The SHIP Program is established in accordance with Sections 420.907-420.9079, Florida Statutes and Chapter 67-37, Florida Administrative Code. Cities and Counties must be in compliance with these applicable statutes, rules and any additional requirements as established through the Legislative process.

E. Local Housing Partnership:

The SHIP Program encourages building active partnerships between government, lenders, builders and developers, real estate professionals, advocates for low-income persons and community groups.

F. Leveraging:

The Plan is intended to increase the availability of affordable residential units by combining local resources and cost saving measures into a local housing partnership and using public and private funds to reduce the cost of housing. SHIP funds may be leveraged with or used to supplement other Florida Housing Finance Corporation programs and to provide local match to obtain federal housing grants or programs.

G. Public Input:

Public input was solicited through the local newspaper in the advertising of the Local Housing Assistance Plan Public Hearing and the Notice of Funding Availability.

H. Advertising and Outreach:

SHIP funding availability shall be advertised in a newspaper of general circulation and periodicals serving ethnic and diverse neighborhoods, at least 30 days before the beginning of the application period. If no funding is available due to a waiting list, no notice of funding availability is required.

I. Waiting List/Priorities:

A waiting list will be established when there are eligible applicants for strategies that no longer have funding available. Those households on the waiting list will be notified of their status. Applications will be maintained in an order that is consistent with the time applications were submitted as well as any established funding priorities as described in this plan. Priorities for funding described/listed herein apply to all strategies unless otherwise stated in the strategy:

The City may accept applications throughout the year. Applications will be placed in order of receipt and separated based on the strategy applied for. When funds are available for a particular strategy, the applicants will be contacted to complete/update the application for SHIP assistance. Applicants will be placed in the queue for assistance once they have provided all required documentation and have been deemed eligible under SHIP.

Once there is a list of eligible applicants, they will be ranked giving first priority to households qualifying as Special Needs households. These applicants will be further ranked with priority given to very-low income, then low, then moderate. After serving enough Special Needs households to meet set-asides for the funding year, all applicants deemed eligible will be considered equally with priority given to very-low, then low-, then moderate-income groups.

Ranking Priority

1. Special Needs Households
 - a.) Very Low
 - b.) Low
 - c.) Moderate
2. After Special Needs Set-asides are met:
 - a) Very Low
 - b) Low
 - c) Moderate

J. Discrimination:

In accordance with the provisions of SS.760.20-760.37 F.S., it is unlawful to discriminate on the basis of race, color, religion, sex, national origin, age, handicap, or marital status in the award application process for eligible housing.

K. Support Services and Counseling:

Support services are available from various sources. Available support services may include but are not limited to: The City will provide Homeownership Counseling (Pre and Post), Credit Counseling, Tenant Counseling and Foreclosure Counseling through qualified HUD approved agencies.

L. Purchase Price Limits:

The sales price or value of new or existing eligible housing may not exceed 90% of the average area purchase price in the statistical area in which the eligible housing is located. Such average area purchase price may be that calculated for any twelve month period

beginning not earlier than the fourth calendar year prior to the year in which the award occurs. The sales price of new and existing units can be lower, but shall not exceed 90% of the median area purchase price established by the U.S. Treasury Department, or as described above.

The methodology used is:

 X U.S. Treasury Department
 Local HFA Numbers

M. Income Limits, Rent Limits and Affordability:

The Income and Rent Limits used in the SHIP Program are updated annually by the Department of Housing and Urban Development and posted at www.floridahousing.org.

Affordable means that monthly rents or mortgage payments including taxes and insurance do not exceed thirty (30) percent of that amount which represents the percentage of the median annual gross income for the households as indicated in Sections 420.9071, F.S. However, it is not the intent to limit an individual household's ability to devote more than 30% of its income for housing, and housing for which a household devotes more than 30% of its income shall be deemed Affordable, if the first institutional mortgage lender is satisfied that the household can afford mortgage payments in excess of the 30% benchmark and in the case of rental housing does not exceed those rental limits adjusted for bedroom size.

