6 INCH MOBILE PUMP PACKAGE SPECIFICATION #81

2019 Thompson 6JSC

The Thompson 6JSC purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$38,914.00	\$38,914.00	\$38,914.00	\$38,914.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

6 INCH MOBILE PUMP PACKAGE SPECIFICATION #81

2019 Thompson 6JSC

(Alternate Dealer Option)

The Thompson 6JSC purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	-- No bid --	-- No bid --	-- No bid --	-- No bid --

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

RE: 6" Trailer-Mounted, Trash Pump

Hello Rob,

Thank you for your interest in Thompson Pump & Manufacturing and the products and the services that we provide. Per your request, we are providing **2018 Florida Sheriffs Association Contract Specification #81** pricing for (1) Thompson Pump Model **6JSCEE-DIST-4LE2T-MC**, a 6" Sound Attenuated, Compressor-Assisted, Trailer-Mounted, High Efficiency, Low Pressure Pump. We understand this pump will be utilized by The City of Hollywood Storm Water Division for various de-watering, flooding projects around the City.

The net price is derived from our **2018 Florida Sheriffs Association Contract Bid Award #FSA18-VEH16.0-Cab & Chassis Trucks & Heavy Equipment**. This Florida based government contract enables City of Hollywood to avoid the hassle and expense of purchasing this pump through the public bid process. The FSA contract basically works like a "piggy back" for our equipment. You can order this unit by simply putting our FSA bid award number on your purchase order. Our FSA contract number is: **FSA18-VEH16.0, Spec #81**.

Should you require further information or have any questions, please contact me at the number below.

Sincerely,

Allan Curry

Francois,

We have a 6" trash pump (unit 893) that was brought to the garage for repairs. The garage deemed it not repairable. Would we be able to replace this pump?

Thanks,
