The subject site at approximately 17,500 gross square feet is located in the Central Beach Area with a Land Use of General Business. The Applicant is proposing a 27 room hotel with accessory uses known as “Dolphin Hotel”. The proposed design (attached for reference) is contemporary consisting of simple rectilinear forms, accented with copper box as an architectural statement piece.

The project has been reviewed by the Technical Advisory Committee (TAC). Should the request for additional rooms be granted, the Site Plan and Design will be considered by the Planning and Development Board.

- (2) The Applicant shall obtain a Building Permit for the principal structure within 24 months from the approval of the Site Plan by the Planning and Development Board. However, if the Applicant fails to obtain a Building Permit within the requisite timeframe, then the seven (7) bonus hotel density rooms shall revert back to the Pool;

- (3) If at the time the Certificate of Occupancy is issued by the City, the Applicant has not used all of the seven (7) rooms allocated, the remaining balance of those bonus hotel density rooms shall automatically revert back to the Pool.
