Planning & Development Board - Questions*

1. How have you prepared yourself to serve on the Planning and Development Board?

My previous professional experience will provide me with a strong foundation to fulfill my role as a board member. Also I recently acquired my real estate license and spent a lot of time learning the industry.

2. Explain how your personal and/or professional experiences will contribute to the meeting the goal(s) of the Board or City. * Personal experiences, * Professional experiences.

My college education in economics and MBA in finance plus the experience acquired throughout my 38 years in commercial/project financing and development of large and complex infrastructure/energy projects have helped me develop a skill set that I believe could make a positive contribution the Board's discussions and decisions.

My previous professional experience has allowed me to acquire a very in depth understanding of the project development cycle from development, financing, construction and long-term maintenance as well as the due diligence process including the risks and mitigation tools.

As an individual with a strong banking background who worked closely with the developers and builders of complex infrastructure projects I have had the opportunity to be closely involved in development and financing phases of projects.

3. What is your perspective on balancing growth of the City's tax base while maintaining neighborhood stabilization?

Acquiring and redeveloping foreclosed properties with the assistance of the federal government has a positive impact on the tax base by enhancing a real estate asset which will contribute to the City's tax base.

4. What recent developments within the City are most proud of?

Margaritaville Hollywood Beach Resort, and Hollywood Circle.

5. What is a Comprehensive Plan?

The comprehensive plan provides guidance for the development and redevelopment of the City for a 5 and 10 year period.

Please answer these five questions above. 1. How have you prepared yourself to serve on the Planning and Development Board? 2. Explain how your personal and/or professional experiences will contribute to the meeting the goal(s) of the Board or City. * Personal experiences, * Professional experiences. 3. What is your perspective on balancing growth of the City's tax base while maintaining neighborhood stabilization? 4. What recent developments within the City are most proud of? 5. Hollywood Housing Authority - Questions*

1. Rents are increasing more than salaries do, that has been a fact for several years in South Florida. We need to work together with Rental Property Owners to encourage fair priced workforce and elderly housing. Without their cooperation we will continue to see a reduction of these type properties.

2. I feel that I am highly skilled in Property Management, Affordable Housing Administration and Affordable housing Activism. My company specializes in low-mod income rental properties working with investors to maintain affordable housing and fully cooperating with community programs such as Broward Success, Homeless Partnership and Housing Assistance Programs. I have been on the Hollywood Housing Authority since 2012 and have worked as a board member to keep our Authority high performing. I advocated for our REALTOR Association in Tallahassee and Washington DC for affordable housing funding and programs and have spoken at the City of Hollywood Affordable Housing Board.

3. I am very passionate regarding Rental Housing Affordability and Fair Housing as they are important to me personally that everyone has an opportunity to access housing that provides a safe and healthy place to live. I advocate for this regularly as mentioned in question #2.

4. I started as a Police Explorer at age 13, coached a drill team and other programs at the Miami Beach Police Athletic League. Past member of Jaycees, Civitan, Police Assistance Through Community Action, American Red Cross and have been a member of Civil Air Patrol for the past 37 years. During my 25+ years in law enforcement, I maintained or started various law enforcement explorer posts giving youth the same opportunity I had.

5. It is important that there is a well balanced diversity in housing types throughout our neighborhoods. While we have a need for general affordable and/or workforce housing, we also need to have housing for 55+ or 62+ elderly housing for our aging Boomers.

Please answer these five questions above. 1. In your opinion what is the greatest challenge to keeping housing affordable in Hollywood? 2. Which of the following disciplines are you most skilled? * Property Management, * Affordable Housing Administration, * Housing Market Stability, * Affordable Housing Construction, * Affordable Housing Activism. 3. Which of the following disciplines are you most passionate? * Property Management, * Rental Housing Affordability, * Housing Market Stability, * New Housing Construction, * Fair Housing. 4. Affordable Housing Advisory Committee - Questions*

Please answer these five questions above. 1. In your opinion what is the greatest challenge to keeping housing affordable in Hollywood? 2. Which of the following disciplines are you most skilled? • Home Purchase Education, • Housing Market Employment, • Housing Market Stability, • Affordable Housing Construction, • Affordable Housing Activism. 3. What (if any) life experience motivated you toward volunteerism? 5. What role does housing diversity play in Hollywood's economic health?

African American Advisory Council - Questions*

It is my pleasure and honor to be currently an active member of the African American Advisory Council (AAAC) I am requesting to be re-appoint to a second term. My greatest challenge facing the African American Community in the City of Hollywood, is the lack of student participation. Being assigned to the high schools as it relates to our Black History Activities presented in February. I would like to see a AAAC Student Sub-Committee be established. I realize that it will take ongoing school visitation, additional activities and cultural awareness to be more successful. I can dedicate 25 hours plus monthly to the AAAC initiatives. The disciplines that I am most skilled is education, and housing however cultural awareness, housing and economics must be included to create balance. I am most passionate about housing, and education to be conclusive all five works together.

During my retirement planning I was motivated to purchase a home in 2011 in which I relocated to the City of Hollywood to live closer to the church I attend, and become active in this community. My experience began with Miami Dade County, 35 years in the field of Human Services, 1980 ending with full retirement March 2016. To include 25 years as a County Precinct Election Clerk and community board membership and tutoring. In 2007, I started a non profit organization with the vision in ministry to mentor woman with dependent children. This vision has lead me to mentor seven families, and four internationally. I am a mother of two adults one each sex, two adopted daughters, six grandchildren and three great-grands. To include several neighborhood kids, parents, men and women from the community that calls me MOM. Community Development Advisory Board - Questions*

I am currently an active member of the Community Development Advisory Board (CDAB) and is re-requesting to be re-appointed by the Mayor and Commissioners to a second term. It have been my pleasure to be apart of a group of professional residents of the City of Hollywood.

