Staff Recommends: Approval of the attached Resolution

Explanation:

Florida Statutes provide for loans to local government agencies to finance the construction of water facilities.

Florida Administrative Code rules require authorization to apply for loans, to establish pledged revenues, to designate an authorized representative, to provide assurances of

compliance with loan program requirements, and to enter into a loan agreement.

The State Revolving Fund Loan Program with the Florida Department of Environmental Protection (DEP) will hold a Hearing in February 2017 to approve funding for designated DEP Project No. DW06047 for construction funds for the 2016 Water Main Replacement Program approved in the FY2015 and FY2017 Capital Improvement Plan, which is eligible for available funding.

The City of Hollywood, Florida, intends to enter into a loan agreement with the Department of Environmental Protection under the State Revolving Fund Loan financing in the amount of \$20,809,886.00.

The Department of Public Utilities recommends that the City Commission authorize the appropriate City Officials to enter into a loan agreement with the Department of Environmental Protection under the State Revolving Fund for project financing in an amount of \$20,809,886.00 for the 2016 Water Main Replacement Program.
