S. owner of the grantor trust and not the trust; and
- In the case of a U.S. trust (other than a grantor trust), the U.S. trust (other than a grantor trust) and not the beneficiaries of the trust.

Foreign person. If you are a foreign person or the U.S. branch of a foreign bank that has elected to be treated as a U.S. person, do not use Form W-9. Instead, use the appropriate Form W-8 or Form 8233 (see Pub. 515, *Withholding of Tax on Nonresident Aliens and Foreign Entities*).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a "saving clause." Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items.

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.
3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.
4. The type and amount of income that qualifies for the exemption from tax.
5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if his or her stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first protocol) and is relying on this exception to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity, give the requester the appropriate completed Form W-8 or Form 8233.

Backup Withholding

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS 24% of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, payments made in settlement of payment card and third party network transactions, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester,
2. You do not certify your TIN when required (see the instructions for Part II for details),
3. The IRS tells the requester that you furnished an incorrect TIN,
4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only), or
5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See *Exempt payee code*, later, and the separate Instructions for the Requester of Form W-9 for more information.

Also see *Special rules for partnerships*, earlier.

What is FATCA Reporting?

The Foreign Account Tax Compliance Act (FATCA) requires a participating foreign financial institution to report all United States account holders that are specified United States persons. Certain payees are exempt from FATCA reporting. See *Exemption from FATCA reporting code*, later, and the Instructions for the Requester of Form W-9 for more information.

Updating Your Information

You must provide updated information to any person to whom you claimed to be an exempt payee if you are no longer an exempt payee and anticipate receiving reportable payments in the future from this person. For example, you may need to provide updated information if you are a C corporation that elects to be an S corporation, or if you no longer are tax exempt. In addition, you must furnish a new Form W-9 if the name or TIN changes for the account; for example, if the grantor of a grantor trust dies.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of \$50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a \$500 penalty.

Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

Specific Instructions

Line 1

You must enter one of the following on this line; **do not** leave this line blank. The name should match the name on your tax return.

If this Form W-9 is for a joint account (other than an account maintained by a foreign financial institution (FFI)), list first, and then circle, the name of the person or entity whose number you entered in Part I of Form W-9. If you are providing Form W-9 to an FFI to document a joint account, each holder of the account that is a U.S. person must provide a Form W-9.

a. **Individual.** Generally, enter the name shown on your tax return. If you have changed your last name without informing the Social Security Administration (SSA) of the name change, enter your first name, the last name as shown on your social security card, and your new last name.

Note: ITIN applicant: Enter your individual name as it was entered on your Form W-7 application, line 1a. This should also be the same as the name you entered on the Form 1040/1040A/1040EZ you filed with your application.

b. **Sole proprietor or single-member LLC.** Enter your individual name as shown on your 1040/1040A/1040EZ on line 1. You may enter your business, trade, or "doing business as" (DBA) name on line 2.

c. **Partnership, LLC that is not a single-member LLC, C corporation, or S corporation.** Enter the entity's name as shown on the entity's tax return on line 1 and any business, trade, or DBA name on line 2.

e. **Disregarded entity.** For U.S. federal tax purposes, an entity that is disregarded as an entity separate from its owner is treated as a "disregarded entity." See Regulations section 301.7701-2(c)(2)(iii). Enter the owner's name on line 1. The name of the entity entered on line 1 should never be a disregarded entity. The name on line 1 should be the name shown on the income tax return on which the income should be reported. For example, if a foreign LLC that is treated as a disregarded entity for U.S. federal tax purposes has a single owner that is a U.S. person, the U.S. owner's name is required to be provided on line 1. If the direct owner of the entity is also a disregarded entity, enter the first owner that is not disregarded for federal tax purposes. Enter the disregarded entity's name on line 2, "Business name/disregarded entity name." If the owner of the disregarded entity is a foreign person, the owner must complete an appropriate Form W-8 instead of a Form W-9. This is the case even if the foreign person has a U.S. TIN.

Line 2

If you have a business name, trade name, DBA name, or disregarded entity name, you may enter it on line 2.

Line 3

Check the appropriate box on line 3 for the U.S. federal tax classification of the person whose name is entered on line 1. Check only one box on line 3.

Line 6

Enter your city, state, and ZIP code.

Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have and are not eligible to get an SSN, your TIN is your IRS individual taxpayer identification number (ITIN). Enter it in the social security number box. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN.

If you are a single-member LLC that is disregarded as an entity separate from its owner, enter the owner's SSN (or EIN, if the owner has one). Do not enter the disregarded entity's EIN. If the LLC is classified as a corporation or partnership, enter the entity's EIN.

Note: See *What Name and Number To Give the Requester*, later, for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local SSA office or get this form online at www.SSA.gov. You may also get this form by calling 1-800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at www.irs.gov/Businesses and clicking on Employer Identification Number (EIN) under Starting a Business. Go to www.irs.gov/Forms to view, download, or print Form W-7 and/or Form SS-4. Or, you can go to www.irs.gov/OrderForms to place an order and have Form W-7 and/or SS-4 mailed to you within 10 business days.

If you are asked to complete Form W-9 but do not have a TIN, apply for a TIN and write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note: Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon.

Caution: A disregarded U.S. entity that has a foreign owner must use the appropriate Form W-8.

Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if item 1, 4, or 5 below indicates otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). In the case of a disregarded entity, the person identified on line 1 must sign. Exempt payees, see *Exempt payee code*, earlier.

Signature requirements. Complete the certification as indicated in items 1 through 5 below.

1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983. You must give your correct TIN, but you do not have to sign the certification.

2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983. You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

3. Real estate transactions. You must sign the certification. You may cross out item 2 of the certification.

4. Other payments. You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments made in settlement of payment card and third party network transactions, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), ABL accounts (under section 529A), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions. You must give your correct TIN, but you do not have to sign the certification.

Secure Your Tax Records From Identity Theft

Identity theft occurs when someone uses your personal information such as your name, SSN, or other identifying information, without your permission, to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax preparer.

If your tax records are affected by identity theft and you receive a notice from the IRS, respond right away to the name and phone number printed on the IRS notice or letter.

If your tax records are not currently affected by identity theft but you think you are at risk due to a lost or stolen purse or wallet, questionable credit card activity or credit report, contact the IRS Identity Theft Hotline at 1-800-908-4490 or submit Form 14039.

For more information, see Pub. 5027, Identity Theft Information for Taxpayers.

Victims of identity theft who are experiencing economic harm or a systemic problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 1-877-777-4778 or TTY/TDD 1-800-829-4059.

Protect yourself from suspicious emails or phishing schemes.

Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

Subject: Lanzo Construction

Over the past eight years Lanzo Construction has successfully worked on 12 projects for the Water and Wastewater Engineering Division of Broward County Florida. Those projects total \$125,570,112.45 nine of which have been completed on time and within budget. We presently have three active construction projects with Lanzo construction that are also ahead of schedule and within budget.

I have found Lanzo Construction to be an excellent contractor willing to go out of their way to satisfy owner requested enhancements. Their staff both in the office and on the construction site is knowledgeable and responsive. Broward County continues to short list Lanzo for all our most complex underground and Neighborhood Improvement Projects.

If you would like to speak with me personally about Lanzo's qualifications, please contact me at 954-831-0904.

Thank You!!!

The entire Board of Directors of the Greater Key West Chamber of Commerce would like to thank the City of Key West and Lanzo Construction Company for doing an exemplary job on the Duval Street Sewer Project.

All too often in our busy lives, we find the time to criticize poor performance yet fail to take the time to thank someone for exceeding our expectations. We applaud the efforts that have been made to finish this project before the "early finish" date of January 14, 2000.

Thank you for understanding and being sensitive to the needs of the merchants along Duval Street. Our hats are off to you for a job well done.

John Chorlog, Assistant Director
Miami-Dade Water & Sewer Department
4200 Salzedo Street Room 315
Coral Gables, FL 33146

Dear John,

Thank you for your recent update of the construction schedule for the pump station replacement project currently underway in my backyard. I look forward to the job being completed, and it appears that all work will be finished soon.

I want to compliment you and the entire Water & Sewer Department staff that have been involved with the project. The private contractor, Lanzo Construction, has also been particularly cooperative and has made every effort to inform us about the work schedule. They have gone out of their way to ensure a safe work site and have always been available to answer questions. They have consulted me on the replacement of the landscaping and fence which was removed due to the project and we have agreed on how to proceed.