In 2011, I purchased a home in a low to moderate income (LMI) neighborhood in Hollywood. Permanent housing for families appose to rental properties is one of my most important concerns. It is my desire that the city continue to create assistance for as many families possible to qualify in becoming first time home owners. Senior assistance programs for age 55 plus living facilities would be great with low to moderate income qualifications. Homeless is my main concern basically for men of all ages. I often volunteer at the Broward Outreach Center (BOC) feeding program. There are at least 80 men being feed during dinner meals. There are programs in placed at BOC however there are challenges that the clients must overcome. Job training with business owner to open positions for employment. A healthy neighborhood represents cleanliness with all home owners and renters be apart of the clean up. Hollywood residents homeowners must take advantage of the City programs. All dilapidated home and buildings be demolished and vacant properties new homes for purchases. One of the Community Development Advisory Board vision is to be a pathway to allow for Non- Profits receiving funding to assistance program needs. In addition to visiting the funding agencies to see end results. I was apart of an audit team with Miami -Dade County we visited all program that received CBDG and General funds. At this time the City staff conducts the reviews and monitoring. My work experience demonstrates 35 years of professional services with Miami -Dade Department of Human Services. I have work in several offices in the department during my tenure as I represented the motto "Delivering Excellence Every Day"

General Obligation Bond Oversight Advisory Committee - Questions*

1. I want to join the committee because I believe I have good ideas that will benefit both current and future Hollywood residents. The committee should focus on not only making improvements in infrastructure and quality of life, but on making strides towards a more sustainable Hollywood, as we live at sea level and are at risk due to plastic pollution and climate change. I was born and raised in Hollywood and want to keep it amazing.
2. I have a lot of experience in working with others. I communicate with members of environmental organizations and people of all ages about how to fight environmental issues. I also talk to adults about these issues at local environmental events. I have met with the city's green team and other city officials, like Mayor Josh Levy. Myself and others have presented about the lack of recycling bins on Hollywood beach and the threats caused by plastic pollution.
3. The bond that interests me the most is public safety for current and future residents. I think it is important to rebuild/reinforce infrastructure where needed and spend money on programs that help decrease crime (such as helping kids stay in school). Taking environmental issues into account is significant as well, as these problems will affect future generations.
4. I believe that the city quality of life depends on the widespread availability of outreach resources and income levels of city residents. People require an education for themselves and their children, affordable housing, and basic needs like food, water, shelter, and employment. Healthy neighborhoods require mixed income levels to reduce crime rates and create healthier environments. Giving money to public schools is also important. There will be fewer dropouts if there are more resources available to students. Taxes cannot be too high because it will discourage people from living here, but if they are too low there will not be enough money to upgrade and develop the city. There needs to be a middle ground.

Please answer these four questions above. Why do you want to join the GO Bond Oversight Advisory Committee? 2. Explain how your personal and/or professional experiences will contribute to the meeting the goal(s) of the Board or City. 3. Which Bond interests you the most? Public Safety? Parks/Golf/Open Space or Neighborhoods & Resiliency? 4. What is your perspective on city quality of life, healthy neighborhoods, economic development & a strong tax base?

Green Team Advisory Committee - Questions*

Please answer these five questions above. 1. Why do you want to join the green team? 2. Have you attended any green team meetings? If so, how many? 3. General Obligation Bond Oversight Advisory Committee - Questions*

1) To ensure bond money properly allocated.
 2) As an Attorney, and Department Manager, I can interpret local law and ordinances to ensure proper compliance, while ensuring oversight and costs are considered at each step of the process.
 3) Parks/Golf/Open Space.
 4) My perspective on city quality of life, healthy neighborhoods, economic development, and strong tax base is rooted in my background as a father of a three year old:
 - I take my child to all the parks within 3 miles of my home (Stanley Goldman Memorial Park, Sal Oliveri Park, Mara Berman Giuliani Park, Anniversary Park and Lincoln Park. To get to these parks, I typically run or ride a bike.
 - I also live next to Orangebrook. My son and I walk there, and I teach him how to play golf.
 - Finally, my son plays soccer at Boggs Field.
 By walking and biking to these locations throughout my community, I have a more intimate view of the quality of life, neighborhoods, and economic development of the city. And my view is that Hollywood has untapped potential. Being that the city is positioned between Fort Lauderdale and Hollywood, but has lower housing costs for single family homes, there is an opportunity to lure first/second time home buyers with children into our community. Great parks and Schools are needed to attract those families. Too often, I see equipment that is damaged for years on end or covered in graffiti. I've seen homeless individuals sleeping under slides for toddlers. There's no reason Emerald Hill's Mara Berman Giuliani Park should be in better shape than Stanley Goldman Memorial Park. I believe clean, well maintained parks are a sign of the health of a city, and strong tax base.

Please answer these four questions above. Why do you want to join the GO Bond Oversight Advisory Committee? 2. Explain how your personal and/or professional experiences will contribute to the meeting the goal(s) of the Board or City. 3. Which Bond interests you the most? Public Safety? Parks/Golf/Open Space or Neighborhoods & Resiliency? 4. What is your perspective on city quality of life, healthy neighborhoods, economic development & a strong tax base?
