Explanation:

The City's community development strategies are contained in a series of plans, including One Year Action Plans for each fiscal year. At the completion of each fiscal year budgets from past program years are reviewed for program compliance. It is sometimes necessary to appropriate and/or re-appropriate funding to align resources with community development goals, recognize Program Income and meet expenditure deadlines established by the various funding sources.

The attached resolution appropriates a total of \$328,409.02 in unexpended program funds and Program Income from Fiscal Years 2013-2014 and 2014-2015, as further detailed in the attached exhibits.

Staff recommends using the available funds to demolish unsafe structures, reduce the incidence of homelessness, provide interim improvement to City facilities, and pay down existing debt.

The Community Development Advisory Board held a duly-noticed public hearing on June 8, 2016 to review the proposed Plan amendments and recommends that the City Commission approve the amendments, as they are described herein, and in the attached exhibits.

Proper public notice has been provided to the citizens of Hollywood prior to this public hearing of the Hollywood City Commission.
