Failure to keep and provide detailed accounting records on a regular basis will be considered a material default by MWV. All financial records are to be made accessible to City staff, upon request, during operating business hours and at a location within the City of Hollywood.

At MWV's expense, within one hundred and twenty (120) days after the end of each Year of this Agreement, MWV shall prepare and deliver or cause to be prepared and delivered to the City an annual audited financial statement for Hollywood Beach Golf and Country Club certified to be correct by MWV and prepared by a certified public accountant in accordance with consistent practices governing cash receipts, which shall at a minimum

contain a statement of the Gross Revenues and Expenses. At all reasonable times the City shall be given access to MWV's business records to allow the City to audit the annual statement.

If MWV shall fail to prepare and deliver or cause to be prepared and delivered any of the above records and statements and such failure continues after thirty (30) days written notice by the City to MWV, the City may cause an audit to be made of all books, records and accounts of business operations conducted in, on or from the Licensed Premises and for such delinquent accounting period and may prepare the statement or statements which MWV shall have failed to prepare and deliver. Said audit or audits shall be in addition to any other audits required herein and MWV shall pay on demand all expenses of any audit contemplated by this Paragraph.

13. Reclaimed Water Requirements

MWV shall purchase reclaimed water from the City, when available, for irrigation purposes. The annual average daily flow reserved capacity for the Hollywood Beach Golf and Country Club Golf Course is 213,000 gallons per day. MWV hereby agrees to pay a monthly fee, rate and/or charge for reclaimed water supply services as set by City Ordinance which may be changed from time to time but which is currently the sum of ten cents (\$.10) per one thousand (1,000) gallons. CITY shall set the same fees, rates, and charges for all reclaimed water users. Such fees, rates and charges shall be adopted or amended by resolution and/or ordinance of the City's Commission. City shall hold public hearings on adjustments to the rates and charges in the manner provided by law. This gallonage charge along with Utility Tax will be MWV's only charge for reclaimed water. In the event MWV requests reclaimed water flow in excess of the reserved capacity, City, upon consideration of other commitments and operational requirements (including limited storage capability), shall provide the excess reclaimed water flow at no charge, if available. MWV shall have no obligation to accept the reserved capacity of reclaimed water, but it shall be provided as set forth herein and MWV shall pay the applicable charges regardless of whether or not MWV takes reclaimed water when available.

MWV agrees to allow City to maintain on the Hollywood Beach Golf and Country Club Golf Course property, facilities including holding pond, reclaimed water meter station, or transmission system that the City may deem necessary to be maintained for the purpose of providing reclaimed water. Such facilities are a part of the City facilities to be operated and maintained by the City. City designed the reclaimed water system so that the existing well water system will continue to be available as a back-up system in emergency situations. MWV hereby grants to City necessary access to these facilities for operation and maintenance purposes. MWV agrees to maintain irrigation system downstream of the point of connection to City facilities to enable acceptance of the reclaimed water reserved capacity. MWV agrees to abide by the requirements of Parts I and III of Rule 62-610, Florida Administrative Code, as amended, pertaining to the land application of reclaimed water for irrigation purposes.

The parties hereby acknowledge that in the event that there is a need to expand or relocate the reclaimed water pond as part of the planned capital improvement relating to drainage

listed in Exhibit “B”, the parties may explore the availability of grant opportunities relating to such matter.

14. Taxes and Utilities

14.1 Applicable Taxes

During the term hereof, MWV shall be responsible and liable to timely pay and discharge, before any fine, penalty, interest or cost may be added, any and all federal, state and local taxes, personal property taxes, all ad valorem real property taxes (if applicable), fees, assessments and charges levied as a result of use of the premises and activities covered by this Agreement. City represents to MWV that the licensed premises and improvements thereon are currently exempt from ad valorem taxation and City will make good faith efforts to continue to maintain the tax exempt status on the licensed premises during the term of this Agreement. Subject to MWV’s rights to appeal the applicability or legality of same, failure of MWV to remit such taxes when notified by any federal, state or local authority that such are overdue shall constitute a material breach of this Agreement for which the City may exercise any remedy available to it by law or as provided herein.

If the premises and improvements thereon are ever determined to be subject to ad valorem taxation, then MWV shall be responsible and liable to pay such ad valorem taxes.