My four year old son has enjoyed the opportunity to watch the heavy equipment and all of the workers have been extremely friendly to him. He would actually prefer the project to go on indefinitely.

Once again, thank you for your personal attention to this project. As we discussed, I have seen similar pump station upgrades that appeared to take forever to complete, and therefore I was particularly concerned that this project would take just as long. Fortunately, just as you predicted, this contractor did not have the type of problems that affected the construction schedules of other similar projects.

Sincerely

Attention James Tilli

Dear Mr. Tilli:

Three months ago, it was hard to imagine how Greenfield Garden could return to its former haven of greenery alongside the Miami River.

Spring Garden residents all marvel at how well the Garden was restored and replanted. It has returned to being an oasis where all may enjoy a quiet moment with public access to the Miami River.

The Spring Garden Civic Association would like to thank you for the splendid job done by Lanzo Construction in returning the Garden to us; we are particularly appreciative of the addition of a water source so that plants may now be watered during dry months. Again, our thanks for a job well done.

Sincerely yours,

Hey Guys,

Just a small note to say thank you for all your hard work but especially for being considerate of the baby and I on our walks. You guys never ran over me, but especially you made sure of not frightening, nor waking the baby.

And overall you all have been very friendly ☺

Wherever your work takes you next (whenever that may be), I hope it will have another Nanny walking by ☺

Have a great day,
God Bless you all,

I. DESIGNATION OF LIAISON OFFICER

Robert Beaty will aggressively recruit disadvantaged businesses as subcontractors and suppliers for all contracts with the Florida Department of Transportation. The Company has appointed a Liaison Officer to develop and maintain this Affirmative Action Plan in accordance with the requirements of Rule Chapter 14-78, F.A.C.

The Liaison Officer will have primary responsibility for developing, maintaining, and monitoring the Company's utilization of disadvantaged subcontractors in addition to the following specific duties:

- (1) The Liaison Officer shall aggressively solicit bids from disadvantaged business subcontractors for all Florida Department of Transportation contracts;
- (2) The Liaison Officer will submit all records, reports, and documents required by the Florida Department of Transportation, and shall maintain such records for a period of not less than three years, or as directed by any specific contractual requirements of the Florida Department of Transportation.

The following individual has been designated Liaison Officer with responsibility for implementing the Company's affirmative action program in accordance with the requirements of the Florida Department Transportation.

Robert W. Beaty
Lanzo Construction Co. Florida
125 SE 5th Court
954-979-0802
59-2011933

II. AFFIRMATIVE ACTION METHODS

In order to formulate a realistic Affirmative Action Plan, Robert W. Beaty has identified the following known barriers to participation by disadvantaged subcontractors, before describing its proposed affirmative action methods:

1. Lack of qualified disadvantaged subcontractors in our specific geographical areas of work;
2. Lack of certified disadvantaged subcontractors who seek to perform Florida Department of Transportation work;
3. Lack of interest in performing on Florida Department of Transportation contracts;
4. Lack of response when requested to bid;
5. Limited knowledge of Florida Department of Transportation plans and specifications to prepare a responsible bid.

In view of the barriers to disadvantaged businesses stated above, it shall be the policy of Lanzo Construction Co. Florida to provide opportunity by utilizing the following affirmative action methods to ensure participation on the contracts with the Florida Department of Transportation. Lanzo Construction Co. Florida will:

1. Provide written notice to all certified DBE subcontractors in the geographical area where the work is to be subcontracted by the Company;
 2. Advertise in minority focused media concerning subcontract opportunities with the Company;
 3. Select portions of work to be performed by DBEs in order to increase the likelihood of meeting contract goals (including, where appropriate, breaking down contracts into economically feasible units to facilitate DBE participation);
- Page 2

4. Provide adequate information about the plans, specifications, and requirements of the contract, not rejecting subcontractors without sound reasons based on a thorough investigation of their capabilities;
5. Waive requirements of performance bonds where it is practical to do so;
6. Attend pre-bid meetings held by the Florida Department of Transportation to apprise disadvantaged subcontractors of opportunities with the Company;
7. Follow up on initial solicitations of interest to DBE subcontractors to determine with certainty whether the DBE company is interested in the subcontract opportunity.

