Dear Mr. Alberto Jimenez

Depart of Public Utilities (copy attached) dated August 13, 2018. Thank you for meeting with me yesterday regarding the letter the Association received last Friday from the

three (3) months. December 2013, January and February of 2014 to calculate the alleged outstanding charges for water consumption in the amount of \$ 104,803.12. As you explained, the City used the consumption of the irrigation meter shown in the pages attached for the

water for any other purposes but for irrigation. amount in the invoice could be the result of pipes broken by subcontractors or by the usage of the irrigation outrageous consumption shown in the attached pages for December 2013 is 125,900 gallons, which is equivalent to filling the swimming pool at the building THREE TIMES OVER. Accordingly, it appears to Contractor in charge of the construction of Apogee Beach, and not under the control of the Association. The to the pipes of the system as a result of subcontractors still working under the supervision of the General under the control of the developer and in its final construction stages. As such, anything could have happened Unbeknownst to the City, I informed you that from December of 2013 until March of 2014, the building was Accordingly, it appears that this

I mentioned to you in our meeting. to the current Board of Directors representing the 49 families of this community, which was in March of 2014 as official Association meeting Minutes showing the date of the turner over of the Association from the Developer As you requested, and in an effort to further support the Association's position, I have attached a copy of the

gallons with an average bill charge of \$ 800.00 (pages attached and highlighted). Thus, the amount not billed during 47 months should be much closer to \$ 38,000.00 as opposed to \$ 104,803.12. the consistent and constant consumption recorded by the meter for May, June and July of this year of 11, 300 As per our agreement for the recalculation purposes of the unbilled charges, the City should consider

one time settlement offer included in the attached letter in the amount of \$ 19,000.00. half of the amount of the recalculated charge (\$ 38,000.00) the Association will accept, and to take the City's our residents and taxpayers. Therefore, the Association is hereby requesting that the City be willing to waive It is hopeful that the City understands these unusual circumstances, and the hardship this will cause to

city's offered payment plan option of 60 months. The Association is willing to make the first payment in January of 2019. The Association will need additional time to pay off this amount, and is further requesting to take part in the

that you advise me in advance of the date and time of that meeting. I am confident that, as you confirmed it during our meeting, that the Association's proposal is approved by the Utilities Department Director without need to go to the City Commissioners. If so, please I respectfully request

Thank you in advance for your favorable response.

Subject: RB: Apogee Beach-City Truck-Damage to our Irrigation System SEE BELOW RESPONSE FROM THE BEACH MAINTENANCE SUPERVISOR REGARDING CUSTOMER'S COMPLAINT THAT INDICATES THAT A CITY TRACTOR BROKE THEIR IRRIGATION PIPES:

Good morning

This morning I meet with Chief engineer of the Apogee Yiosniel Montenequo. I also brought Glenroy my tractor operator and we spoke about the area of concern.

This is very possible that this was a pvc blowout and not a City Truck running over the pipe, as we are not to drive vehicles in the green dune vegetation as per our State beach cleaning permit.

If you look at the photograph there is no tractor tires on either side of the hole where the water is coming from.

In the email below it states that the water break happened back in February, that was some time ago, the beach profile has changed a lot from the weather as this area experiences a lot of erosion.

Back in February there was heavy equipment putting sand on the beach as it could have been one of those big dump trucks that could have done this also,

I am not sure on how this plastic pvc water pipe broke.

Importance: High Julio

To All,

Good afternoon.

Steve, thank you in dispute. for making yourself and your driver available to see the pipe

Please consider the following:

1. There is no way that this could be a PVC blow out. The dunes are inspected on a monthly basis by the State of Florida, Wild and Life Marine Conservation Department. Our maintenance staff has a daily routine inspection procedure that is followed in order to prevent any problems with the irrigation as the one occurred in February.

The main valve of the irrigation system was shut off once the incident was discovered. This pipe was inspected a week before the incident happened it was in perfect conditions as shown in the pitture attached.

We never said that the city Truck ran over the pipe. It was the element that is attached behind the truck, that looks like a blade that hit our pipe and destroyed it. The pictures sent to Steven, show the marks of the truck near the pipe, so the blade behind the truck hit the pipe when the truck turned around.

The County truck that was restoring the Hollywood beach never made it to the beach in front of our building because of the dunes. See the picture attached.

There is not doubt that this involuntary incident committed by the truck driver of the City of Hollywood, has had an negative impact on the Association monthly irrigation bill.

We ask John, Charles and Yvonne to instruct Alberto Jimenez to Association the amount of \$ 2,000.00 immediately. refund our

Association reserves the right to speak with the Mayor who knows how much 49 families contribute with their taxes to the City of Hollywood.

I am copying the legal counsel of this Association. Hope he would not have to participate in order to help us resolve this problem.

I await your prompt favorable response.

Dear Mr. Alberto Jimenez

Thank you for meeting with me yesterday regarding the letter the Association received last Friday from the Depart of Public Utilities (copy attached) dated August 13, 2018.

As you explained, the City used the consumption of the irrigation meter shown in the pages attached for the three (3) months, December 2013, January and February of 2014 to calculate the alleged outstanding charges for water consumption in the amount of \$ 104,803.12.

outrageous consumption shown in the attached pages for December 2013 is 125,900 gallons, which is equivalent to filling the swimming pool at the building THREE TIMES OVER. Accordingly, it appears that this amount in the invoice could be the result of pipes broken by subcontractors or by the usage of the irrigation Unbeknownst to the City, I informed you that from December of 2013 until March of 2014, the building was under the control of the developer and in its final construction stages. As such, anything could have happened water for any other purposes but for irrigation. Contractor in charge of the construction of Apogee Beach, and not under the control of the Association. The to the pipes of the system as a result of subcontractors still working under the supervision of the General

As you requested, and in an effort to further support the Association's position, I have attached a copy of the official Association meeting Minutes showing the date of the turner over of the Association from the Developer I mentioned to you in our meeting to the current Board of Directors representing the 49 families of this community, which was in March of 2014 as

gallons with an average bill charge of \$800.00 (pages attached and highlighted). Thus, the amount not billed during 47 months should be much closer to \$38,000.00 as opposed to \$104,803.12. the consistent and constant consumption recorded by the meter for May, June and July of this year of 11, 300 As per our agreement for the recalculation purposes of the unbilled charges, the City should consider

one time settlement offer included in the attached letter in the amount of \$ 19,000.00. half of the amount of the recalculated charge (\$ 38,000.00) the Association will accept, and to take the City's our residents and taxpayers. It is hopeful that the City understands these unusual circumstances, and the hardship this will cause Therefore, the Association is hereby requesting that the City be willing to waive

city's offered payment plan option of 60 months. The Association is willing to make the first payment in January of 2019 The Association will need additional time to pay off this amount, and is further requesting to take part in the

that you advise me in advance of the date and time of that meeting I am confident that, as you confirmed it during our meeting, that the Association's proposal is approved by the Utilities Department Director without need to go to the City Commissioners. If so, please I respectfully request

Thank you in advance for your favorable response.

Regards
