INSTRUCTIONS TO BIDDERS

1. PREPARATION OF BIDS:

Bids must be submitted on the attached Proposal, which shall be completed in ink or by typewriter. The Bid price of each item on the form must be stated in words and numerals; in case of a conflict, words will take precedence. Where unit prices and extended totals are required, unit prices take precedence. Likewise, discrepancies between the indicated sum of any column of figures and the correct sum thereof will be resolved in favor of the correct sum.

If the Bid is made by an individual, he must sign his name therein and state his address. If the Bid is made by a firm or partnership, its name and address must be stated, as well as the name and address of each member of the firm or partnership. Bids by corporations must be signed by an authorized corporate officer (accompanied by evidence of authority to sign) and the corporate seal must be affixed and attested by the Secretary or an Assistant Secretary of the corporation. The corporate address and state of incorporation shall be shown below the signature. When the state of incorporation is other than Florida, proof of registry with Florida must be attached.

2. RECEIPT AND OPENING OF BIDS:

The Proposal and the Bid Guarantee, as assembled herein, must be delivered in a sealed, opaque envelope, addressed to the City Clerk of Hollywood, Florida, by the time called for in the Notice to Bidders and shall be properly identified on the face thereof.

Proposals will be publicly opened and immediately read aloud at the time and place designated in the Notice to Bidders. No Proposal will be considered which is not based upon these Drawings and Specifications, or which contains any letter or written memorandum qualifying the same, or which is not properly made out and signed in writing by the Bidder.

3. PRE-BID CONFERENCE:

A Pre-bid Conference will be held on Wednesday, September 13, 2017 at 2:00 P.M. local time at the CRA office located at 1948 Harrison Street, Hollywood, Florida 33020. Attendance at this pre-bid meeting is not required. Contractors with questions or concerns are encouraged to attend. It is the responsibility of the Contractor to visit the site prior to bidding.

4. CONTRACT DOCUMENTS:

The Contract Documents give the location and description of the work to be done under this Contract and estimated quantities of each item of work for which Bids are invited, the time in which the work must be completed, the amount of the Bid Guaranty, if any, and the date, time and place of the receipt and opening of the Bids.

5. EXAMINATION OF CONTRACT DOCUMENTS AND SITE:

The bidder is required to carefully examine the site of the work and the contract documents for the work contemplated. It will be assumed that the Bidder has investigated and is fully informed as to the requirements of the Contract Documents, laws, ordinances, codes and any other factors which may affect the performance of the work. Failure to be so informed will not relieve a successful Bidder of his obligation to furnish all material, equipment and labor necessary to carry out the provision of the Contract Documents and to complete the contemplated work for the consideration set forth in his Bid.

6. DIMENSIONS, QUANTITIES AND SUBSURFACE INFORMATION:

Dimensions, quantities and subsurface information supplied by the CRA are in no way warranted to indicate true amounts or conditions. Bidders/Contractors shall neither plead misunderstanding or deception, nor make claims against CRA if the actual amounts, conditions or dimensions do not conform to those stated. Any "Outside" reports made available by the Engineer are neither guaranteed as to accuracy or completeness, nor a part of the Contract Documents.

7. ADDENDA - CHANGES WHILE BIDDING:

During the Bidding period, Bidders may be furnished addenda or bulletins for additions or alterations to the Plans or Specifications which shall be included in the work covered by the Proposal.

Any prospective Bidder in doubt as to the meaning of any part of the Drawings, Specifications or other Contract Documents may submit a written request to the Project Manager for an interpretation. The Bidder submitting the request will be responsible for its prompt delivery. Any interpretation of the documents will be made by an addendum and a copy of such addendum will be mailed or delivered to each prospective Bidder who has received a set of documents. The CRA will not be responsible for any other explanations or interpretations of the proposed documents.

8. BID GUARANTY:

A Bid Guaranty in the form of a Cashier's Check, Certified Check or Bid Bond executed by the Bidder and a qualified Surety in the amount of 10% of the Bid **WILL BE** required for this project in accordance with the Notice to Bidders.

