A Resolution Of The City Commission Of The City Of Hollywood, Florida, Authorizing The Appropriate City Officials To Execute The Attached Interlocal (ILA) Agreement Between Broward County, Florida, And The City Of Hollywood For A Feasibility Analysis, Preliminary Design, And Permitting Of A Reclaimed Water Supply Line Along Johnson Street, From N. Park Road To N. 66th Terrace (West Hollywood) In An Amount Not To Exceed \$132,000.00 (City Project No. 16-7502) And To Amend The Fiscal Year 2017 Operating Budget.

Staff Recommends: Approval of the attached Resolution

Explanation:

The City of Hollywood, Florida ("City") is participating with Broward County, Florida ("County") in the Integrated Water Resources Plan (IWRP) for a 50% cost-sharing grant for Reuse extension line West Hollywood.

As part of the IWRP program, it is necessary for the County and the City to enter into an Interlocal Agreement to be recorded in the Public Records of Broward County, Florida.

The City operates an existing 4 mgd reuse system at the Southern Regional Wastewater Treatment Plant which uses treated effluent from Davie and Cooper City that is low in chlorides.

This project will expand the City's existing reuse distribution system to convey more than 200,000 gallons per day of reuse for landscape irrigation of large green areas in West Hollywood and will reduce the volume of water that is currently being withdrawn from the Biscayne Aquifer for that purpose.

The Interlocal Agreement grant requires a 50% cost-sharing match from the local government receiving the grant.

The funding for the Reuse Extension Line was included in the FY 2017 Capital Improvements Program that was approved via Resolution No. R-2016-285.

The required match for the Reuse Extension Line project is estimated to be \$132,000.00 which will be available in an Account number to be created by Financial Services.

The City wishes to provide the necessary assurances to Broward County as part of the Interlocal Agreement that the obligations set forth within the Integrated Water Resource Plan (IWRP) will be incorporated as part of this project.

It also authorizes the Department of Financial Services to create certain accounts to recognize revenue and appropriate program funding and approves and authorizes the expenditure of the required matching funds as described in the attached "Exhibit 1" for the purpose of this grant.

Recommended for inclusion on the agenda by:

Dr. Wazir Ishmael, City Manager

Gus Zambrano, Assistant City Manager/Sustainable Development, Office of the City Manager

George R. Keller, Jr., Assistant City Manager/Finance & Administration, Office of the City Manager

Steve Joseph, Director, Public Utilities

Paul Bassar, Contract Compliance Officer, Office of the City Manager
