A Resolution Of The City Commission Of The City Of Hollywood, Florida, Authorizing The Appropriate City Officials To Accept A Grant In The Amount Of \$150,000.00 From The Florida Department Of Law Enforcement For Street Lighting Upgrades In The Liberia Community; Amending The General Capital Outlay Fund (34) Of The Fiscal Year 2017 Operating Budget Adopted And Approved By Resolution R-2016-284, As Amended, And As Detailed In The Attached Exhibit 1; Revising And Recognizing Operating Revenues; Authorizing Budgetary Adjustments And Appropriations; Authorizing The Department Of Financial Services To Establish The Accounts To Properly Monitor And Track The Revenues And Appropriations As Needed; And Further Authorizing The Appropriate City Officials To Execute All Applicable Grant Documents And Agreement.

Staff Recommends: Approval of the Attached Resolution.

### Explanation:

During the 2016 legislative session, the City of Hollywood submitted an appropriation request for street lighting upgrades in the Liberia community. The Liberia community boundaries are located between Stirling Road and Sheridan Street from North 22<sup>nd</sup> Avenue to North 26 Ave.

The purpose of the proposed grant for the Liberia community is to provide funding to address street lighting concerns where pedestrians, bicyclists, and motor vehicles (including the elderly) share the roadways and sidewalks in less than ideal conditions. Through the efforts of Senator Eleanor Sobel and Representative Shevrin Jones, the appropriation request was funded.

City staff coordinated a tour of the Liberia neighborhood, which included civic leaders from the Liberia community, District 2 Commissioner Peter D. Hernandez, and representatives from the City's Police and Public Works Departments. Accordingly, there will be 122 separate street lights targeted within the Liberia residential neighborhood that will be upgraded and retrofit from the current high-pressure sodium vapor (HPSV) lighting fixture to a light-emitting diode (LED) lighting fixture by Florida Power & Light forces. The retrofit of these lighting fixtures will result in improved visibility within the Liberia residential neighborhood and increased energy efficiency which will realize an approximate annual decrease of 70% in the utilities expense for these fixtures.

Per the grant agreement with the State of Florida, the City will be re-paid on a reimbursement basis by the Florida Department of Law Enforcement. Staff is requesting the City Commission authorize the appropriate City officials accept a grant of \$150,000.00 and execute a grant agreement with the State of Florida Department of Law Enforcement along with any other applicable documents in a form acceptable to the City Manager and approved as to form and legality by the City Attorney staff's also requesting the authorization of the Department of Financial Services to create certain accounts to recognize revenue and appropriate program funding in a Capital account.