9. QUALIFICATIONS AND DISQUALIFICATIONS OF BIDDERS:

Due to the sensitive nature of the environments within and adjacent to the project footprint (including but not limited to native dune vegetation, nearshore hardbottom, bird and sea turtle nesting habitat, etc.), it is required that Bidders must have at least 10 years' experience doing similar work on beaches in the state of Florida. The bidder is specifically required to have conducted a beach nourishment via truck haul within Florida of a volume in excess of 20,000 tons and must be capable of providing documentation to this effect.

The Contract will be awarded only to a Bidder, who in the opinion of the Engineer is fully qualified to undertake the work and has proffered a qualifying bid in good faith. The CRA reserves the right before awarding the Contract to require a Bidder to submit such evidence of his qualifications and experience as it may deem necessary and may consider any available evidence of his financial status, technical qualifications and other qualifications and abilities. Any one of the following causes, among others, may be considered as sufficient justification to disqualify a Bidder and reject his Bid:

- A. Submission of more than one Bid for the same work by an individual, firm, partnership or corporation under the same or different names.
- B. Evidence of collusion.
- C. Previous participation in collusive Bidding on work for the CRA.
- D. Submission of an unbalanced Bid in which the prices Bid for some items are out of proportion to the prices Bid for other items.
- E. Lack of competency. The Engineer may declare any Bidder ineligible, at any time during the process of receiving Bids or awarding the Contract, if developments arise which, in his opinion, adversely affects the Bidder's responsibility. The Bidder will be given an opportunity, by the Engineer, to present additional evidence before final action is taken.
- F. Lack of responsibility as shown by past work judged by the Engineer from the standpoint of workmanship and progress.
- G. Uncompleted work for which the Bidder is committed by Contract, which in the judgment of the Engineer, might hinder or prevent the prompt completion of work under this Contract.
- H. Being in arrears on any existing Contracts with the CRA, or any taxes, licenses or other monies due the CRA; in litigation with the CRA or having defaulted on a previous contract with the CRA.

10. LIFE AND WITHDRAWAL OF BID:

All bids shall remain open for 60 days after the day of the bid opening, however, the Engineer may, at his sole discretion, release any Bid and return the Bid Guaranty prior to that date. Any Bid may be modified or withdrawn prior to the time scheduled for the opening of Bids.

11. REJECTION OF IRREGULAR BIDS:

Bids will be considered irregular and may be rejected if they show omissions, alterations of form, additions not called for, conditions, limitations, unauthorized alternate Bids or other irregularities of any kind.

12. BIDDING ERRORS:

If after the opening of bids, a Bidder claims an error and requests to be relieved of the Award, or the Engineer believes that an error may have been made then, the Bidder shall present his certified work sheets and supplier quotations to the Engineer for verification. This information shall be presented on the same day as the bid opening or if the opening is in the afternoon then on the following business day. When the Engineer has suspected an error and requires the documents, failure to produce them within the time specified shall make the Bidder non-responsive and thereby disqualified. Award may then be made to the next lowest responsive, responsible Bidder, or the work may be readvertised or it may be performed by the CRA forces, as the CRA Board desires.

If after review, the Engineer is convinced that an honest, allowable (excusable mathematical) error has been made, the Bidder shall be relieved of responsibility and his Bid Guaranty shall be returned. If the Engineer is not convinced that an honest, allowable error has been made, the Bid Guaranty shall be held by the CRA for damages incurred.

Should the actual damages be less than the Bid Guaranty, any excess amount will be returned to the Bidder. If actual damages are greater than the Bid Guaranty, the CRA shall have the right to proceed against the defaulting Bidder for the additional damages. Award may be made as stated above.

13. AWARD OF CONTRACT:

The CRA Board reserves the right to reject any or all Bids, or any part of any Bid, to waive any informality in any Bid, or to readvertise for all or any part of the work contemplated. If Bids are found to be acceptable by the CRA Board, written notice of award will be given to the lowest responsive, responsible Bidder.

14. PREFERENCES FOR LOCAL BIDDERS:

Pursuant to §38.50 of the City of Hollywood Code of Ordinances, the City shall grant a preference to Hollywood vendors if their initial bid is within 5% of the bid of the lowest responsive responsible bidder that is a non-local Hollywood vendor. The preference shall allow the local Hollywood vendor to submit a second and final offer which must be at least 1% less than the bid of the lowest responsive responsible non-local Hollywood vendor to be awarded.

