File #: R-2024-208, **Version:** 1

A Resolution Of The City Commission Of The City Of Hollywood, Florida, Approving And Authorizing The Appropriate City Officials To Renew The Unit Price Contract With Envirowaste Services Group, Inc. For Construction Services Related To The Reduction Of Inflow And Infiltration - Manhole Repairs In The Amount Of \$1,057,085.00.

Infrastructure & Facilities

Staff Recommends: Approval of the attached Resolution.

Explanation:

The City is responsible for ensuring the efficient and cost-effective functioning of the wastewater collection system including 85 lift stations and over 280 miles of sewer gravity and force mains. The Department of Public Utilities ("Department") has a long-standing program to reduce the inflow and infiltration ("I/I") of ground and stormwater to the wastewater collection system, which program includes the repair of manholes, and other wastewater collection system components.

On May 3, 2023, pursuant to Resolution No. R-2023-123, the City Commission authorized the execution of a unit price contract with Envirowaste Services Group, Inc. ("Envirowaste") in an amount not to exceed \$1,057,085.00 for I/I Program - Manhole Repairs. The contract with Envirowaste was for an initial term of one year, with two optional one-year renewal terms under the same terms and conditions.

The Department Director and the Interim Chief Procurement Officer recommend that the City Commission approve and authorize the appropriate City officials to execute a contract with Envirowaste related to the I/I Program - Manhole Repairs.

Fiscal Impact:

Funding for this project was included in the amended FY 2024 Capital Improvement Plan and is available in account number 442.409901.53600.563010.000712.000.000.

Recommended for inclusion on the agenda by:

Feng ("Jeff") Jiang, Assistant Director, Department of Public Utilities

Vincent Morello, Director, Department of Public Utilities

Gus Zambrano, Assistant City Manager/Sustainable Development
