DEVELOPMENT REVIEW REPORT FOR A PLAT NOTE AMENDMENT

Project Description			
Plat Name:	RW Chambers Subdivision Addition No. 2	Number:	075-PL-79
Application Type:	Note Amendment	Legistar Number:	21-XXXX
Applicant:	Daniel A. Jaramillo	Commission District:	7
Agent:	Rod A. Feiner, Esq.	Section/Twn./Range:	36/50/41
Location:	East side of State Road 7, between Southwest 52 Court and Southwest 54 Street.	Platted Area:	5.2 Acres
Municipality:	Hollywood	Gross Area:	N/A
Previous Plat:	N/A	Replat:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
Meeting Date:	TBD – Pending City approval		

A location map showing this Plat designated within the plat for the purpose of assigning development entitlement is attached as **Exhibit 2**.

The Application is attached as **Exhibit 9**. The Planning and Development Management Division (PDMD) distributed the application to agencies for review, as required by Sec. 5-181 of the Land Development Code.

Platting History and Development Rights			
Plat Board Approval:	September 16, 1980	Plat Book and Page Number:	108-43
Date Recorded:	February 6, 1981	Current Instrument Number:	81037288
Plat Note Restriction			
Current Plat:	This plat is restricted to 80,739 sf of self storage warehouse excluding commercial square footage.		
Proposed Note:	This plat is restricted to the west forty feet (40') of Parcels 1 & 2 of this Plat, in conjunction with the development of the R.W. Chambers Subdivision No. 1 Plat, are restricted to 4,000 sf of office use and 32 residential mid-rise units and the remainder of the plat is restricted to 80,739 sf of self-storage warehouse which warehouse excludes commercial square footage.		
Extensions:	Not Applicable		

1. Land Use

Planning Council staff has reviewed the proposed plat note is consistent with the effective Land Use Plan for the City of Hollywood. That plan designates the area covered by this plat for the uses permitted in the “Transit Oriented Corridor” land use category. The proposed note amendment is in compliance with the permitted uses of the effective land use plan as stated on **Exhibit 3**.

2. Affordable Housing

This plat is not subject to Policy 2.16.2 regarding affordable housing, as it is not the subject of a Broward County Land Use Plan amendment.

3. Access

This project is located on South State Road 7 (US 441), which is a State Roadway. Florida Department of Transportation (FDOT) has issued a pre-approval letter, see **Exhibit 4**.

Staff from the Highway Construction and Engineering Division, Traffic Engineering Division and Transit Division have reviewed this application and have no objection to this note amendment.

4. Municipal Review

The City of Hollywood No Objections Letter/Resolution is currently pending. This item will only be scheduled for Commission meeting once Planning and Development Management Division receives response from the City.

The adjacent City of Dania Beach and Town of Davie has no objection to this request.

5. Concurrency – Transportation

This plat is located in Southeast Transportation Concurrency Management Area which is subject to Transportation concurrency fees, as defined in Section 5-182.1(a)(5)a) of Land Development Code.

The proposed plat generates 59 trips per PM peak hour, and the existing generates 21 trips per PM peak hour. This is an increase of 38 trips per PM peak hour.

	Existing Use Trips per Peak Hour (PM)	Proposed Use Trips per Peak Hour (PM)
Residential	0	13
Non-Residential	21	38
Total	59	
Difference	Increase of 38 Trips per Peak Hour	

6. Concurrency - Water and Wastewater Capacity

This plat receives water and wastewater from the utilities listed below:

	Potable Water	Wastewater
Utility Provider:	City of Hollywood	City of Hollywood
Plant name:	Hollywood (HOL)	Hollywood
Design Capacity:	37.500 MGD	55.500 MGD
Annual Average Flow:	25.629 MGD	40.810 MGD
Estimated Project Flow:	00.023 MGD	00.105 MGD

Sufficient capacity exists at this time to serve the proposed development; however, approval of this plat note does not guarantee reservation of future capacity. Plat approval does not infer any approval to connect to any

wastewater collection, treatment, or disposal system.