The local Hollywood vendor shall have the burden of demonstrating that it maintains a permanent place of business with full-time employees within the City limits and has done so for a minimum of one (1) year prior to the date of issuance of a bid or proposal solicitation within Hollywood, Florida. All supporting documentation (e.g. City of Hollywood valid local business tax receipt) for local preference eligibility must be received with the bid package prior to the bid opening date and time.

15. EXECUTION OF CONTRACT:

The Bidder to whom the Contract is awarded shall, within ten (10) days of the date of award, execute and deliver two copies of the following to the Engineer:

- A. The Contract
- B. Performance and Payment Bond
- C. Evidence of required Insurance
- D. Proof of authority to execute the Contract
- E. Proof of authority to execute the Bond on behalf of the Awardee
- F. List of Sub-Contractors and Contract Value for each
- G. Proof of valid City of Hollywood Building Department Registration for the Contractor and all Sub-Contractors.

The above documents must be furnished, executed and delivered before the Contract will be executed by the CRA. The Contract shall not be binding upon the CRA until it has been executed by the CRA and a copy of such fully executed Contract is delivered to the Contractor.

16. FAILURE TO EXECUTE CONTRACT, BID GUARANTY FORFEITED:

Should the Bidder to whom the Contract has been awarded refuse or fail to complete the requirements of Section 15 above within ten (10) days after Notice of Award, the additional time in days (including weekends) required to CORRECTLY complete the documents will be deducted, in equal amount, from the Contract

Time, or the CRA may elect to revoke the Award. The CRA shall hold the Bid Guaranty of any Bidder failing to execute the awarded Contract for consequential damages incurred, and the Contract awarded, as the CRA Board desires.

17. GUARANTY OF FAITHFUL PERFORMANCE AND PAYMENT:

Performance and Payment Bonds equal to the total Bid will be required of the Awardee. The Performance and Payment Bonds must be written by a Surety licensed to do business in the State of Florida:

- A. Listed in the United States Department of Treasury's Circular 750, and
- B. Rated at least "A", Class X in the latest edition of "Best's Key Rating Guide" published by A.M. Best Company.

On projects not exceeding \$500,000, a bond written by an unrated surety will be accepted provided that evidence is submitted to show full compliance with Florida State Statutes Section 287.0935.

18. INSURANCE:

Evidence of insurance must comply with the provisions of Paragraph 13.4 of the General Conditions.

19. BUILDING DEPARTMENT REGISTRATION:

The awardee and all Sub-Contractors, in order to obtain any required City of Hollywood permit, must register with the City of Hollywood Building Department. Registration must be current and in effect prior to the execution of the contract by the CRA. Registration can be obtained upon presentation of

- A. Proof of valid insurance with the City of Hollywood CRA named as the Certificate Holder to receive notification upon insurance expiration or cancellation;
- B. An Occupational License from within the State of Florida, and
- C. Either a Broward County Central Examining Board Card (with State of Florida Registration) or State of Florida Certification.

20. BUILDING PERMITS:

The CONTRACTOR and Sub-Contractors must obtain the standard Building Department Permits as may be required by the City of Hollywood Building Department for any work covered under this Contract. The CRA shall pay all City of Hollywood permit fees including any Federal, State, and County surcharges applicable at the time that the permit is issued. The Contractor or Sub-Contractors

shall be responsible for obtaining all inspections required under Section 305 of the latest Broward edition of the South Florida Building Code.

The Contractor shall obtain all other required permits and licenses as specified in Section 1.6 of the Supplementary Conditions. Payment for all applicable permit and license fees shall be made in accordance with Section 1.6 of the Supplementary Conditions.

21. PUBLIC ENTITY CRIMES FORM:

A person or affiliate who has been placed on the convicted vendor list following a conviction for public entity crime may not submit a bid on a contract to provide any goods or services to a public entity, may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work, may not submit bids on leases of real property to public entity, may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity, and may not transact business with any public entity in excess of the threshold amount provided in section 287.017, for CATEGORY TWO for a period of 36 months from the date of being placed on the convicted vendor list.

ORDINANCE NO. 0-2007-05

AN ORDINANCE OF THE CITY OF HOLLYWOOD, FLORIDA, AMENDING CHAPTER 30 OF THE CITY'S CODE OF ORDINANCES BY AMENDING SECTION 30.15 ENTITLED "LOBBYIST; REGISTRATION AND DISCLOSURE; ENFORCEMENT" IN ORDER TO ESTABLISH A CONE OF SILENCE.

