Presentation By Christopher Roschek, Chief Resiliency Officer, And Tetra Tech, Inc. For The Citywide Vulnerability Assessment Update, Process, Goals And Objectives, A Project Funded By A Florida Department Environmental Protection Grant, In The Amount Of \$800,000.00.

Resilience & Sustainability

Staff Recommends: Presentation

Explanation:

The City of Hollywood is completing a Citywide Climate Vulnerability Assessment Update with Tetra Tech, Inc. in order to fully comply with requirements set forth in Section 380.093, Florida Statutes, incorporate the City's Stormwater Master Plan, conduct analyses to comply with Section 163.3178(2)(f) Florida Statutes; commonly referred to as the Peril of Flood statute, and draft corresponding, comprehensive plan language.

On October 12, 2022, the City Commission adopted Resolution R-2022-304, accepting a grant from the State of Florida Department of Environmental Protection ("FDEP") for funding through its Resilient Florida Grant Program in the amount of \$800,000.00 to fund the Citywide Climate Vulnerability Assessment Update. The FDEP awarded the total grant request which has no match requirement. The Climate Vulnerability Assessment Update will be submitted to FDEP by June 30, 2024 to comply with the grant requirements.

The Presentation provides a Project Overview, Vulnerability Results, Adaptation Plan, and Recommended Path Forward.

Fiscal Impact:

There is no fiscal impact associated with this item.

Recommended for inclusion on the agenda by:

Christopher Roschek, Chief Resiliency Officer

Jose Cortes, Director, Design and Construction Management

Gus Zambrano, Assistant City Manager/Sustainable Development
