Explanation:

Chapter 102 of the Code of Ordinances establishes the regulations and procedures for Special Events within the City of Hollywood.

Special events play a vital role in improving the civic health of the community.

In order to best provide special event service to the community it is necessary to regularly review, amend or update Chapter 102 in the Code of Ordinances to reflect the changes in the community's needs as well as the Special Events profession.

In the following section, the Director of Parks, Recreation and Cultural Arts and city staff have determined it necessary to further define areas and stream-line processes to reflect current community areas of participation.
