Please answer these five questions listed below:

1. In your opinion what is the greatest challenge to keeping housing affordable in Hollywood?

There are many challenges and facets to housing that's affordable. Included are funding sources, government subsidies , available housing stock/rental units, family income as a percentage of housing costs. Presently there is great concern relative to future budgetary cuts coming from HUD regarding community development funding. Working with the City, the Housing Authority has created some affordable housing stock and this needs to be continued and expanded.

2. Which of the following disciplines are you most skilled? * Property Management, * Affordable Housing Administration, * Housing Market Stability, * Affordable Housing Construction, * Affordable Housing Activism.

I would say Affordable Housing Activism with some degree of knowledge in the other areas.

3. Which of the following disciplines are you most passionate? * Property Management, * Rental Housing Affordability, * Housing Market Stability, * New Housing Construction, * Fair Housing

These are all important, but my passion here is first Rental Housing Affordability and accomplishing this through either existing housing stock or new housing construction.

4. What (if any) life experience motivated you toward volunteerism?

As an adult, I have always been involved in community/civic volunteerism. If I had to point to a motivating factor I would say it comes from my career as a banker.

5. What role does housing diversity play in Hollywood's economic health?

We need housing for each and every economic level of our community in order to continue to have a growing and vibrant city. Economic health of a city requires availability of rental and ownership housing stock that is affordable for all of the various income levels of our residents.

My experience in teaching covered 37 years and I had the pleasure of teaching in a nursery, elementary, middle and high school. I taught at Attucks Middle School for 9 years before I went to South Broward High School where I spent 23 years before I retired. I have lived in Hollywood almost continuously every since I moved to Florida in 1974. I taught Sunday school at Temple Solel for over 10 years until September of 2017. When I retired 8 years ago I became active in the BCREA (Broward County Retired Educators Association), BTU/R (Broward Teachers Union Retired) and the Hollywood Education Advisory Committee. I have been on the EBoard of BTU (without a vote) for the past 5 years as I am president of BTU/R). I still substitute mostly at Western High. . I enjoy working on the Hollywood Education Advisory Board with other concerned citizens. I am very concerned with the perception people have of our schools. I know from personal experience our schools in Hollywood are as good as any others- but the perception out in the community is not accurate. All public schools can be improved and we should constantly strive to improve them. We also need to change the perception of our Hollywood schools. I would like to continue to be a member of the Hollywood Education Advisory Committee and work towards helping our schools in any way we can.
