A Resolution Of The City Commission Of The City Of Hollywood, Florida, Authorizing The Appropriate City Officials To Execute The Attached Contract Between Stonehenge Construction LLC And The City Of Hollywood For Beach Maintenance Facility - Phase I Bridge Lot, In The Amount Of \$339,882.00.

Staff Recommends: Approval of the Attached Resolution.

### Explanation:

In the summer of 2012, Beach Maintenance staff lost their facility at the Johnson Street Garage and have been temporarily relocated to an old Fire Station on AIA. This Fire Station will soon be torn down to construct the new Nevada Street Parking Garage. A plan has been devised to relocate Beach Maintenance staff to two (2) temporary locations. In phase I staff will be relocated to a trailer that the City has purchased and will place on the FDOT parking lot under the Hollywood Boulevard Bridge. The trailer will accommodate offices, a break room, some storage and restrooms/showers for staff. The parking lot will be fenced. In Phase II (which is a separate project) an enclosed Truck Wash Building will be built behind the Hollywood Beach Community Center on Bougainvillea Terrace so equipment can be washed directly after leaving the beach and before returning to the compound under the bridge.

It is anticipated that Beach Maintenance staff will have a permanent office facility and truck wash facility on the east side of A1A at ground level once the FDOT Hollywood Boulevard

Beach Ramp Realignment Project and the Grand Floridian Hotel Project and Entry Plaza are designed and constructed.

The construction documents were prepared by a consultant and the Notice to Bidders was issued on September 7, 2016. A Non-Mandatory Pre-Bid Meeting was held at the site on September 22, 2016 to review the existing site conditions. Three (3) bids were received and publicly opened on September 29, 2016. The responsive bidders were:

- Stonehenge Construction, LLC \$339,882.00
- Ranco Construction Corp of South Florida \$424,274.00
- Continental Construction Company \$469,735.00

The administration found the bid submitted by Stonehenge Construction, LLC, to be responsive and responsible, and recommend the award of this Contract in the amount of \$339,882.00. Project funding is available in account no. 34.5100.15514.519.006301.

Recommended for inclusion on the agenda by:

Dr. Wazir A. Ishmael, City Manager

Gus Zambrano, Assistant City Manager for Sustainable Development
