File #: R-2017-244, **Version:** 1

A Resolution Of The City Commission Of The City Of Hollywood, Florida, Authorizing The Appropriate City Officials To Reject The Bid Submitted For The Water Main Replacement Program From Moffett Street To Hollywood Boulevard And Between South Federal Highway (US-1) To The Intracoastal Waterway (Project No. 14-5122).

Staff Recommends: Approval of the attached Resolution

Explanation:

The 2007 Water System Master Plan identified the need to replace aging water distribution system pipes throughout the City of Hollywood.

On December 3, 2014, via Resolution R-2014-366, the City Commission approved a proposal from Kimley-Horn and Associates, Inc., in the amount of \$1,345,520.99, to provide engineering design services, permitting services, bidding recommendation services, and limited engineering services during construction for the Water Main Replacement Program within the area surrounded by Hollywood Boulevard and Sheridan Street and North Federal Highway (US-1) and the Intracoastal Waterway.

On March 16, 2017, the Department of Public Utilities staff advertised the project soliciting for qualified construction services, and on June 1, 2017, seven (7) bid proposals were received at the Office of the City Clerk and were publicly opened at the City of Hollywood Southern Regional Wastewater Plant with the following results:

No.	Bidder	Bid
1	Metro Express, Inc.	\$22,312,396.00
2	Lanzo Construction Co, Florida	\$25,657,028.00
3	Ric-Man International, Inc.	\$26,798,329.40
4	JVA Engineering Contractor, Inc.	\$26,965,980.00
5	Ric-Man Construction FL, Inc.	\$27,252,604.30
6	Man-Con, Incorporated	\$27,397,526.50
7	Reynolds Construction, LLC	\$39,536,982.49

After thoroughly evaluating the bid proposals for compliance with the contract documents,

Kimley-Horn and Associates, Inc. determines that the low bidder Metro Express, Inc. does not meet the qualifications and criteria established by the City for selection under this contract.

The bids received are significantly higher than the estimated budget of \$18,000,000 for the project.

The Department of Public Utilities staff plans to revise the scope of work in order to keep the project cost within the budgeted amount.

The Administration recommends that the City Commission reject all bids for the Water Main Replacement Program from Moffett Street to Hollywood Boulevard and between South Federal highway (US-1) and the Intracoastal Waterway.

Recommended for inclusion on the agenda by:

Dr. Wazir A. Ishmael, City Manager

Gus Zambrano, ACM, Sustainable Development

George R. Keller, Jr., ACM/Interim Director, Finance & Administration

Steve Joseph, Director, Public Utilities

Paul Bassar, Director of Procurement & Contract Compliance
