File #: R-2017-160, **Version:** 1

A Resolution Of The City Commission Of The City Of Hollywood, Florida, Authorizing The Appropriate City Officials To Execute The Attached Highway Maintenance Memorandum Of Agreement Between The City Of Hollywood And The Florida Department Of Transportation, For The Construction Of Sidewalks And Bike Lanes In Hollywood Gardens West (Johnson Street To The North, Hollywood Boulevard To The South, 56th Avenue To The East And SR7 To The West), By The Florida Department Of Transportation Through Broward County MPO Complete Streets Funding (State FM No. 434679-1-52-01).

Staff Recommends: Approval of the attached Resolution.

Explanation:

The roads within the Hollywood Gardens West neighborhood are part of the City's Roadway System. Broward Metropolitan Planning Organization (Broward MPO), has committed funding from Federal and State sources to promote Mobility Projects program including sidewalk and bike lane networks which are part of the Complete Streets Initiative. Broward MPO allocated funding for City of Hollywood improvements with a value of approximately \$4,500,000.00 (\$4.53 million/\$4,532,897.00) within their FY 2017-2021 Transportation Improvement Program for a Sidewalk and Bike Lane project within the Hollywood Gardens West neighborhood and portions of Taft Street.

The Florida Department of Transportation (FDOT), in coordination with the City of Hollywood, and the Broward MPO have developed Construction Documents for the project, held public meetings, and initiated permitting and constructability reviews. FDOT will contract for and construct the improvements including constructing missing sidewalks segments within Hollywood Gardens West and along Taft Street from N. 20th Avenue to N. 14th Avenue, installing bike lanes on existing pavement along Glenn and Columbus Parkways, installing nineteen drainage inlets with drain fields and re-grading as needed to create bio swales and pedestrian lighting improvements at the intersection of SR7 and Johnson Street and US1 and Taft Street, signage and pavement markings.

The City of Hollywood has jurisdiction and maintains the roadway pavement within the right of way of Hollywood Gardens West and Taft Street and will continue to maintain the newly constructed improvements in accordance to Federal and State standards.

FDOT requires this understanding between the City and FDOT be formalized through the execution of the attached Highway Maintenance Memorandum of Agreement.

Recommended for inclusion on the agenda by:

Dr. Wazir Ishmael, City Manager

Gus Zambrano, Assistant City Manager

Thomas Barnett, Director, Department of Development Services

Luis A. Lopez, City Engineer
