The School District of Palm Beach County awarded its bid for Video Surveillance Installation, Repair Service, Parts, Equipment and Related Items to ATCi Communications via Bid Number 16C-41W, which was procured by competitive bid and ATCi has agreed to provide these services to the City, under similar pricing, terms and conditions.

Section 38.40 (C)(5) of the Purchasing Ordinance allows the Director to procure, without following formal procedures, all goods and services which are subject of contracts with the state, its political subdivisions, the United States government, other governmental entities, or a corporation not for profit whose members are governmental entities, public officers, or any combination thereof, provided however, the goods and services are: (i) the subject of a price schedule negotiated by the state or the United States government, or (ii) the subject of a contract with another governmental entity or a corporation not for profit whose members are governmental entities, public officers, or any combination thereof, which contract is based strictly on competitive bids or competitive proposals and not on any preference.
