

Piggyback Checklist

Using Department(s): Department of Public Utilities/ Water Treatment Plant

Piggyback Contract Number/Name: City of Pompano Beach Contract # 1693 awarded to Odyssey Manufacturing Co. (competitively awarded under RFQ E-19-22 design maintenance and repair of chemical feed systems)

Services/Supplies to be provided: The Contractor shall provide maintenance, replacement, new installations and repair work for its chemical systems at the City of Hollywood's Water Treatment Plant. All work shall include labor, materials, equipment, temporary equipment, documentation, engineering services, minor permitting, training, and startup services as needed.

Why are Services/Supplies being obtained via piggyback (as opposed to issuing a solicitation or obtaining quotes): The services are being obtained via piggyback based on the City of Pompano Beach (Pompano) advertised solicitation in July of 2022, and the secured favorable rates. The Pompano contract is an all-encompassing contract that includes professional/consulting services, design, grant application & management, maintenance, and repair of chemical feed systems. The City of Hollywood would benefit from the prices and services obtained from this Solicitation through the end of the original contract period date of 11/13/27. If the City pursued a Solicitation at this time, the escalating cost of these types of services, coupled with the current inflation rates, would result in much higher cost and a financial forfeiture for the City.

Procurement Code, Section 38.41(C)(5):

(5) *Piggyback purchases.* The CPO (Chief Procurement Officer) may procure, without following formal solicitation procedures, all goods, supplies, materials, equipment, and services that are the subject of contracts with the state, its political subdivisions, the United States government, other governmental entities, or a corporation not for profit whose members are governmental entities, public officers, or any combination thereof ("piggyback"), provided that the goods, supplies, materials, equipment, or services are the subject of a price schedule negotiated by the entities listed above and is based strictly on competitive bids, quotations, or competitive proposals and not on any preference. Utilization of other governmental entities' contracts shall be permitted only during the term of the other governmental entity's contract.