Lanzo Construction Co. Florida understands that this list of affirmative action methods is not exhaustive and will include additional approaches after having established familiarity with the disadvantaged subcontracting community and/or determined the stated approaches to be ineffective.

III. IMPLEMENTATION

On contracts with specific DBE goals, Lanzo Construction Co. Florida will make every effort to meet contract goals as stated by utilizing its affirmative action methods. On projects with no specific goals, the Company will, as an expression of good faith, seek to utilize DBE subcontractors where work is to be subcontracted.

IV. REPORTING

Lanzo Construction Co. Florida shall keep and maintain such records as are necessary to determine the Company's compliance with its DBE Affirmative Action Plan.

The Company will design its record keeping system to indicate:

1. The number of DBE subcontractors and suppliers used by the Company; identifying the items of work, materials and services provided;
2. The efforts and progress being made in obtaining DBE subcontractors through local and community sources;
3. Documentation of all contracts, to include correspondence, telephone calls, newspaper advertisements, etc., to obtain DBE participation on all Florida Department of Transportation projects;
4. The Company shall comply with Florida Department of Transportation's requirements regarding payments to subcontractors including DBEs for each month (estimate period) in which the companies have worked.

V. DBE DIRECTORY

Lanzo Construction Co. Florida will utilize the DBE Directory published by the Florida Department of Transportation.

The Company will distribute Form Number 275-030-01, Schedule A Certification Form Number 1, to potential DBE contractors and assist in their completion.

Declaration of Fair Subcontracting Policies & Procedures

In keeping with our approach to fair practices in awarding subcontractors, Lanzo Lining declares that it has and shall continue to implement procedures, which will promote diversity in the usage of subcontracts. Lanzo believes that these procedures will present opportunities to as many qualified subcontractors as possible.

Second, Lanzo's policy and procedures are crafted in an effort to invite local subcontractors to submit bids in an uncomplicated and expeditious manner. Third, Lanzo's policy seeks to afford subcontractors avenues to procure the necessary information to shape and submit a bid. Fourth, Lanzo's procedures set out to afford subcontractors access to Lanzo personnel so that any questions and clarifications can be addressed. Fifth, Lanzo's procedures seek the ultimate goal of awarding subcontracts to those who have submitted good faith proposals in keeping with the projects goals.

The specific policies and procedures that Lanzo Lining Services, Inc., sets out to implement and exercise are:

- 1) Contacting Local Trade Associations for listings of firms.

Open-Door Policy

In keeping with Lanzo's philosophy of open communication, all employees have the right and are encouraged to speak freely with management about their job-related concerns.

We urge you to go directly to your supervisor to discuss your job-related ideas, recommendations, concerns and other issues which are important to you. If, after talking with your supervisor, you feel the need for additional discussion, you are encouraged to speak with Lanzo's president.

The most important relationship you will develop at Lanzo will be between you and your supervisor. However, should you need support from someone other than your supervisor, the entire management team, including Lanzo's president, is committed to resolving your individual concerns in a timely and appropriate manner.

Equal Employment Opportunity

It's Lanzo's policy to provide equal employment opportunity to all employees and applicants for employment and not to discriminate on any basis prohibited by law, including race, color, sex, age, religion, national origin, disability, marital status or veteran status. It is our intent and desire that equal employment opportunities will be provided in employment, recruitment, selection, compensation, benefits, promotion, demotion, layoff, termination and all other terms and conditions of employment. Lanzo's President and all managerial personnel are committed to this policy and its enforcement.

Employees are directed to bring any violation of this policy to the immediate attention of their supervisor or to Lanzo's president. Any employee who violates this policy or knowingly retaliates against an employee reporting or complaining of a violation of this policy shall be subject to immediate disciplinary action, up to and including discharge. Complaints brought under this policy will be promptly investigated and handled with due regard for the privacy and respect of all involved.

Drug- Free Workplace

Recognizing substance abuse (including Alcohol) is a detrimental problem facing society, Lanzo will do it's best to actively fight this problem. One of the ways we are addressing this problem is by implementing and maintaining a substance abuse policy to ensure that Lanzo will be a drug-free workplace.

