In order to address the findings of the 2007 Water System Master Plan, the City of Hollywood, Department of Public Utilities developed and is implementing a City-wide Water Main Replacement Program.

The Water Main Replacement Program prioritizes the replacement of the water mains based on the age of the pipelines, repeated pipeline breaks in the areas, and water quality issues.

The City requested a proposal from Craven Thompson and Associates, Inc. to provide professional engineering services for the design, permitting, bidding, and construction services for the proposed water main.

Craven Thompson and Associates, Inc. and the City of Hollywood have a Professional Services Agreement for General Engineering Consulting Services for water and sewer infrastructure projects, and this agreement was approved by the City Commission by
