### COASTAL FOUR

The property, 1840 NW 33rd Street in Pompano Beach, FL 33064, includes four contiguous parcels occupying approximately 5.02 acres of land at 1840 NW 33rd Street, Pompano Beach, Florida. The Subject Property has an approximately 9,600 square-foot multi-use building (main building) located near the center of the Property. The property and adjacent properties located to the north, east, and west, are in an industrially-zoned area, corresponding to Zoning District I-1X ("Special Industrial"). The Subject Property is bound to the north by NW 33rd Street, to the east by an undeveloped plot of land, to the west by a multi-tenant industrial building, and to the south by an industrial and commercial businesses. The nearest residential area is approximately 1,000 feet to the east of the property.

### Materials and Equipment

COASTAL FOUR will be equipped with Horizontal and/or Tub Style grinders. Grinding the material (mulching) provides size reduction and homogenizing of the materials creating a mulch product. This process serves 3 main purposes. **First**, reducing size allows for efficient transportation of the resulting mulch as a more tonnage can be loaded in the vehicle compared with the non-processed bulk vegetation. **Second**, the mulch has a greater surface area promoting the natural breakdown of material once land application occurs and accelerates the time frame to produce the desired result for soil enhancement. **Third**, when used in a landfill cover application the mulch will spread evenly and act in a similar manner as soil for daily and intermediate cover.

Typically, a Loader organizes the inbound bulk waste into a pile for active processing. The excavator loads the bulk waste into the grinder to produce the mulch. Either a loader or excavator can load out the mulch into 100-yard trailers for delivery to the beneficial reuse outlet. The transportation vehicles and 100-yard trailers are provided by a 3<sup>rd</sup> Party Vendor.

**COASTAL FOUR** will use and will have available equipment to accept, process and load out yard waste materials.

In accordance with Section 120.573 of the Florida Statutes, the Department advises that mediation is not available in this case under the provision of that statutes. This does not prevent any interested parties from agreeing to other forms of alternate dispute resolution.

### CONE OF SILENCE

The City of Hollywood City Commission adopted Ordinance No. O-2007-05, which created Section 30.15(F) imposing a Cone of Silence for certain City purchases of goods and Services.

The Cone of Silence refers to limits on communications held between vendors and vendor's representatives and City elected officials, management and staff during the period in which a Formal Solicitation is open.

The Ordinance does allow potential vendors or vendor's representatives to communicate with designated employees for the limited purpose of seeking clarification or additional information. The names and contact information of those employees that may be contacted for clarification or additional information are included in the solicitation.

The Cone of Silence does not prohibit a vendor or vendor's representative from communicating verbally, or in writing with the City Manager, the City Manager's designee, the City Attorney or the City Attorney's designee on those procurement items to be considered by the City Commission.

The Cone of Silence does not prohibit a vendor or vendor's representative from making public presentations at a duly noticed pre-bid conference or duly noticed evaluation committee meeting or from communicating with the City Commission during a duly noticed public meeting.

The Cone of Silence shall be imposed when a formal competitive solicitation has been issued and shall remain in effect until an award is made, a contract is approved, or the City Commission takes any other action which ends the solicitation.

Solicitation #F-4069-19-PB - Solid Waste Collections and Bulk Yard Waste Processing

The Contractor and Surety are bound to the Owner in the amount set forth above, for the payment of which the Contractor and Surety bind themselves, their heirs, executors, administrators, successors and assigns, jointly and severally, as provided herein. The conditions of this Bond are such that if the Owner accepts the bid of the Contractor within the time specified in the bid documents, or within such time period as may be agreed to by the Owner and Contractor, and the Contractor either (1) enters into a contract with the Owner in accordance with the terms of such bid, and gives such bond or bonds as may be specified in the bidding or Contract Documents, with a surety admitted in the jurisdiction of the Project and otherwise acceptable to the Owner, for the faithful performance of such Contract and for the prompt payment of labor and material furnished in the prosecution thereof; or (2) pays to the Owner the difference, not to exceed the amount of this Bond, between the amount specified in said bid and such larger amount for which the Owner may in good faith contract with another party to perform the work covered by said bid, then this obligation shall be null and void, otherwise to remain in full force and effect. The Surety hereby waives any notice of an agreement between the Owner and Contractor to extend the time in which the Owner may accept the bid. Waiver of notice by the Surety shall not apply to any extension exceeding sixty (60) days in the aggregate beyond the time for acceptance of bids specified in the bid documents, and the Owner and Contractor shall obtain the Surety's consent for an extension beyond sixty (60) days.

If this Bond is issued in connection with a subcontractor's bid to a Contractor, the term Contractor in this Bond shall be deemed to be Subcontractor and the term Owner shall be deemed to be Contractor.

When this Bond has been furnished to comply with a statutory or other legal requirement in the location of the Project, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted herefrom and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. When so furnished, the intent is that this Bond shall be construed as a statutory bond and not as a common law bond.