7. Concurrency – Regional Parks

Broward County Parks and Recreation Division reviews all projects for Regional Park impacts and have reviewed this application and have no objection to this note amendment. This plat with the amended note satisfies the regional park concurrency requirement of Broward County Land Development Code.

8. Concurrency - Public School

The School Board has reviewed the application and satisfies public school concurrency on the basis that there is adequate school capacity anticipated to be available to support the project as proposed. The School Board staff provided a School Capacity Availability Determination (SCAD) letter attached as **Exhibit 7**.

9. Impact Fee Payment

Road impact fees, previously assessed, were paid in their entirety prior to plat recordation. Transportation Concurrency and administrative fees, school impact fees, regional park impact and administrative fees will be assessed during the review of construction plans submitted for County environmental review approval by the Development and Environmental Review Section of the Planning and Development Management Division, in accordance with the fee schedule specified in the Land Development Code and must be paid on the date of building permit issuance.

10. Environmental Review

The plat note amendment application has been reviewed by Environmental Engineering and Permitting Division. **Exhibit 8** provides recommendations to the developer regarding environmental permitting for the future development.

11. Historic Resources

Review of available information including archival documents, maps, the Broward County Land Use Plan, and the Florida Master Site File by the County's consulting archaeologist indicates that the proposed development will not have an impact on historical or archaeological resources, and the consulting archaeologist has no objections to this application.

This property is located in the City of Hollywood and outside the jurisdiction of Broward County Historic Preservation Ordinance 2014-32. The applicant is advised to contact the City of Hollywood Planning Department, Planning Director, 954-921-3474, to seek project review for compliance with municipal historic preservation regulations.

In the event any unmarked human burial remains are discovered, pursuant to Florida Statute Chapter 872.05, all activity that may disturb the unmarked burial shall cease immediately, and the district medical examiner shall be notified. Such activity shall not resume unless specifically authorized by the district medical examiner or State Archaeologist. The Broward County medical examiner can be notified at either 954-357-5200 or med_exam_trauma@broward.org.

12. Aviation

The plat is within 20,000 feet of Broward County's Fort Lauderdale/Hollywood International Airport and North Perry Airport. Any proposed construction or use of cranes or other high-lift equipment must be reviewed to determine if the following apply: Federal Aviation Regulation Part 77; Florida Statutes Chapter 333; and/or the Broward County Airport Zoning Ordinance. Based on the location of the proposed project, Broward County and the FAA may need to review to determine whether the project is a potential hazard to aviation. To initiate the Broward County review, please contact kfriedman@broward.org. To initiate the Federal Aviation Review, access the FAA Web Page at: <http://oeaaa.faa.gov>.

13. Utilities

Florida Power and Light (FPL) and AT&T have been advised of this plat and provided no comments.

14. Notice to Applicant

The applicant is advised that, in accordance with Section 125.022, Florida Statutes, the issuance of a development permit by the County does not in any way create any rights on the part of the applicant to obtain a permit from a state or federal agency and does not create any liability on the part of the County for issuance of the permit if the applicant fails to obtain requisite approvals or fulfill the obligations imposed by a state or federal agency or undertakes actions that result in a violation of state or federal law.

Specific questions regarding any of the above comments may be directed to each review agency contact person. A list of agency contacts is available on the Planning and Development Management Division's web page at: www.broward.org/Planning/FormsPublications/Documents/ReviewAgencies.pdf

FINDINGS

Staff have reviewed the application and found that it meets the requirement of the Land Development Code and satisfies requirements for Concurrency:

1. This plat is located within the Southeast Transportation Concurrency Management Area. This district meets the regional transportation concurrency standards specified in Section 5-182.1(a)(5)a) of the Land Development Code.
2. This plat satisfies the drainage, water, wastewater, and solid waste disposal concurrency requirement of Section 5-182.6 of the Broward County Land Development Code.
3. This plat has been reviewed by the School Board and satisfies the public school concurrency requirements of Section 5-182.9 (a)(1) of the Land Development Code.
4. This plat satisfied the regional parks and recreation concurrency requirement of Section 5-182.7 (a) of the Broward County Land Development Code.

