Explanation:

The Department of Public Utilities needs to purchase on-site cryogenic oxygen facility services to maintain and provide technical expertise for the operation of the Southern Regional Wastewater Treatment Plant ("SRWWTP") Cryogenics Oxygen Production Plant.

A formal solicitation process was completed in compliance with Section 38.43 of the Procurement Code. On January 19, 2023, Invitation for Bids (IFB) Number IFB-036-23-JJ was electronically advertised on OpenGov.com to solicit the desired contractors to provide on-site services and technical assistance at the SRWWTP's Cryogenic Oxygen Facility in accordance with the Section 38.43(A) of the Procurement Code.

The RFP resulted in a proposal from only one firm by the response due date:

Ranch Cryogenics, Inc., \$110,300.00

An additional \$50,000.00 was identified in the bid for parts and materials and was added to the initial estimate for a total not to exceed annual amount of \$160,300.00.
