A Resolution Of The City Commission Of The City Of Hollywood, Florida, Authorizing The Appropriate City Officials To Execute The Attached Authorization To Proceed With Work Order No. EAC 18-01 With EAC Consulting, Inc., To Provide Professional Engineering Services For The 441 Corridor Septic-To-Sewer Conversion, In The Amount Of \$550,822.00; Approving An Amendment To The Fiscal Year 2018 Capital Improvement Program (Project No. 17-7087).

Staff Recommends: Approval of the attached Resolution

### Explanation:

Approximately 45% of the City's water customers are without sewer.

During the June 21, 2017, City Commission septic-to-sewer conversion workshop, the City Commission directed the Department of Public Utilities to provide sanitary sewer to the areas that are without sewer.

Department of Public Utilities staff determined the most efficient and economical way to

implement the septic-to-sewer conversion is in conjunction with the water main replacement program.

The 441 Corridor Septic-to-Sewer Conversion project corresponds to the Water Main Replacement Project No. 16-5137 (Hollywood Boulevard to Taft Street between State Road 7 and Florida's Turnpike and from Johnson Street to Taft Street between N. 56<sup>th</sup> Avenue and State Road 7) approved by the City Commission pursuant to Resolution No. R-2017-106.

The City requested a proposal from EAC Consulting, Inc. to provide professional engineering services for the design, permitting, and bidding phases for the proposed sewer system.

EAC Consulting, Inc. and the City of Hollywood have a Professional Services Agreement for General Engineering Consulting Services for water, sewer, reuse, and stormwater infrastructure projects, and this agreement was approved by the City Commission pursuant to Resolution No. R-2017-284 on September 20, 2017.

Administration recommends that the City Commission authorize the appropriate City Officials to execute the attached Authorization to Proceed for Work Order No. EAC 18-01 with EAC Consulting, Inc., in the amount of \$550,822.00.

It is necessary to amend the approved Fiscal Year 2018 Capital Improvements Program and allocate funding for the design in the amount of \$550,822.00 as set forth in the attached Exhibit A.

The tasks included in the proposal will be implemented in phases and the design services will be completed in approximately 13 months.

Recommended for inclusion on the agenda by:

Dr. Wazir A. Ishmael, City Manager

Gus Zambrano, ACM, Sustainable Development

Cintya Ramos, Director, Finance & Administration

Steve Joseph, Director, Public Utilities

Paul Bassar, Director of Procurement & Contract Compliance
