Explanation:

The 2007 Water System Master Plan identified the need to replace the existing high service pumps at the Water Treatment Plant.

On June 15, 2015, the City Commission passed and adopted Resolution No. R-2015-165 which approved the issuance of an Authorization to Proceed to Malcom Pirnie/Arcadis U.S., Inc. for professional engineering design, permitting, and bidding services related to the Water Treatment Plant High Service Pump Station Upgrade project.

On May 22, 2017, the Department of Public Utilities staff advertised for construction services and on July 24, 2017, four (4) bid proposals were received and opened with the following results:

No.	BIDDER	BASE BID
1	Florida Design Contractors, Inc.	\$4,574,000.00
2	R.J. Sullivan Corp.	\$4,859,000.00
3	Wharton-Smith, Inc.	\$4,915,955.00
4	TLC Diversified, Inc.	\$5,242,777.00

On July 25, 2017, the low bidder, Florida Design Contractors, Inc. notified the City of a \$139,500.00 omission error found in the purchasing of the mechanical package.

Florida Design Contractors, Inc. withdrew their bid due to this error according to Section 00

10 00, Instruction to Bidders, Number 14, entitled "Bidding Errors".

After thoroughly evaluating the bid proposals for compliance with the contract documents, Arcadis U.S., Inc. staff determined that the second lowest bidder, R. J. Sullivan Corp., is the lowest responsive and responsible bidder.

A Notice of Intent to Award related to the project was posted on the City of Hollywood website and in DemandStar on August 8, 2017, and resulted in no bid protests.

The Department of Public Utilities requested a proposal from Arcadis U.S., Inc. to provide construction administration services for the Water Treatment Plant High Service Pump Station Upgrade project.

Arcadis U.S., Inc. submitted a comprehensive proposal for construction administration services for the Water Treatment Plant High Service Pump Station Upgrade project in the not-to-exceed amount of \$431,590.00.

On September 20, 2017, the City Commission passed and adopted Resolution No. R-2017-283 which ranked consulting engineering companies to provide Professional Consulting Engineering Services related to Water Treatment Plant and Wastewater Treatment Plant projects for a four (4) year term.

The agreement has a provision for insurance and indemnification that meets the City's requirements and gives the City the right to terminate for convenience.