We understand employees and applicants under a physician's care may be required to use prescription drugs; however. Illegal use of prescribed medications is also substance abuse and will be dealt with in the same manner as the abuse of illegal substances. The ultimate goal of this policy is to balance our respect for individual privacy with our need to keep a safe, drug-free environment. We encourage those who abuse drugs and or alcohol to voluntarily seek help. This policy contains an employee assistance resource file which allows employees and their families to find help in dealing with alcohol or drug abuse. However, it is the employee's responsibility to seek help before drug and alcohol problems lead to disciplinary action.

Legal Drug: Included prescribed drugs and over the counter medications which have been legally obtained and are being used solely for the purpose for which they were prescribed or manufactured.

Illegal Drug: Any drug: (a) which is not legally obtainable; (b) which may be legally obtainable but has not been legally obtained; or (c) which is being used in a manner or for purpose other than as prescribed.

Lanzo's Standard of Conduct requires that employees of this company shall not use illegal drugs or abuse alcohol or prescription medications. Any employee determined to be in violation of this policy is subject to disciplinary action, even for the first offense. In order to maintain this standard, Lanzo shall establish and maintain the program and rules set forth below, under applicable state laws.

A. Post-offer job Applicant Screening

Lanzo will conduct a post-offer drug test designed to prevent the hiring of individuals who use illegal drugs or abuse prescription medications. If a job applicant refuses to submit the required drug test, tampers with or adulterates a drug test specimen or has a confirmed positive drug result; he/she forfeits his/her eligibility for employment.

B. Current Employee Screening

Lanzo will conduct drug and or alcohol screens, as outlined in this policy, to identify employees who use illegal drugs or abuse alcohol, etc, either on or off the job. It shall be a condition of employment that all employees submit to a drug and / or alcohol screen in accordance with the provisions listed below. Lanzo may suspend employees without pay, under this policy, pending the results of a drug and / or alcohol test or investigation.

1. Reasonable Suspicion Testing

“Reasonable suspicion testing” means drug and/or alcohol testing based on an employer’s belief that an employee is using or had used drugs in violation of the employer’s policy, drawn from specific visual or verbal facts that would lead a reasonable person, without any medical training but normal life experiences, to conclude the possibility of drug and/or alcohol use. Whenever possible, the supervisor who is suspicious of an employee’s behavior should have the suspicious behavior confirmed by another supervisor or manager before requiring the employee to be tested. Employees who refuse to be tested will be terminated.

If there is reasonable suspicion that an employee is under the influence of drugs and/or alcohol, the employee will be required to undergo drug and /or alcohol testing at a laboratory chosen by Lanzo.

Occurrences that may be indicators of substance abuse and are considered grounds for reasonable suspicion are:

- a. Observable phenomena while at work, such as direct observation of drug use or of the physical symptoms or manifestations of being under the influence of a drug.
- b. Abnormal conduct or erratic behavior while at work or a significant deterioration in work performance.
- c. A report of drug use, provided by a reliable and credible source.
- d. Evidence that an individual has tampered with a drug test during his employment with the current employer.
- e. Information that an employee has caused, contributed to, or been involved in an accident while at work.
- f. Evidence that an employee has used, possessed, sold, solicited, or transferred drugs while working or while on the employer’s premises or while operating the employer’s vehicle, machinery, or equipment.

If an employee is arrested for or convicted of a drug-related crime, Lanzo will investigate all of the circumstances, and Lanzo officials may utilize the drug-testing procedure if cause is established by the investigation. An arrest for a drug-related crime constitutes reasonable suspicion of drug use under this policy. As a condition of employment an employee must notify the human resources of any criminal drug statute arrest or conviction within five (5) days of such arrest or conviction.

2. Accident and Injury Procedures

Any employee involved in a work related accident, which requires medical treatment, above and beyond first aid, must first receive treatment. The employee must then submit to a post-accident drug screen. A post accident alcohol test may apply. The employee must report for testing to the designated collection site within 24 hours of the accident, if the drug and/or alcohol collection is not performed following treatment. Failure to do so will be considered a refusal to test, resulting in immediate termination.

3. Routine Fitness-for-duty

Lanzo must require an employee to submit to a drug test **IF** the test is conducted as part of a routinely scheduled employee fitness-for-duty medical examination that is part of Lanzo's established policy **OR** that is scheduled routinely for all members of an employment classification or group. Employees subject to any routine fitness-for-duty testing will be notified in writing and be required to sign a routine fitness-for-duty consent form.