14.2 Utilities

MWV shall pay on a timely basis all charges for utilities, including electricity, gas, heating, cooling, telephone, water, sewer, gallonage charge on reuse water, and sanitation used by MWV on the leased premises. In the event MWV fails to make timely payment of such charges resulting in a lien being placed on the licensed property, such event shall constitute a material default under this Agreement which shall trigger the City's rights and remedies hereunder. In addition, the City shall have the same rights to discontinue water service to the licensed premises that it has with respect to its regular water and sewer customers, and MWV waives and releases the City, its officers, employees and agents, from any and all claims for constructive, unlawful or improper eviction that it may otherwise have by reason of such discontinuance by the City; provided, however, that the City shall not discontinue water service while a good faith dispute exists regarding the amount owed by MWV to the City for water and sewer service, if MWV promptly notifies the City of the existence of said dispute.

15. Termination

- 15.1** The City may terminate this Agreement with cause in the event of default by MWV, provided that City notifies MWV in writing of the default and MWV fails to cure the event of default within 45 days of City’s notice in accordance with Paragraph 16 below.

15.2 MWV may terminate this Agreement in the event of breach or default by the City, provided that MWV notifies City in writing of the breach or default and City fails to cure the breach or default within ninety (90) days of MWV's notice.

16. Event of Default

An Event of Default shall mean a breach of this Agreement by MWV. Without limiting the generality of the foregoing and in addition to those instances referred to herein as a breach, an Event of Default shall include the following:

1. MWV has not delivered/performed all aspects of this Agreement on a timely basis;
2. MWV has refused or failed, except in any case for which an extension of time is provided, to supply enough properly skilled personnel;
3. MWV has failed to make prompt payment to subcontractors or suppliers for any services;
4. MWV has become insolvent (other than as interdicted by the bankruptcy laws), or has assigned the proceeds received for the benefit of MWV's creditors, or MWV has taken advantage of any insolvency statute or debtor/creditor law or if MWV's affairs have been put in the hands of a receiver;
5. MWV has failed to obtain the approval of the City where required by this Agreement; and
6. MWV has failed in the representation of any warranties stated herein.

If MWV shall abandon or vacate the premises before the end of the term of this Agreement, or is in material default of this Agreement, and the material default is not cured within forty-five (45) days written notice of such default and MWV shall provide City within the 45 day cure period with documentation for remedying the default; the City may, at its option, forthwith exercise its rights and remedies hereunder, including applying the Payment and Performance Bond(s) or MWV's Letter of Credit cure such defaults and/or termination of this Agreement. If sufficient funds are not available from such sources to cure MWV's default(s); and in the event of any such termination by City, the City may enter said premises as the agent of MWV, by legal process or otherwise, without being liable in any way therefore and re-license the premises with or without any furniture that may be therein, as the agent of MWV, and if the full compensation herein provided shall not be realized by City over and above the expenses to City in such re-licensing, MWV shall pay any deficiency. MWV agrees to pay the cost of collection, including the City's attorney's fee for any legal action upon default by MWV that MWV does not cure, including any costs or fees incurred by City to recover possession of the licensed premises.

Any waiver by City or MWV of an event of default on the part of the other party shall not be construed as, or constitute a waiver of, any subsequent event of default of the same or any other term, covenant and condition herein contained to be kept and performed by either party.

In the event this Agreement is breached and uncured by MWV and therefore terminated

other than by mutual agreement prior to its normal expiration date, the City may apply any remaining funds from MWV's Letter of Credit or the Payment and Performance Bond(s) being held by City against any outstanding capital improvement obligations of MWV or the maintenance and operation obligations of MWV for the Licensed Premises. Upon termination of this Agreement for cause, the City will diligently pursue the obtaining of a new operator to take over operation of the licensed facilities. As provided in this Agreement, all improvements made by MWV to the licensed premises and all equipment purchased by MWV shall become the property of the City with no liability to City based on termination of this Agreement.

17. Removal of MWV's Property Upon Termination

Upon early termination of this Agreement for cause, MWV shall remove its equipment and furnishings which belong to MWV and do not otherwise become the property of the City from the premises within thirty (30) days of the termination of this Agreement. However, MWV's failure to remove its personal property within the period stated shall automatically be deemed abandonment by MWV of said equipment and shall become the property of City, or at the City's option, removed and stored at MWV's expense. Any capital improvements made by MWV shall remain the City's property according to the provisions of this Agreement.

18. Successors and Assigns

The City and MWV each bind itself and its partners, successors, executors, administrators and assigns to the other party of this Agreement and to the partners, successors, executors, administrators and assigns of such other party, in respect to all terms and conditions herein. Nothing herein shall be construed as giving any rights or benefits hereunder to anyone other than the City and MWV.

