General Obligation Bond Oversite Advisory Committee - Questions*
1. I want to join the committee because I believe I have good ideas that will benefit both current and future Hollywood residents. The committee should focus on not only making improvements in infrastructure and quality of life, but on making strides towards a more sustainable Hollywood, as we live at sea level and are at risk due to plastic pollution and dimate change. I was born and raised in Hollywood and want to keep it amazing. 2. I have a lot of experience in working with others. I communicate with members of environmental organizations and people of all ages about how to fight environmental issues. I also talk to adults about these issues at local environmental events. I have met with the city's green team and other city officials, like Mayor Josh Levy. Myself and others have presented about the fack of recycling bins on Hollywood beach and the threats caused by plastic pollution. 3. The bond that interests me the most is public safely for current and future residents. I think it is important to rebuild/reinforce infrastructure where needed and spend money on programs that help decrease crime (such as helping kids stay in school). Taking environmental issues into account is significant as well, as these problems will affect future generations.
4. I believe that the city quality of life depends on the widespread availability of outreach resources and income levels of city residents. People require an education for themselves and their children, affordable housing, and basic needs like food, water, shelter, and employment. Healthy neighborhoods require mixed income levels to reduce crime rates and create healthler environments. Giving money to public schools is also important. There will be fewer dropouts if there are more resources available to students. Taxes cannot be too high because it will discourage people from living here, but if they are too low there will not be enough money to upgrade and develop the city. There needs to be a middle ground.
Ptease answer these four questions above. Why do you want to join the GO Bond Oversight Advisory Committee? 2. Explain how your personal and/or professional experiences will contribute to the meeting the goal(s) of the Board or City, 3. Which Bond interests you the most? Public Safety? Parks/Golf/Open Space or Neighborhoods & Resiliency? 4. What is your perspective on city quality of life, healthy neighborhoods, economic development & a strong tax base?