RECOMMENDATIONS

Based on the review and findings, staff recommends **DENIAL** of this application, subject to the following conditions which shall assure compliance with the standards and requirements of the Land Development Code:

1. The City of Hollywood No Objections Letter/Resolution is currently pending. This item will only be scheduled for Commission meeting once Planning and Development Management Division receives response from the City.
2. Any structure within this plat must comply with Section 2.1.f Development Review Requirements, of the Broward County Land Use Plan, regarding hazards to air navigation.

In addition, staff recommends that the Board authorize the Mayor to sign an order approving this agenda item subject to staff findings, comments and recommendations.

Broward County Planning and Development Management Division

FROM: Barbara Blake Boy, Executive Director 

RE: Plat Note Amendment for RW Chambers Subdivision Addition No. 2
(075-PL-79) City of Hollywood

DATE: August 12, 2021

Planning Council staff has reviewed the proposed revision to the restrictive note on the above referenced plat.

The Future Land Use Element of the City of Hollywood Comprehensive Plan is the effective land use plan for the City of Hollywood. That plan designates the area covered by this plat for the uses permitted in the "Transit Oriented Corridor" land use category. This plat is generally located east of State Road 7/U.S. 441, between Southwest 52 Court and Southwest 54 Street.

Regarding the existing and proposed mid-rise residential, self-storage warehouse and office uses, Planning Council staff notes the subject Transit Oriented Corridor permits a maximum of 5,309 dwelling units, 15,000,000 square feet of "Commercial" uses and 2,000,000 square feet of "Office" uses. To date, including this proposed development, 2,908 residential units, 3,839,942 square feet of "Commercial" use and 120,421 square feet of "Office" use have been proposed by plat or granted development permits. Therefore, the proposed 32 mid-rise units, 80,739 square feet of self-storage warehouse and 4,000 square feet of office use are in compliance with the permitted uses of the effective land use plan.

Planning Council staff notes that this plat is located within an area that was the subject of Broward County Land Use Plan (BCLUP) amendments PC 10-10/PCT 10-7, which were approved by the Broward County Commission on September 28, 2010, recognizing the following voluntary commitment:

- No new residential development shall be constructed within the 60+ Ldn contour located north of Griffin Road.

Planning Council staff notes that this plat is located south of Griffin Road.

The contents of this memorandum are not a judgment as to whether this development proposal complies with the Broward County Trafficways Plan, local zoning, other land development regulations or the development review requirements of the Broward County Land Use Plan including its concurrency requirements.

THIS PRE-APPLICATION LETTER IS EXTENDED UNTIL – July 16, 2022
THIS LETTER IS NOT A PERMIT APPROVAL

Wilford Zephyr
Zephyr Engineering
5451 Pierce Street
Hollywood, FL 33021

Dear Wilford Zephyr:

RE: **July 10, 2020** - Pre-application Review for **Category E Driveway**, Date of Pre-application Meeting: **June 11, 2020**
Broward County - Hollywood; SR 7; Sec. # 86100; MP: 5.70; Access Class - 5;
Posted Speed - 45; SIS - No; Ref. Project: FM 429576.2-BIKE LANE/SIDEWALK-Robert Lopes,

Request: Use existing right-in/right-out driveway on the east side of SR 7, located approximately 265 feet north of SW 54th Street.

SITE SPECIFIC INFORMATION

Project Name & Address: **5300 S. SR 7 Mixed-Use Development – 5300 South SR 7, Hollywood, FL**
Applicant/Property Owner: Daniel A. Jaramillo; Parcel Size: **2.06 Acres**
Development Size: **Commercial: 22,726 SF Retail/Commercial, 14,272 SF Restaurant, 49,975 SF Office, 200 Rooms Hotel, 64 Dwelling Units Condominium**

WE APPROVE YOUR REQUEST

This decision is based on your presentation of the facts, site plan and survey - please see the conditions and comments below. You may choose to review this concept further with the District Access Management Review Committee (AMRC).