19. Applicable Venue

This Contract shall be governed by the laws of the State of Florida. Any and all legal action necessary to enforce the parties' rights under this Agreement shall be held in Broward County Circuit Court. No remedy herein conferred upon any party is intended to be exclusive of any other remedy, and each and every such remedy shall be cumulative and shall be in addition to every other remedy given hereunder or now or hereafter existing at law or in equity or by statute or otherwise. No single or partial exercise by any party of any right, power, or remedy hereunder shall preclude any other or further exercise thereof.

20. Discrimination

MWV warrants, represents and covenants that it does not and will not unlawfully discriminate in its hiring practices.

21. Enforcement Costs

Except as otherwise expressly provided herein, in any legal action or other proceeding brought for the enforcement of the parties' rights hereunder, to the extent permitted by law, the successful or prevailing party shall be entitled to recover reasonable attorney's fees, court costs and all expenses (including taxes) even if not taxable as court costs (including, without limitation; all such fees, costs and expenses incident to appeals), incurred in that action or proceeding, in addition to any relief to which such party or parties may be entitled.

22. Authority to Practice

The City and MWV hereby represent and warrant to each other that they each have and will continue to maintain, during the term of this Agreement, all licenses, permits and approvals required in order to conduct business and carry out their respective obligations hereunder and that each of them will at all times conduct their respective business activities in a professional, lawful and reputable manner. Proof of such licenses and approvals shall be submitted to MWV's and City's representatives upon request.

23. Contract Administrator

The City hereby designates the City's Director of Parks, Recreation and Cultural Arts, and/or his/her designee, as the City's Contract Administrator/Representative for purposes of administering this Agreement and MWV's compliance with same and for communicating with MWV's representative, Josh McCumber.

24. Severability

If any term or provision of this Agreement, or the application thereof to my persons or circumstances, shall, to any extent, be held by a court of competent jurisdiction to be invalid or unenforceable, the remainder of this Agreement, or the application of such term or provision, to persons or circumstances other than those as to which it is held invalid or unenforceable, shall not be affected, and every other term and provision of this Agreement shall be deemed valid and enforceable to the maximum extent permitted by law.

25. Debt

MWV represents warrants and covenants that it will not and shall not pledge the City's credit or make it liable or a guarantor of payment or surety for any contract, debt, obligation, judgment, lien or any form of indebtedness. MWV further warrants and represents that it has no obligation or indebtedness that would impair its ability to fulfill the terms of this Agreement.

26. Contingent Fees

MWV warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for MWV, to solicit to secure this Agreement and

that it has not paid or agreed to pay any person, company, corporation, individual, or firm, other than a bona fide employee working solely for MWV, any fee, commission, percentage, gift, or any other consideration contingent upon or resulting from the award or making of this Agreement. Violation of this article shall constitute a material default by MWV entitling City to its rights and remedies hereunder.

27. Personnel

MWV represents that it has, or will secure at its own expense, all necessary personnel required to perform the services under this Agreement. Such personnel shall not be employees of or have any contractual relationship with the City, nor shall such personnel be entitled to benefits of the City including, but not limited to, pension, health and workers' compensation benefits.

All of the services required hereunder shall be performed by the MWV or under its supervision, and all personnel engaged in performing the services shall be fully qualified and, if required, authorized or permitted by law to perform such services. MWV represents, covenants and warrants that all services shall be performed by skilled and competent, full time on site management and operations personnel to the highest professional standards in the applicable field.

MWV hereby authorizes Josh McCumber, as MWV's Representative hereunder and as the person in charge of MWV's day to day operations of the licensed remises.

Any changes or substitutions in MWV's representative(s) must be made known to the City's Administrator(s) and written approval must be granted by the City's Administrator(s) before said change or substitution can become effective.

28. Entirety of Contractual Agreement

The City and MWV agree that this Agreement, together with the Exhibits hereto, which are hereby incorporated herein, and RFP No. 4442-15-IS sets forth the entire Agreement between the parties, and that there are no promises or understandings other than those stated herein. None of the provisions, terms and conditions contained in this Agreement may be added to, modified, superseded or otherwise altered, except by written instrument executed by the parties. In the event of any conflict or inconsistency between this Agreement and the provisions in the incorporated Exhibits, the terms of this Agreement shall supersede and prevail over the terms in the Exhibits.
