A Resolution Of The City Commission Of The City Of Hollywood, Florida, Authorizing The Appropriate City Officials To Execute The Attached Agreement Between Sun Up Enterprises, Inc. And The City Of Hollywood For The Lift Station E-8 Force Main Replacement, As Part Of The Gravity Sewer System Condition Assessment, Renewal Program (Level 2) As Identified In The 2007/2008 Wastewater System Master Plan, In The Amount Of \$156,220.00 (Project No. 15-7076).

Staff Recommends: Approval of the Attached Resolution.

Explanation:

The 2007/2008 Wastewater System Master Plan identified the need to implement several capital improvement projects related to the continued assessment, renewal and replacement of the major components of the City's sewer collection system.

This project will replace a portion of an existing 16 inch sewer force main servicing Lift Station E-8.

Department of Public Utilities staff prepared the related contract technical specification and

drawings.

On June 7, 2016, the Department of Public Utilities staff advertised the project, soliciting for qualified construction services, and July 7, 2016 two (2) bid proposals were received at the Office of the City Clerk and were publicly opened at the Southern Regional Wastewater Plant with the following results:

NO.	BIDDER	BASE BID
1.	Sun Up Enterprises, Inc.	\$156,200.00
2.	Southern Underground Industries, Inc.	\$254,010.00

After thoroughly evaluating the bid proposals for compliance with the contract documents, Department of Public Utilities staff determined that the lowest bidder, Sun Up Enterprises, Inc., is the lowest responsible and responsive bidder.

A Notice of Intent to Award related to the project was posted on the City of Hollywood website, DemandStar, and was sent via email on July 19, 2016 to all the bidders, and the posting of the notice resulted in no apparent bid protestors.

The Administration recommends that the City Commission authorize the appropriate City Officials to execute the attached agreement between Sun Up Enterprises, Inc. and the City of Hollywood for the Lift Station E-8 Force Main Replacement with such nonmaterial changes as may be subsequently agreed to by the City Manager and approved as to form and legality by the City Attorney, in the amount of \$156,220.00.

Funding for the Gravity Sewer System Condition Assessment, Renewal and Replacement Program (Level 2) was included in the Capital Improvement Program for FY 2016 that was approved by the City Commission via Resolution No. R-2015-295 and is available in account number 42.4000.86873.536.006301.

The estimated time for completion of construction is 45 calendar days from the Notice to Proceed

Recommended for inclusion on the agenda by:

Dr. Wazir A. Ishmael, City Manager

Gus Zambrano, Assistant City Manager/Sustainable Development, Office of the City Manager

George Keller, Interim Director, Financial Services

Steve Joseph, Director, Public Utilities

Paul Bassar, Contract Compliance Officer, Office of the City Manager
