David,

Attached you will find the letter from Nikki's on the Green requesting the final extension of the current agreement.

We believe it is in the best interest of the operation to grant the proposed extension of the agreement. This would provide consistency and continuity going into the season.

The current rent structure covers the restaurant building's expenses for electricity, water, waste removal and sewer for the year. Also, the liability of the liquor license and personnel would remain a Nikki's on the Green responsibility.

Please call me if you have any questions.