4. Return to work and Follow-up drug testing

If an employee in the course of employment voluntarily enters an employee assistance program for drug related problems, or an alcohol/ drug rehabilitation program, this company must require the employee to submit to a drug and / or alcohol test as a follow-up to such program. Advances notice of a follow-up testing date must not be given to the employee to be tested.

5. Random Testing

Lanzo may conduct random drug testing, as stated in applicable state laws. A third-party company designated by Lanzo will generate a computerized random list of employees who would be required to submit to a random screen. When an employee is chosen for a random drug screen, their name automatically returns to the pool for future random tests.

C. Basis for Discipline or Termination

1. Illegal Drug Use and Alcohol Abuse

Any employee using, selling, purchasing, possessing, soliciting or distributing illegal drugs and/or unauthorized alcoholic beverages on company property or company business will be in violation of this policy, resulting in immediate termination of employment. Any employee, who has a confirmed positive drug and/or alcohol test, as determined under applicable state laws as listed below, will be subject to Lanzo's disciplinary action, as outlined in the Employment Acknowledgement Agreement Form.

Table of Positive Drug Levels in Urine

2. Refusal to Test

Any employee who refuses to submit to a required drug and/or alcohol test will be subject to immediate termination of employment. A tampered with or an adulterated drug and/or alcohol specimen, will be considered a refusal to test, resulting in termination of employment.

D. Confidentiality

1. All information, interviews, reports, statement memoranda and drug test results, written or otherwise, received by the employer through a drug testing program are confidential communications and may not be used or received in evidence, obtained in discovery, or disclosed in any public or private proceedings, except in accordance with this Rule, in determining compensability. P. Educational Material On Substance Abuse

What is Substance Abuse?

Substance abuse is the harmful and dangerous use of alcohol and/ or other drugs. It affects all types of workers; male and female, young and old, production workers, executives, supervisors, clerical workers, and maintenance personnel. Anyone can have substance abuse problem. It can be prevented or treated by Substance Abuse Professionals. Alcohol and drugs may give the illusion of freeing you from the fears, responsibility, and petty hassles of everyday life. It can destroy you physically and mentally. Most people abuse drugs and alcohol as an escape from other problems such as families' problems, low self-esteem, financial worries and /or feelings of inadequacy. Many of us enjoy an occasional social drink or take legal drugs under a doctor's supervision. That is okay as long as we don't overdo it and misuse the substances. Various people handle alcohol in different ways. It isn't necessarily how much you drink; it's what happened when you drink; how it affects your life and those around you. Besides harming your body and mind, most abused drugs are illegal. Buying and using them could result in arrest, fines or even jail! The typical reasons given for taking the express train to Utopia with drugs are it helps me relax, it heightens the senses, it expands the mind and or it makes me feel confident. The truth is you can achieve these same feelings naturally without destroying your body and life. A "natural high" is legal. Hiding behind drugs or alcohol could lead to the biggest mistake of your life. Everyone pays for substance abuse. Abusers often have legal or health problems, conflicts at home, accidents on and off the job. Substance abuse is a major factor in half of all divorces. It contributes to domestic violence, child abuse and sexual abuse. Working with substance abusers can be unpleasant and dangerous. Substance abuse destroys work performance, resulting in reduced productivity, motivation, quality of work and increased employee theft.

It is never too late or too soon to change a substance abuse problem. If you suspect that you have a problem, don't think that it will go away if you ignore it. It will only get worse. The first thing you must do is accept the fact that abusing drugs and alcohol is like

playing with fire-it can and will destroy the lives of people just like you everyday. Pushing yourself to the limit with drugs and alcohol will only destroy all that you hope to be. Talk to a close friend about your problem, if your friends keep telling you that you have a problem, listen to them and take a good look at yourself. Sometimes it's not easy to see ourselves clearly.

Many companies have employee assistance program (EAP's) that refer you to professionals and groups to help you with your problem. They also provide information about insurance coverage for treatment. These programs are voluntary and confidential. No one can make you go or hold it against you if you do go. Lanzo realizes that anyone who is willing to seek help deserves Lanzo's support. Another source for help is your phonebook. Look in the yellow pages for health organizations, Social Services and Mental Health Organizations. Since substance abuse harms everyone, join with others to oppose it. Encourage those who need help to get it, at work or in the community. One of the most effective ways to fight substance abuse at work is for employees to unite against it. Make it clear that alcohol or drug use on the job is absolutely unacceptable.