WHEREAS, Section 30.15 of the Hollywood Code of Ordinances establishes the procedures and guidelines for Lobbying activities; and

WHEREAS, the City Commission desires to update Section 30.15 to include a Cone of Silence;

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF HOLLYWOOD, FLORIDA:

Section 1: That Section 30.15 of the City's Code of Ordinances entitled "Lobbyists; Registration and Disclosure; Enforcement" is hereby amended to read as follows:

TITLE III: ADMINISTRATION

CHAPTER 30: CITY POLICIES, GENERALLY

* * *

LOBBYISTS/VENDORS; EX PARTE COMMUNICATIONS

§30.15 LOBBYIST/VENDOR REGULATIONS.

* * *

(E) Cone of Silence.

(1) "Cone of Silence" means a prohibition on any communication regarding a particular Request for Proposals (RFP), Request for Qualifications (RFQ), Request for Letters of Interest (RLI), bid or other competitive solicitation governed by Section 38.40 of the Code of Ordinances between:

(Coding: Words in ~~struck-through~~ type are deletions from existing law; words underscored are additions)

- (a) Any person who seeks an award therefrom, including a potential vendor or vendor's representative, and
- (b) Any member of the City Commission, all other city employees, and any non-employee appointed to evaluate or recommend selection in such procurement process.

For purposes of this subsection, "vendor's representative" means an employee, partner, officer, or director of a potential vendor, or consultant, Lobbyist, or actual or potential subcontractor or sub-consultant of a vendor.

(2) A Cone of Silence shall be applicable to each RFP, RLI, RFQ, bid, or other competitive solicitation upon the issuance of the applicable RFP, RLI, RFQ, bid or other competitive solicitation. At the time of imposition of the Cone of Silence, public notice of the Cone of Silence shall be posted. A statement disclosing the requirements of this subsection shall be included in any advertisement and public solicitation for goods and services. The City Manager or his/her designee shall issue a notice to the affected department(s), the City Clerk, and City Commission's Office that such RFP, RLI, RFQ, bid or other competitive solicitation has been issued and the Cone of Silence has been imposed.

(3) The Cone of Silence shall terminate at the time the City awards or approves a contract, votes to reject all bids or responses, or otherwise takes action which ends the solicitation. If the City Commission refers the item back to the City Manager and staff for further review, the Cone of Silence shall remain in effect until an award is made, a contract is approved, or the City Commission takes any other action which ends the solicitation.

(4) Nothing contained herein shall prohibit any potential vendor or vendor's representative:

(a) from making public presentations at a duly noticed pre-bid conference or before a duly noticed evaluation committee meeting;

(b) from communicating with the City Commission during a duly noticed public meeting; or

(c) from communicating verbally or in writing with a City employee for the limited purpose of seeking clarification or additional information, when such employee is specifically designated in the applicable RFP, RLI, RFQ, or bid documents. Only written addenda will be binding. No oral representations, clarifications, or changes made to the written specification by the City's employees, shall be binding unless such clarifications or changes are provided to bidders/proposers in written addendum form. All written information shall be provided to the members

of the applicable Evaluation Committee, including any response thereto and attached to the City Commission agenda item or to the City Manager for consideration of the award under the applicable competitive solicitation.

(d) from communicating in writing with the Director of Procurement Services or other staff person specifically designated on the procurement document, subject to the following provisions:

The potential vendor or vendor's representative shall deliver a copy of any such written communication to the City Clerk, who shall make copies available to the public upon request. The written communication shall include a reference to the RFP, RLI, RFQ, or other bid document number.

All written information shall be provided to the members of the applicable Evaluation Committee, including any response thereto and attached to the City Commission agenda item or to the City Manager for consideration of the award under the applicable competitive solicitation.

(e) from communicating verbally, or in writing to the City Manager, the City Manager's designee, the City Attorney or the City Attorney's designee on those procurement items to be considered by the City Commission.

(f) from attending meetings with homeowner associations, civic associations and the like to discuss a particular RFP, RFQ, RLI, bid or other competitive solicitation where a City Commissioner is in attendance.

