This flamingo mural was a very excited project, I fell in love with the idea of painting, a flamingo since it match perfectly my art style, the hibiscus and other elements I incorporate as the moon and the abstract sun were added to complement the theme of fauna and flora I wanted to create, the flamingo is looking at the east to enjoy the sunrise every morning in our beautiful Hollywood beach.

The flamingo and his bold and vivid colors on high-quality waterproof and weatherproof acrylic painting are made to long lasting fresh and beautiful, the surface was cleaned, and prepared with a primer to ensure adherence of the acrylics and the acrylic paint itself were enhanced with a un protection additive due to the fact that the mural is facing our pretty beach sun every day.

For this composition, I mixed abstract elements designing the flamingo feathers upon shapes and colorful lines, and realistic techniques for the hibiscus flowers on the bottom, ending with some geometric elements such as the sun and the moon on the sides.

I draw by hand all the elements on the spot without using any kind of stencil or projector for support.

My name is Nathaly Diaz and I hope you're enjoyed my creation. Thanks so much.

THE CREATOR

Nathaly Diaz, a Colombian American visual artist, based in Florida, has been creating since she can remember. Formed in Cali Colombia at the *Instituto de Bellas Artes de Cali*, as an artist; and also attended engineering school at *Pontificia Universidad Javeriana de Cali*, she often mentioned how both careers formation has been a key into her development as *artist* and entrepreneur. She describes her artistic process as harmony through chaos, which hints at her approach to mixed media and bringing different materials into one painting. Bold images, bright colors and an epoxy finish are a common theme in her artwork.

As an entrepreneur Diaz is dedicated to giving back to the community and using art to bring people together. She founded her art studio Colectivo Creativo corporation in 2018, where many activities related to art awareness are held in benefit of the community. Besides her acclaimed commission work, She has sponsored various events for local churches and schools where she leads a group in a canvas painting. Her portfolio includes pro bono work and private sponsored art, always giving her full potential in every aspect of her career.

You can check out Diaz's art at her studio, Colectivo Creativo, in Hallandale Beach, Florida.

- ii. The artwork should enhance and contribute to the character of the area.
- iii. The artwork shall be in compliance with all life safety requirements and with the vision clearance requirements of § 4.23.B.7.c. of this code.
- iv. The artwork shall not cover windows, doors, or otherwise mask architectural details in a manner that detracts from the architecture of the building.
- v. If the artwork is placed on a façade, the façade must be visible to the public from a safe place, and must have enough suitable blank wall space in good repair. The Public Art Committee shall consider whether it blocks access or required parking, and whether the façade is lit.

(3) Design:

- i. The quality of the artwork, media, materials, and methods of installation used, shall be of high quality and durable. Painted artwork shall include an ultraviolet fade resistant clear coat; and
- ii. The permanence of the artwork, considering environmental conditions of the site and maintenance requirements.

Maintenance. Article 3, § 3.22, proposed Section J, 3(j) & (k)

(1) **Obligation.** For artwork incorporated into development projects, the obligation for maintenance to preserve the artwork in good condition shall remain with the property owner and the owner's successors and assigns. The City shall ensure the maintenance of artwork on public property.

(2) **Standards.** All artworks shall be maintained to ensure its appearance and shall not show evidence of deterioration, weathering, discoloration, rust, or other conditions reflective of deterioration or inadequate maintenance. Maintenance shall not result in changes or alterations to the approved artwork.

(3) **Enforcement.** Failure of any persons or entities to comply with the regulations pertaining to the artwork as set forth in this subsection shall be subject to enforcement procedures set forth in Chapter 36 of the Code of Ordinances, Section 10.3 of the Zoning and Land Development Regulations, and the removal requirements set forth in subsection J.3.h. below.

Removal of artwork. Article 3, § 3.22, proposed Section J.3.h,

(1) After artwork has been approved by the Public Art Committee in accordance with these regulations, such artwork shall be retained and maintained on site in its approved location and shall not be removed or relocated without prior approval of the Public Art Committee and of a reasonably equivalent replacement artwork, unless subsection h (4) has been complied with.

(2) Responsibility. The property owner shall be responsible for removal of the artwork that is not maintained in good condition and appearance, showing evidence of deterioration, weathering, discoloration, rust, or other conditions reflective of deterioration or inadequate maintenance.

(3) Enforcement. Failure to remove the artwork upon notification by the City shall subject the property owner to all enforcement procedures.

