

RESOLUTION NO. \_\_\_\_\_

A RESOLUTION OF THE CITY COMMISSION OF THE CITY OF HOLLYWOOD, FLORIDA, SUPPORTING THE EFFORT TO CREATE A \_\_\_\_\_ (DEPENDENT OR INDEPENDENT) SOLID WASTE DISTRICT IN BROWARD COUNTY FOR THE PURPOSE OF PROVIDING COUNTYWIDE SOLID WASTE DISPOSAL AND RECYCLING PROCESSING SERVICES.

WHEREAS, in 2018, the City, along with Broward County and various municipalities, procured a study from Arcadis U.S., Inc. to evaluate solid waste and recycling issues in Broward County, and make recommendations regarding the development of a regional integrated solid waste and recycling system in Broward County; and

WHEREAS, based on the recommendations of the aforementioned study, Broward County requested that interested municipalities execute a Memorandum of Understanding ("MOU") to guide the process of developing a regional solid waste and recycling management system moving forward; and

WHEREAS, on August 28, 2019, the City Commission passed and adopted Resolution No. R-2019-238 authorizing the appropriate City officials to execute a Memorandum of Understanding among Broward County and participating municipalities regarding a collaborative and cooperative study and subsequent development of an integrated solid waste and recycling system; and

WHEREAS, on December 6, 2019, the members of the Broward County Solid Waste & Recycling Working Group nominated and elected a Board of voting members from among the elected officials for the member Cities; and

WHEREAS, the Working Group members established a Technical Advisory Committee ("TAC") consisting of solid waste professionals from the member Cities to review, research, and provide professional expertise regarding the various types of governing structures provided for in the Arcadis report; and

WHEREAS, on March 1, 2021, after much discussion and careful review of all the reports and presentations, the Broward County Solid Waste & Recycling Working Group voted in favor of pursuing an Independent Solid Waste District for Broward County; and

WHEREAS, on April XX, 2021, the Broward County Solid Waste & Recycling Working Group reversed their prior vote and voted in favor of pursuing a Dependent or ILA Solid Waste District for Broward County; and

WHEREAS, City staff recommends support of an independent district based on the facts that it is the only form of governance that guarantees Countywide flow control, as well as full taxing authority independent of Broward County's millage cap; and

WHEREAS, the City Commission is requested to signify their support for either the creation of a Dependent Solid Waste District or an Independent Solid Waste District for the purpose of providing a regional integrated system to manage solid waste disposal and recycling processing services within Broward County, Florida.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF HOLLYWOOD, FLORIDA:

Section 1: That the foregoing "WHEREAS" clauses are ratified and confirmed as being true and correct and are incorporated in this Resolution.

Section 2: That it supports the creation of a \_\_\_\_\_ (Dependent or Independent) Solid Waste District for the purpose of providing a regional integrated system to manage solid waste disposal and recycling processing services within Broward County, Florida.

Section 3: That the City Clerk is directed to distribute copies of this Resolution to Broward County, all of its municipalities, and the Broward League of Cities.

Section 4: That this Resolution shall be in full force and effect as immediately upon its passage and adoption.

PASSED AND ADOPTED this \_\_\_\_\_ day of \_\_\_\_\_, 2021.
