### *Infrastructure & Facilities*

Staff Recommends: Approval of the attached Resolution.

### Explanation:

The Department of Public Utilities ("Department") needs to rent various low, regular, and heavy equipment in preparation for storms, hurricanes, and flooding. These supplies are needed to ensure the continuous operation and maintenance of critical infrastructure within the City, including the drinking water supply systems, sewage treatment facilities, reclaimed water systems, and stormwater management systems.

The Department found that the desired rental equipment was competitively bid by The City of Charlotte via Contract No. 2019000318, valid until November 1, 2025, with an option to renew for an additional two years.

The period of performance during which the desired rental supplies will be acquired is within the period from March 6, 2024, through November 1, 2025, for an annual amount of up to \$250,000.00.

The Director of the Department and the Chief Procurement Officer recommend that the City Commission approve and authorize the execution of a Blanket Purchase Agreement with Herc Rentals through November 1, 2025, in an annual amount of up to \$250,000.00.

### Fiscal Impact:

A portion of the funding for the Blanket Purchase Order is available in the FY 2024 Operating Budget in account numbers 442.400503.53600.546310.000000.000.000, 442.400202.53600.544040.000000.000.000, and 442.400601.53600.552240.000000.000.000, and will be budgeted in subsequent fiscal years' operating budgets subject to approval and adoption by the City Commission.