(5) Penalties. A violation of, or failure to comply with this subsection shall subject the offender, upon conviction, to a fine of \$500.00, or imprisonment for a period not to exceed 60 days, or both such fine and imprisonment shall be imposed. In addition, the provisions of subsections (5) through (8) below shall apply.

(6) The City Manager shall be informed of any vendor/vendor's representative who is alleged to have violated the requirements of this subsection. In such an event, the City Manager shall cause an investigation to be performed by the Code of Silence Evaluation Committee (herein referred to as the Committee). The Committee shall be comprised of the Director of Financial Services, the Director of Business Development, the City Clerk, and the director or designee of the Department or Office for which the contract is to be awarded. The Director of the Department or Office for which the contract is to be awarded, or his/her designee, shall serve as the chairperson of the Committee. The City Attorney or designee shall be counsel to the Committee.

The Committee shall investigate the alleged violations and present a written report, including recommendations, to the City Manager. If the City Manager determines that a

violation has occurred, he/she may void an award pursuant to subsection (7) below, and/or order a debarment as provided in subsection (8) below, based on the severity of the violation.

A copy of the Committee's report, and the City Manager's determination of a violation, if any, as well as the voiding of the award as provided in paragraph (7) below and/or the order of debarment as provided in paragraph (8) below, if any, shall be furnished or mailed to the vendor and vendor's representative who has been investigated.

(7) A determination of violation shall render any RFP award, RLI award, RFQ award, or bid award, or any contract entered into pursuant thereto, to said potential vendor voidable, at the sole discretion of the City Manager, for those contracts which he/she is otherwise authorized to approve, or the City Commission, for all other contracts.

(8) The debarment of a vendor due to said violation shall be for a period commensurate with the seriousness of the violation and shall continue for the duration ordered by the City Manager. Where the violation is willful or egregious, an indefinite term of debarment may be imposed. During the period of debarment, the vendor, and other companies with any of the officers or principals the same as the debarred vendor, may not bid on any City contracts, regardless of the dollar amount, nor be approved as a subcontractor on any City contract.

(9) Appeal. A vendor/vendor's representative who is determined to have violated this subsection and who has been penalized as provided in subsections (7) or (8), may appeal in writing within ten (10) days of the date of receipt of the notice of violation. Said appeal request shall be submitted to the City Clerk, who shall place the appeal on the next available City Commission meeting.

General Instructions

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

- Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
- Certify that you are not subject to backup withholding, or
- Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

REVISED

RE: CERTIFICATE OF QUALIFICATION

Dear Sir/Madam:

The Department of Transportation has qualified your company for the type of work indicated below. Unless your company is notified otherwise, this Certificate of Qualification will expire 6/30/2018. However, the new application is due **4/30/2018**.

In accordance with S.337.14 (1) F.S. your next application must be filed within (4) months of the ending date of the applicant's audited annual financial statements.

If your company's maximum capacity has been revised, you can access it by logging into the Contractor Prequalification Application System via the following link:

<HTTPS://fdotwp1.dot.state.fl.us/ContractorPreQualification/>

Once logged in, select "View" for the most recently approved application, and then click the "Manage" and "Application Summary" tabs.

FDOT APPROVED WORK CLASSES:

DEBRIS REMOVAL (EMERGENCY), DRAINAGE, FENCING, FLEXIBLE PAVING, GRADING, GRASSING, SEEDING AND SODDING, GUARDRAIL, HOT PLANT-MIXED BITUM. COURSES, INTERMEDIATE BRIDGES, MINOR BRIDGES, PORTLAND CEMENT CONCRETE ROADWAY PAVING, ROADWAY SIGNING, SIDEWALK, UNDERGROUND UTILITY AND RIP RAP.

You may apply for a Revised Certificate of Qualification at any time prior to the expiration date of this certificate according to Section 14-22.0041(3), Florida Administrative Code (F.A.C.), by accessing your most recently approved application as shown above and choosing "Update" instead of "View." If certification in additional classes of work is desired, documentation is needed to show that your company has done such work with your own forces and equipment or that experience was gained with another contractor and that you have the necessary equipment for each additional class of work requested.

All prequalified contractors are required by Section 14-22.006(3), F.A.C., to certify their work underway monthly in order to adjust maximum bidding capacity to available bidding capacity. You can find the link to this report at the website shown above.

Sincerely,

Alan Autry, Manager
