The deteriorated supports, guide rails, and accessories for the existing four pumps in the lift station wetwell have reached their useful life cycle and need to be replaced.

The Department of Public Utilities staff prepared bid documents and advertised on February 1, 2016 for construction services, and on April 5, 2016, five (5) bid proposals were received and publicly opened at the Southern Regional Wastewater Treatment Plant with the following results:

No.	BIDDER	BASE BID