(4) Payment of In Lieu Fee. If the artwork is removed, the property owner shall contribute to the fund in an amount equal to the amount of the in-lieu public art fee that would have initially been required based on the project cost. Such a fee shall be paid within 30 days of notification from the City that the artwork was removed.

Artwork/Materials shall mean tangible creations by artists exhibiting the highest quality of skill and aesthetic principles and includes all forms of the visual arts conceived in any medium, material, or combination thereof, including but not limited to paintings, sculptures, engravings, carvings, frescos, stained glass, mosaics, mobiles, tapestries, murals, photographs, video projections, digital images, bas-relief, high relief, fountains, kinetics, collages, drawings, monuments erected to commemorate a person or an event, functional furnishings such as artist designed seating and pavers, architectural elements designed by an artist, and artist designed landforms or landscape elements. The medium can include but is not limited to materials such as paint, glass, steel, bronze, wood, stone and concrete. Artwork shall not be construed as a sign.

Prohibited Artwork/Materials

The following shall not be considered artwork for purposes of this subsection:

- Reproductions or unlimited copies of original art.
- Art objects that are mass produced.
- Works that are decorative, ornamental, or functional elements of the architecture or landscape design, except when commissioned from an artist, landscape architect, or architect as an integral aspect of a structure or site.
- Political and religious messaging, campaigns, ideologies, or propaganda.

Exemption

Notwithstanding the foregoing, the City Commission may partially or totally exempt a project from the public art program that consists of

- (i) the reconstruction or replacement of buildings or structures that have been damaged by fire, flood, wind, or other natural disaster,
- (ii) improvements required to address sea-level rise, and
- (iii) projects on public property.

10. Maintenance Plan

Maintenance Plan for The Surf Beachside Building Mural:

Objective:

Ensure the longevity and aesthetic appeal of the mural by implementing a comprehensive maintenance plan.

Frequency:

Assess the condition of the mural bi-annually to identify any signs of wear, fading, or damage.

Materials:

Use high-quality paint and weatherproofing materials to withstand the coastal environment and ensure durability.

Tasks:

1. Bi-Annual Inspection:

- Inspect the mural for any signs of damage, such as cracks, peeling, or fading.
- Check for any areas where moisture may have penetrated the surface.
- Evaluate the condition of the weatherproofing materials and touch up as needed.

2. Cleaning:

- Remove any dirt, debris, or bird droppings from the surface of the mural.
- Use a gentle cleanser and soft brush to avoid damaging the paint.

3. Repairs:

- Address any cracks, chips, or other damage promptly to prevent further deterioration.
- Touch up areas where the paint has faded or peeled using matching colors.

4. Reapplication of Weatherproofing:

- Apply a fresh coat of weatherproofing sealant to protect the mural from moisture, UV rays, and salt air.
- Ensure all edges and corners are properly sealed to prevent water ingress.

5. Budget Allocation:

- Allocate a budget of \$500 per year for maintenance expenses.
- Adjust the budget as needed to ensure compliance with maintenance requirements and the longevity of the mural.

The mural displayed exhibits exceptional durability and longevity owing to its use of acrylic paint, coupled with a clear coat UV protection and weatherproofing treatment. This composition lends itself well to outdoor applications due to its resistance to fading, cracking, and flaking, especially when paired with UV protection and weatherproofing measures.

The mural's vibrant colors, sharp lines, and smooth texture are indicative of acrylic's ability to retain its original appearance over time. Additionally, the absence of visible cracks, chips, or peeling further underscores the durability of the paint.

Furthermore, the application of a clear coat UV protection and weatherproofing treatment provides an additional layer of defense against environmental factors.

Additionally, conducting research on the durability and performance of acrylic paints and UV protective coatings from reputable manufacturers can offer further insight into their longevity potential. Look for products that are specifically formulated for outdoor use and tout extended lifespan guarantees, such as ten years or more.

By combining the inherent resilience of acrylic paint with the added protection of UV-resistant and weatherproof coatings, the mural is poised to withstand the rigors of outdoor exposure and maintain its integrity for a decade or more.

6. Documentation:

- Keep records of all maintenance activities, including inspection dates, repairs made, materials used, and expenses incurred.
- Document any changes in the condition of the mural over time.

By following this maintenance plan, I will preserve the beauty and integrity of the mural for years to come while ensuring compliance with maintenance standards.

The mural of a flamingo on my building on Hollywood Beach, FL, serves as a vibrant representation of our tropical climate and beach neighborhood, enhancing the aesthetic appeal and cultural vibrancy of the area.