THE MOST ABUSED SUBSTANCES AND THEIR EFFECTS ARE:

ALCOHOL – Alcohol is legal, socially acceptable and an inexpensive substance to use. Because it is an accepted part of many occasions, it's hard to recognize when you cross the invisible line from social drinking and abusive drinking.

The following check list may help you determine if you have a drinking problem. **Do You:** *lose time from work due to drinking? * want to drink in the morning? * have trouble sleeping? * drink to feel more confident or outgoing? * feel easily frustrated? * find you are overanxious or oversensitive? * blame others for your problems? * drink alone? * let family or job responsibility slide? * forget what happened when you're drinking? *find you have lost weight? *find your mind is not working quickly * have violent mood swings.

If you drink regularly, answering "yes" to any of these questions could indicate that you have a drinking problem.

Admitting that you have a problem is the first step. The best place to start solving it is by contacting **Alcoholics Anonymous**. An AA group is as close as your phone book.

Alcohol is a central nervous system depressant and is the most widely abused drug. About half of all auto accidents fatalities in this country are related to alcohol abuse.

Fact: A 12-ounce can of beer, a 5-ounce glass of wine and a 1-1/2 ounce shot of hard liquor all contain about the same amount of alcohol. Coffee, cold showers and exercise do not quicken sobriety. Each one-half ounce of alcohol takes the body about one hour to process. Alcohol first acts on those parts of the brain that affect self-control and other learned behaviors. Low self-control often leads to the aggressive behavior associated with some people who drink. In large doses, alcohol can dull sensation and impair muscular coordination, memory and judgment. Taken in larger quantities over a long period of

time alcohol damages the liver and heart and can cause permanent brain damage. On the average, heavy drinkers shorten their life span by about ten years. **Other Effects:**
***greatly impaired driving ability *reduced coordination and reflex action *impaired vision and judgment *inability to divide attention *lowering inhibitions**
***overindulgence (hangover) can cause: headaches, nausea, dehydration, unclear thinking, unsettled digestion and/or aching muscles.**

MARIJUANA – Marijuana is also known as “grass”, “pot”, “weed”, “Mary Jane”, “herb”, “a joint”, and “a roach”, among the other street names.

Fact: While alcohol dissipates in a matter of hours, marijuana stays in the body for 28 days. *Marijuana* alters sense of time and reduces the ability to perform tasks requiring concentration, swift reactions and coordination. The drug has a significant effect on judgment, caution, and sensory/motor abilities. **Other Effects:**
***increased pulse rate and blood pressure *rapidly changing emotions and erratic behavior *altered sense of identity *impaired memory *dulling of attention**
***hallucinations, fantasies and paranoia *reduction or temporary loss of fertility**

COCAINE – is a stimulant drug, which increases heart rate and blood pressure. As a powder, *Cocaine* is inhaled (snorted), ingested, or injected. It is known as “coke”, “snow”, “nose candy”, and “lady”. *Cocaine* is also used in a free-base form known as “crack” or “the rock” which is smoked. It acquired its name from the popping sound heard when it is heated. **Fact:** Many people think that because crack is smoked, it is “safer” than other forms of cocaine use. **It is not.** Crack cocaine is one of the most addictive substances known today. The crack “high” is reached in 4-6 seconds and lasts about 15 minutes. The most dangerous effects of crack are that it can cause vomiting, rapid heartbeat, tremors and convulsive movements. All of this muscle activity increases the demand for oxygen, which can result in a cocaine-induced heart attack. Since the heart regulating center in the brain is also disrupted, dangerously high body temperatures can occur. With high doses, brain functioning, breathing and heartbeat are depressed-leading to death. **Other Effects:**
***impaired driving ability *anxiety *reduced sense of humor *accelerated pulse, blood pressure and respiration mood swings *heightened, but momentary feeling of confidence, strength and endurance *paranoia, which can trigger mental disorders in users prone to mental instability *repeated sniffing/snorting results in irritation of the nostrils and nasal membrane *compulsive behavior such as teeth grinding or repeated hand washing**

AMPHETAMINES – are drugs that stimulate the central nervous system and promote a feeling of alertness and an increase in speech and general activity. Some common street names for amphetamines are “speed”, “uppers”, “black beauties”, “beenies”, “wake ups”, “football”, and “dexies”.

