A Resolution Of The City Commission Of The City Of Hollywood, Florida, Authorizing The Appropriate City Officials To Execute The Attached Fourth Amendment To The Tower Siting License Agreement With T-Mobile South, LLC. For A Wireless Communications System At/On The Hollywood Water Tower - West At 2900 Sheridan Street.

Staff Recommends: Approval of the attached Resolution.

Explanation:

On July 23, 1997, the City of Hollywood and Omnipoint Communications Enterprises, Inc. ("Licensee") entered into a twenty-five year Tower Siting License Agreement ("Agreement") for location of a wireless communications system at/on the Hollywood Water Tower - West at 2900 Sheridan Street.

On October 6, 2008, the City and T-Mobile South LLC, as successor in interest to Omnipoint Communications Enterprises, Inc. ("Licensee"), entered into an Amendment to the Agreement providing for 150 square feet of additional ground space for location of a generator.

On December 19, 2012, the City and Licensee entered into a Third Amendment to the Agreement providing the right to modify its Antenna Facilities.

Pursuant to Section 5 of the existing lease agreement, T-Mobile is requesting to modify the existing wireless installation consisting of antenna & equipment swap/upgrade as described

in the building permit.

The City Attorney's Office and Information Technology Department have reviewed the requested changes and recommend approval.

No funding is required for this resolution.

Recommended for inclusion on the agenda by:

Raheem Seecharan, Director, Information Technology

Adam Reichbach, Assistant City Manager for Finance & Administration
