Presentation By David Vazquez, Assistant Director Of Parks, Recreation And Cultural Arts, On The "Be Water Smart" Video Created For The Aquatics Program At Driftwood Pool.

Staff Recommends: Presentation of Item.

Explanation:

The Department of Parks, Recreation and Cultural Arts partnered with Public Affairs to create a video highlighting the importance of water safety for young children and to promote the programs offered at the Driftwood Pool.

Driftwood Pool currently offers recreational swim, learn-to-swim, competitive swim, water fitness and professional training programs.

Florida is surrounded by water and loses more children under the age of 5 to drowning than any other state.

The COH MOST (Maximizing Out of School Time) Summer camps (totaling 450 youth) all participated in the Swim Central program on a weekly basis throughout the summer.

The COH has partnered with Water Smart Broward, Children's Services Council and Swims Foundation to offer swim lessons at discounted rates at the Driftwood Pool.

Recommended for inclusion on the agenda by:

Dr. Wazir Ishmael, City Manager

Gus Zambrano, Assistant City Manager for Sustainable Development

Chuck Ellis, Director of Parks, Recreation & Cultural Arts