Conditions:

- A minimum driveway length of 40 feet, as measured from the ultimate right-of-way line to the first conflict point shall be provided. If a gate is installed a minimum driveway length of 100 feet is required.
- A right turn lane is required and shall meet the minimum requirements in the Florida Design Manual (FDM) and shall provide a buffered bicycle lane. If the standard right turn lane requirement is not met, a Design Variation may be required to be submitted during permit review. A continuous right turn lane along the SR 7 frontage of the site is not allowed.
- A Traffic Study shall be provided prior to Permit. Coordination with the Traffic Operations office will be required to establish the methodology and requirements of the Traffic Study. Queuing analysis for the proposed drop-off area shall be included in the study. The study shall evaluate traffic signal control at the intersection of SR 7 and SW 52nd Court.

Comments:

- Letter revised on April 15, 2021 to update land use intensity. Time extension issued on July 16, 2021.
- All driveways not approved in this letter must be fully removed and the area restored.
- A Drainage Permit is required for any stormwater impacts within FDOT right-of-way (i.e. increased runoff or reduction of existing storage).
- The applicant shall donate property to the Department if right-of-way dedication is required to implement the improvements.
- Dimensions between driveways are measured from the near edge of pavement to near edge of pavement and for median openings are measured from centerline to centerline unless otherwise indicated.

The purpose of this Pre-Application letter is to document the conceptual review of the approximate location of driveway(s) to the State Highway System and to note required improvements, if any. This letter shall be submitted with any further reviews and for permitting. The Department's personnel shall review permit plans for compliance with this letter as well as current Department standards and/or specifications. Final design must consider the existing roadway profile and any impacts to the existing drainage system. **Note, this letter does not guarantee permit approval.** The permit may be denied based on the review of the submitted engineering plans. Be aware that any approved median openings may be modified (or closed) in the future, at the sole discretion of the Department. For right-of-way dedication requirements go to: <https://osp.fdot.gov>; click on Statewide Permit News; Scroll down to District 4; Scroll down to Additional Information and Examples and choose Right-of-way Donations/Dedications.

Please contact the Access Management Manager - Tel. # 954-777-4363 or e-mail: D4AccessManagement@dot.state.fl.us with any questions regarding the Pre-Approval Letter and Permits Office - Tel. # 954-777-4383 with any questions regarding permits.

Sincerely,

PLANNED AND FUNDED CAPACITY ADDITIONS IN THE ADOPTED DISTRICT EDUCATIONAL FACILITIES PLAN

School(s)	Description of Improvements
Stirling	There are no classroom additions scheduled in the ADEFP that will increase the reflected FISH capacity.
Attucks Middle	There are no scheduled classroom additions in the Adopted DEFP that would increase the reflected FISH capacity of the school.
Hollywood Hills	There are no capacity additions scheduled in the ADEFP that will increase the reflected FISH capacity of the school.

Students generated are based on the student generation rates contained in the currently adopted Broward County Land Development Code. Information contained herein is current as of the date of review. A traditional cohort survival methodology is used to project school-by-school District traditional school enrollment out over the next five years, and a proportional share of charter school enrollment is used to project future charter school enrollment by school level Districtwide. For more information: <http://www.broward.k12.fl.us/dsa/EnrollmentProj.shtml>. The benchmark enrollment count taken on the first Monday following Labor Day is used to apply individual charter school enrollment impacts against school facility review processes.

Comments

Exhibit B

According to the application, no units are on the site. The application proposes 64 high-rise units, which is anticipated to generate 2 (1 elementary, and 1 middle school) students.

The school Concurrency Service Areas (CSA) serving the project site in the 2020/21 school year include Stirling Elementary, Attucks Middle and Hollywood Hills High Schools. Based on the Public School Concurrency Planning Document (PSCPD), all three schools are currently operating below the Level of Service Standard (LOS), which is established as the higher of: 100% gross capacity or 110% permanent capacity. Incorporating the cumulative students anticipated from this project and approved and vested developments anticipated to be built within the next three years (2020/21- 2022/23), these schools are expected to maintain their current status through the 2022/23 school year. It should be noted that utilizing the student generation rates in the Broward County Land Development Code, the project is only anticipated to generate students at the elementary and middle school level. Additionally, the school capacity or Florida Inventory of School Houses (FISH) for the impacted schools reflects compliance with the class size constitutional amendment.

