Good Afternoon Charles,

Good talking with you this morning and finally catching up. This e-mail confirms that we are interested in providing debris monitoring services for the City of Hollywood through our City of Ft. Lauderdale contract vehicle. As the City of Hollywood processes its standard piggy-back documents through procurement, please let me know if anything is needed from Thompson.

Best

Good Morning Mr. Lassiter,

I left a voicemail for you last week on the general line and a follow-up yesterday. Sorry for the delay in connecting with you. Thompson will prepare a draft end user agreement for the City of Hollywood's consideration that mirrors the pricing,

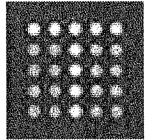

terms, and conditions of our debris monitoring contract with Fort Lauderdale. We look forward to the opportunity to work with you, and wanted to first make sure that this arrangement was acceptable with the City of Fort Lauderdale. Based on Ms. Doyle's response, we are comfortable moving forward.

We will have the draft agreement over for your review next week.

Have a great weekend!

Best

Good Morning,

I have made several attempts to make contact with Thompson but unable to speak with anyone regarding extending their pricing to the City of Hollywood. Do you have a point of contact I try?

Thanks.

Charles W. Lassiter
Assistant Public Works Director

<http://www.fortlauderdale.gov/home/showdocument?id=17777>

Contract pricing attached to contract- see link above.

Their response was large and provided to us via CD, so I can't forward to you, unfortunately.
Let me know if you would like us to make a hardcopy available for you.

Has anyone reached out to Thompson on your end?