Fact: People with a history of sustained low-dose use quite often become dependent and believe they need the drug to get by. These users frequently keep taking amphetamines to avoid the down mood they experience when the high wears off. Even small, infrequent

doses can produce toxic effects in some people. Restlessness, anxiety, mood swings, panic, heartbeat disturbances, paranoid thoughts, hallucinations, convulsions and coma have been reported. **Other Effects:**

***loss of appetite *irritability, anxiety, apprehension *increased heart rate and blood pressure *difficulty in focusing eyes *exaggerated reflexes *distorted thinking *perspiration, headaches and dizziness *short term insomnia**

OPIATES – Opiates, including heroin, morphine, and codeine, are narcotics used to relieve pain and induce sleep. Common names are “horse”, “hard stuff”, “M”, “brown sugar”, “Harry” and “Mr. H”.

Fact: Heroin, also called “junk”, or “smack”, accounts for 90% of the narcotic abuse in this country. Sometimes narcotics found in medicines are abused. This includes pain relievers containing opium and cough syrups containing codeine. Heroin is illegal and cannot even be obtained with a physician’s prescription. Most medical problems are caused by the uncertain dosage level, use of unsterile needles, contamination of the drug, or combination of a narcotic with other drugs. These dangers depend on the specific drug, its source and the way it is used.

Other Effects:

***reduced vision, impaired driving ability *change in sleeping habits, drowsiness followed by sleep *constipation, decreased physical ability *short-lived state of euphoria, possible death**

PHENCYCLIDINE (PCP) – also called “angel dust”, “rocket fuel”, “super kools”, and “killer weed” was developed as a surgical anesthetic in late 1950’s. Later due to its unusual side effects in humans, it was restricted to use as a veterinary anesthetic and tranquilizer.

Fact: *PCP* is a very dangerous drug. It can produce violent and bizarre behavior even in people not otherwise prone to such behavior. More people die from accidents caused by erratic and unpredictable behavior produced by the drug than from the drug’s effect on the body. *PCP* scrambles the brain’s internal stimuli and alters how users see and deal with their environment. Routine activities like driving and walking become very difficult. Low doses of *PCP* produce a rush, sometimes associated with a feeling of numbness. Increased doses produce an excited, confused state including any of the following: muscle rigidity, loss of concentration and memory, visual disturbances, delirium, feelings of isolation and convulsions. **Other Effects:**

***impaired driving ability *drowsiness *thick, slurred speech *blank stare *involuntary eye movement *perspiration *repetitive speech patterns *incomplete verbal responses**

COMBINATIONS OF DRUGS – The number of drug variations that can be made, mixed and distributed is almost unlimited. Combining drugs makes physical and mental

effects unpredictable and often much more severe than if the same drugs were taken separately. Combining alcohol with depressants, cocaine, marijuana, etc. can be especially dangerous.

As long as there is a demand for drugs and alcohol there will be a supply, in ever-changing variations. The solution is preventing the demand for drugs and alcohol.

Hurricane & Severe Storm Plan

During such periods of time as are designated by the United States Weather bureau as being a hurricane alert, the Contractor shall undertake all precautions as necessary to safeguard the work and property, including the removal of all small equipment and materials from the site, lashing all other equipment and materials to each other and to rigid construction and any other safety measures as may be directed by the engineer.

In the event of a hurricane warning being issued, the following specific steps will be taken by Lanzo Construction to safe guard the construction work zone:

1. Lanzo will suspend all construction operations
2. Any open priority repairs will be made immediately
3. All open trenches will be backfilled
4. All material and equipment in the right-of-way will be removed
5. Secure any construction material in contractor's staging area
6. Remove all unnecessary traffic barricades and signs
7. Secure remaining barricades by "half burial" or "double sand bags"
8. Evacuate construction work zone.

All additional safety measures as may be directed by contracting agency, department or authority will receive Lanzo Construction's immediate attention.
