Mr. Camejo,

Maruti Fleet and Management, LLC (Maruti) is in receipt of your letter dated August 30, 2018 in reference to the renewal of the Circular Shuttle Transportation Services for an additional ninety (90) days after the end of the current contract.

Maruti is willing and able to continue providing services to the Hollywood community and area visitors for the 90 days as stated in your letter with two issues needing action on the part of the CRA:

1. CRA will expedite payments to Maruti. Currently, CRA pays 45 day after invoice is submitted. Maruti request that CRA pay on a 30 day net cycle.
2. CRA will not impose liquidated damages (LD) for providing services with an alternate vehicle. As you are aware Maruti is charged LD's every time a trolley is not in service, even if Maruti provides services utilizing an alternate vehicle.

Maruti looks forward to continuing our relationship with the CRA, as the transition to an alternate transportation model is developed for the Hollywood area.

I'm available to discuss the matter further.

Sincerely,

Eduardo Carrion