There are no charter schools located within a two-mile radius of the site in the 2020/21 school year. Students returning, attending or anticipated to attend charter schools are factored into the five-year student enrollment projections for District schools. Enrollment projections are adjusted for all elementary, middle and high schools impacted by a charter school until the charter school reaches full enrollment status.

To ensure maximum utilization of the impacted CSA, the Board may utilize school boundary changes to accommodate students generated from developments in the County.

Capital Improvements scheduled in the currently Adopted District Educational Facilities Plan (DEFP), Fiscal Years 2020/21 to 2024/25 regarding pertinent impacted schools are depicted above.

This application satisfies public school concurrency on the basis that there is adequate school capacity anticipated to be available to support the project as proposed. This preliminary determination shall be valid for 180 days for a maximum of 64 high-rise units and conditioned upon final approval by the applicable governmental body. As such, this Preliminary School Capacity Availability Determination (SCAD) Letter will expire on January 23, 2022. This preliminary school concurrency determination shall be deemed to be void unless prior to the referenced expiration of the preliminary SCAD, notification of final approval to the District has been provided and/or an extension of this preliminary SCAD has been requested in writing and granted by the School District. Upon the District's receipt of sufficient evidence of final approval which shall minimally specify the number, type and bedroom mix for the approved residential units, the District will issue and provide a final SCAD letter for the approved units, which shall ratify and commence the vesting period for the approved residential project.

Please be advised that if a change is proposed to the development, which increases the number of students generated by the project, the additional students will not be considered vested for public school concurrency.

FROM: Lorenzo Fernandez, Assistant Director, EEPD

SUBJECT: Plat Note Amendment Review

The Environmental Engineering and Permitting Division (EEPD) has reviewed the application for modifications to the Development Review Report for the subject plat. Pursuant to the request by the applicant, staff reviewed the information contained in the request, the application, the property survey, the site plan (or conceptual access plan), the recorded plat, and the Development Review Report approved by the County Commission.

REVIEW OF PLAT APPLICATION (please submit electronically)	
Plat Number: 075-PL-79-A	Folio: 504136140010, 504136130010
Plat Name: RW Chambers Subdivision Addition No. 2

Applicant's Request: Plat Note Amendments	
Division: Environmental Engineering and Permitting	

Staff proposes the following disposition:

Reviewer's Name: Yvel Rocher

Exhibit B

**Program: Domestic and Non-Domestic Wastewater
And Surface Water Management**

Any objection to the plat as submitted.

Answer: No

This plat is subject to the comments noted below.

Answer: Yes

Plat Comments, as needed:

1. The Broward County Domestic Wastewater Licensing Program has no objection to the described plat note amendment. Nonetheless, should there be a significant flow generation from the site, advanced planning and upgrades to the downstream/off-site wastewater facilities may be warranted. Contact the Environmental Engineering and Permitting Division at 954-519-1483 or WWLicense@broward.org for specific code requirements.

2. The Broward County Non-Domestic Wastewater Program has no objection to the described plat note amendment because no non-domestic wastewater discharge is anticipated for the site. Nonetheless, should there be proposed non-domestic wastewater discharges, these must meet the criteria under Chapter 27, Article V, Sections 27-193(b)(3)a, 27-193(b)(4)a, 27-194(b), and 27-198(c) of the Broward County Code of Ordinances. Contact the Environmental Engineering and Permitting Division at 954-519-1483 or NDDLLicense@broward.org for specific code requirements.

3. In accordance with Chapter 27, Article V, Sections 27-198 through 27-200 of the Broward County Code, titled Water Resources Management, prior to any alteration to the site grading, or construction of a surface water management system, a Broward County Surface Water Management License is required. Contact the Environmental Engineering and Permitting Division at 954-519-1483 or SWMLicense@broward.org for specific code requirements.

Reviewer's Name: Linda Sunderland

Exhibit B

Program: Aquatic and Wetland Resources

Any objection to the plat as submitted.

