Explanation:

This Resolution seeks authorization for the appropriate City Officials to execute and issue a blanket purchase order to W.W. Grainger, Inc., "Grainger", from the City of Hollywood for the purchase and supply of various maintenance, repair and operating supplies to be used in the maintenance and repair of City facilities. Previously, Grainger was awarded a State of Florida contract designated as contract number 450-000-11-ACS for the provisioning of Maintenance, Repair, Operating (MRO): Facilities Maintenance Supplies for an initial term of three (3) years expiring on February 28, 2014. Prior to the expiration of this contract, an agreement was reached between the parties to renew the state contract for an additional three (3) years with the renewal contract to expire on February 28, 2017.

The City's Purchasing Ordinance at §38.40(C)(5) permits the Director of Procurement to procure, without formal procedures, all goods and services which are subject of contracts with the state, its political subdivisions, the United States government, other governmental entities, or a corporation not for profit whose members are governmental entities, public officers, or any combination thereof, provided however, the goods and services are: (i) the subject of a price schedule negotiated by the state or the United States government, or (ii) the subject of a contract with another governmental entity or a corporation not for profit whose members are governmental entities, public officers, or any combination thereof, which contract is based strictly on competitive bids or competitive proposals and not on any preference.

The City desires to issue a blanket purchase order to Grainger based upon the terms, conditions, and pricing as contained in the State of Florida contract for maintenance, repair, operating (MRO) facilities maintenance supplies for an estimated annual cost of \$110,000.00. The term of the proposed City's agreement with Grainger will run from October 7, 2015 through February 28, 2017, the balance of the renewal period under the State contract. Funding for the estimated cost of these maintenance, repair and operating supplies will be made available in the adopted and approved FY 2016 Operating Budget in various maintenance related line item accounts of the City's departments and offices subject to the adoption and approval of the FY 2016 Operating Budget by the City Commission. Funding for the procurement of maintenance related supplies in future fiscal years will be provided in the appropriate fiscal year's operating budget subject to the approval of the City Commission.