N. Welfare Transition Program:

Should an eligible sponsor be used, a qualification system and selection criteria for applications for Awards to eligible sponsors shall be developed, which includes a description that demonstrates how eligible sponsors that employ personnel from the Welfare Transition Program will be given preference in the selection process.

O. Monitoring and First Right of Refusal:

In the case of rental housing, the staff and any entity that has administrative authority for implementing the local housing assistance plan assisting rental developments shall annually monitor and determine tenant eligibility or, to the extent another governmental entity provides periodic monitoring and determination, a municipality, county or local housing financing authority may rely on such monitoring and determination of tenant eligibility. However, any loan or grant in the original amount of \$10,000.00 or less shall not be subject to these annual monitoring and determination of tenant eligibility requirements. Tenant eligibility will be monitored annually for no less than fifteen (15) years or the term of assistance, whichever is longer unless as specified above.

Eligible sponsors that offer rental housing for sale before fifteen (15) years or that have remaining mortgages funded under this program must give a first right of refusal to eligible nonprofit organizations to purchase housing at the current market value for continued occupancy by eligible persons.

P. Administrative Budget:

A line-item budget of proposed Administrative Expenditures is attached as Exhibit A. City of Hollywood, FL finds that the moneys deposited into the local housing assistance trust fund shall be used to administer and implement the local housing assistance plan.

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, states: "A county or an eligible municipality may not exceed the 5 percent limitation on administrative costs, unless its governing body finds, by resolution, that 5 percent of the local housing distribution plus 5 percent of program income is insufficient to adequately pay the necessary costs of administering the local housing assistance plan."

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, further states: "The cost of administering the program may not exceed 10 percent of the local housing distribution plus 5 percent of program income deposited into the trust fund, except that small counties, as defined in s. 120.52(19), and eligible municipalities receiving a local housing distribution of up to \$350,000 may use up to 10 percent of program income for administrative costs." The applicable local jurisdiction has adopted the above findings in the resolution attached as Exhibit E.

III. LHAP Incentive Strategies

In addition to the required Incentive Strategy A and Strategy B, include all adopted incentives with the policies and procedures used for implementation as provided in Section 420.9076, F.S.:

A. Name of the Strategy: **Expedited Permitting**

Permitting will be in accordance with s. 163.3177 (6) (f) (3) affordable housing and the Florida Building Code for development orders and development permits as defined in Section 163.3164, F.S.

Provide a description of the procedures used to implement this strategy:

Affordable Housing Projects are color coded to denote prioritization during the permitting process. A "Special Projects Coordinator", located within the Building Division tracks and provides assistance to Community Development staff to ensure the continual progress of Affordable Housing Projects through the permitting process.

B. Name of the Strategy: Ongoing Review Process

An ongoing process for review of local policies, ordinances, regulations and plan provisions that increase the cost of housing prior to their adoption.

Provide a description of the procedures used to implement this strategy:

The City Electronically routes City Commission agenda items for approvals via the Granicus Legistar system. The system creates an automated approval sequence with selected approvers that are notified when an item is ready for their review. Community Development staff is included in sequence. When Community Development staff is notified of an item that may increase the cost of housing, a meeting of the Affordable Housing Advisory Committee is scheduled to review the item. The Affordable Housing Advisory Committee reviews the item for the following:

- Does the proposed action increase the cost of housing?
- If Yes, is the assumed cost increase substantial or otherwise detrimental to the development of affordable housing?
- Does the proposed action support an overall goal of the City and/or have an alternate value to the target population?
- Do the long-term benefits of the proposed action outweigh any possible cost increase to housing?
- Does the proposed action protect the ability of the property to appreciate in value?

The findings and recommendation of the Affordable Housing Advisory Committee are then forwarded to the City of Hollywood City Commission for final action.

C. Name of the Strategy: The reduction of parking and setback requirements for affordable housing.

Provide a description of the procedures used to implement this strategy:

The Planning Department, on a case by case basis, recognizes lower auto ownership rates within LMI properties and supports the granting of variances for reduced parking requirements, as appropriate.