Answer: No

This plat is subject to the comments noted below.

Answer: Yes

Plat Comments, as needed:

1. Review of available information by staff of the Water and Environmental Licensing Section of the Broward County Environmental Engineering and Permitting Division determined that, at this time, there are no indications of wetlands within the boundaries of the plat. Therefore, a Conceptual Dredge and Fill Review Report is not required. Based upon the present conditions within the site, filling of the land area will not require an Environmental Resource License.
2. The Water and Environmental Licensing Section of the Environmental Engineering and Permitting Division encourages all invasive exotic vegetation including Melaleuca, Brazilian pepper, Australian pine and others as listed in the Exotic Pest Plant Council's List of Florida's Most Invasive Species to be removed during the development process, and a management plan may be necessary to control re-invasion of same. In addition, landscape material should not include any plants considered to be invasive of South Florida's native plant communities. The Exotic Pest Plant Council's List of Florida's Most Invasive Species is available at <https://www.fleppc.org/list/list.htm>.
3. Other activities regulated under Chapter 27, Article XI of the Natural Resource Protection Code (e.g., lake or canal excavation, installation of headwalls, end walls, or outfalls) may require an Environmental Resource License. Prior to undertaking surface disturbing activities, contact the Environmental Engineering and Permitting Division at 954-519-1483 or AWRLicense@broward.org for specific code requirements.

MEMORANDUM

To: Karina Da Luz, Planning Section Supervisor
Growth Management Department

From: Rod A. Feiner, Esq.

Date: 07/12/2021

Subject: Narrative for Plat Note Amendment
R.W. Chambers Subdivision Addition No. 2 Plat

The Applicant and Owner is requesting to make the following amendment to the existing plat note:

Existing Note

This plat is restricted to 80,739 sq. ft. of self-storage warehouse excluding commercial square footage.

Proposed Note

The west forty feet (40') of Parcels 1 & 2 of this Plat, in conjunction with the development of the R.W. Chambers Subdivision Addition No. 1 Plat, are restricted to 4,000 sq. ft. of office use and 32 residential mid-rise units and the remainder of the Plat is restricted to 80,739 sq. ft. of self-storage warehouse which warehouse use excludes commercial square footage.

This plat was recorded in 1981 and in 1988 the plat note was amended to reflect the existing plat note. This was accomplished through a Plat Note Amendment Agreement recorded at OR Book 15573, Page 276 of the Public Records of Broward County, Florida.

Exhibit B

The Property is located to the east of US 441 just north of the Seminole Hard Rock Casino. Between this property and US 441 is the property contained within the R.W. Chambers Subdivision Addition No. 1 Plat. Thus, this property is not adjacent to US 441.

While the R.W. Chambers Subdivision Addition No. 1 Plat and the R.W. Chambers Addition No. 2 Plat are adjacent to one another, the ownership of the property does not occur along the plat lines. Instead, the Owner of the R.W. Chambers Subdivision Addition No. 1 Plat also owns a small portion of the property set forth within the R.W. Chambers Subdivision Addition No. 2 Plat. A small portion of the plat is currently being utilized as a used car lot and the remainder of the property, which is owned by a third-party, is currently being used as a self-storage warehouse. That is the reason the self-storage warehouse portion of the existing Plat Note is to remain.

As previously stated, the Applicant owns the eastern 40 feet of the property contained within this Plat and proposes to substantially redevelop the property, in conjunction with the property contained within the R. W. Chambers Subdivision No. 1 Plat, as mixed-use building containing both commercial, office, hotel and condominium elements. The office and condominium are mostly located on the R.W. Chambers Subdivision No. 1 Plat but a portion of these units are also being located within the boundaries of this Plat. A floor plan of the proposed development, showing the plat line and how the development exists with the plat line, is attached.

As a result of the above the County requires that the Plat Note be amended to reflect the level of development on this Plat even though the impact fees associated with this level of development are counted towards and made a part of the R. W. Chambers Subdivision No. 1 Plat. Since the proposed plat note is consistent with the City and County's Land Use Plan and is also consistent with the current City Zoning Code the requested amendment to the plat note should be approved.
